To M. Kalfoff, Bulgarian Minister for Foreign Affairs.

Sofia, August 9, 1925.

Your Excellency,

Being desirous of promoting the development of commercial relations between France and Bulgaria, the Government of the Republic proposes to open negotiations as soon as possible with a view to the conclusion of a commercial convention between the two countries.

Pending the conclusion of such an agreement, French trade might benefit by any reductions which may later be made in the Bulgarian uniform tariff.

It is hoped that under these circumstances the Bulgarian Government will give favourable consideration to any requests which may be submitted to it, particularly in respect of the admission of French wines and spirits, of thoroughbred animals used for breeding purposes and of seeds.

Should Your Excellency agree to the measures suggested above, the French Government for its part will immediately take the necessary steps to admit the following Bulgarian products at the minimum tariff:

Cereals.
Bran.
Eggs.
Goat skins and kid skins.
Peas and lentils.
Beans.
Tobacco.
Grain Aniseed.
Poultry.
Copper and nickel.
Attar of roses.
