Ministry of Foreign Affairs.

Oslo, June 11, 1926.

Your Excellency,

In a letter dated May 26, 1926, following upon an exchange of views between yourself and the services of my Department, you were good enough to submit to me a proposal of your Government with a view to the conclusion of an Agreement between our two countries concerning the regime of certificates of origin, previously established by an Exchange of Notes between France and Norway on January 13 and 22 and March 17, 1902.

According to the terms of the proposed arrangement, the fee for a visa on certificates of origin charged by the consular authorities of our respective countries will be fixed at five francs gold parity, and no charge will be made on certificates of origin accompanying goods whose value does not exceed one hundred francs gold parity.

I have the honour to inform you that the Norwegian Government gives its consent to the arrangement you have been good enough to propose, the date for whose application might be fixed at June 15, 1926. Nevertheless, the Norwegian Government would learn with satisfaction that if France granted to any third country with which she has concluded a similar agreement any reduction in the fees in question, Norway should be given the benefit of such reduction, this clause being of course subject to reciprocity.

I have the honour to be, etc.,

To:

M. Osmin Laporte,
Minister of France,
etc., etc., etc.
