Article II.

Furthermore, the Estonian Government, without prejudice to the provisions of the Additional Agreement of April 27, 1933, or to the above provisions, shall grant an additional reduction of 33% on the amount of the Customs duties shown in Annex A, Part 1 and Part 2, of the said Agreement.

Article III.

In application of the provisions of Article II of the Decree of August 1, 1931, as supplemented and amended by Articles 2 and 3 of the Decree of December 9, 1931, concerning the surtax in compensation of exchange differences, the said surtax shall be abolished by the French Government as from the date of the coming into force of the present Rider in so far as concerns Estonian imports into France and into French colonies on the same footing for Customs purposes as the home country.

Furthermore, having regard to the fact that the Estonian currency is to the French currency at the present time as 440 to 100 (1 crown = Fr. 4.40), the two Governments agree not to subject their respective imports to the operation of the surtax in compensation of exchange differences, for such time as the relation between the two currencies remains unchanged. These provisions shall also apply if the relation between the two currencies is altered by reason of a fall in the value of the one or the other, provided the alteration does not exceed 20 per cent.

It is understood that, should this proportion be exceeded, or should the goods of one country be subjected to a compensatory surtax on import into the other country, this provision will be extended subject to the same conditions to the goods of all countries which are in the same position in respect of their currency.

Article IV.

The present Additional Agreement shall come into force three days after its ratification by the Estonian Government has been notified to the French Government.

Although this Act constitutes an Addition to the Agreement of March 15, 1929, it may be denounced independently of the latter on three months' notice being given.

In faith whereof the undersigned Plenipotentiaries duly authorised for the purpose have signed the present Additional Agreement and have thereto affixed their seals.

Done at Paris in duplicate July 27, 1933.
