**Eighth Annual National  
Conference hosted by  
Privacy & American Business  
and Privacy Council –  
Washington DC, USA,  
20-22 March 2002**

This year's conference will bring together four themes that business must focus on to successfully manage privacy in this new environment. They are: complying with new federal and state financial, health and consumer privacy laws; going beyond compliance and making privacy a competitive edge; managing privacy on a global level; and assessing Internet and online privacy requirements.

**International Symposium on  
FOI and privacy – Auckland,  
New Zealand, 28 March 2002**

The Office of the Privacy Commissioner of New Zealand is organising

an International Symposium. Many of the international speakers are official delegates to the 3rd Asia Pacific Forum on Privacy and Data Protection and the 31st Meeting of the International Working Group on Data Protection in Telecommunications. Among the conference topics are:

- The background and origins of laws and approaches to personal access, data protection and freedom of information.
- The inter-relationship between FOI and privacy laws
- Proactive dissemination of publicly held information
- Dispute resolution
- Special access regimes
- The future direction of FOI law.

## recruitment

S E R V I C E

### Do you need a data protection specialist?

Is your organisation thinking of recruiting an experienced person to deal with data protection, or to strengthen an existing team?

*Privacy Laws & Business* will help you select suitable candidates from our list of people looking for new jobs. Using our extensive international network has already proved to be more cost-efficient for companies than recruiting through agencies or the media.
