to this Agreement should refrain from measures which could appreciably affect the silver market;

"(b) That the Governments parties to this Conference shall refrain from new legislative measures which would involve further debasement of their silver coinage below a fineness of 800/1000;

"(c) That they shall substitute silver coins for low-value paper currency in so far as the budgetary and local conditions of each country will permit;

"(d) That all of the provisions of this resolution are subject to the following exceptions and limitations:

"The requirements of such provisions shall lapse on April 1st, 1934, if the Agreement recommended in paragraph (a) does not come into force by that date, and in no case shall extend beyond January 1st, 1938;

"Governments may take any action relative to their silver coinage that they may deem necessary to prevent the flight or destruction of their silver coinage by reason of a rise in the bullion price of the silver content of their coin above the nominal or parity value of such silver coin ", and,

Whereas, the Governments of India and Spain may desire to sell certain portions of their silver holdings, and it will be to their advantage that the countries which are large producers of silver should absorb silver as herein provided, to offset such sales, and,

Whereas, it is to the advantage of the large producing countries named in Article 2 that the sales of silver from monetary stocks be limited as herein provided, and,

Whereas, it is to the advantage of China that sales from monetary stocks of silver be offset by purchases as herein provided, with a view to its effective stabilisation;

Now, therefore, it is agreed between the Parties hereto:

(1) (a) That the Government of India shall not dispose by sale of more than one hundred and forty million fine ounces of silver during a period of four years, commencing with January 1st, 1934. The disposals during each calendar year of the said four-year period shall be based on an average of thirty-five million fine ounces per year, it being understood, however, that if, in any year, the Government of India shall not dispose of thirty-five million fine ounces, the difference between the amount actually disposed of and thirty-five million fine ounces may be added as additional disposals in subsequent

(Formal instrument deposited on May 8th, 1934.)

By the unanimous consent of the Parties to the Agreement, the time within which the instruments of ratification might be deposited, or the notice that affirmative action necessary to carry out the purposes of the Agreement had been taken might be given, was extended to May 1st, 1934. By April 24th, 1934, the signatory Governments had either deposited their instruments of ratification with the Government of the United States or had notified that Government that affirmative action necessary to carry out the purposes of the Agreement had been taken.

The Agreement therefore became effective on April 24th, 1934.
years. Provided, further, that the maximum amount disposed of in any year shall be limited to fifty million fine ounces;

(b) Notwithstanding anything previously stated in this Article, it is understood that if the Government of India should, after the date of this Agreement, sell silver to any Government for the purpose of transfer to the United States Government in payment of war debts, such silver shall be excluded from the scope of this Agreement;

(c) Provided, however, that, when the total of the dispositions referred to in paragraph (a) above plus the sales referred to in paragraph (b) above by the Government of India under this Agreement shall amount to one hundred and seventy-five million fine ounces, the obligation of the Parties hereto shall cease.

(2) That the Governments of Australia, Canada, the United States, Mexico and Peru, during the existence of this Agreement, shall not sell any silver, and shall also in the aggregate purchase, or otherwise arrange for withdrawing from the market, thirty-five million fine ounces of silver from the mine production of such countries in each calendar year for a period of four years, commencing with the calendar year 1934. The said Governments undertake to settle by agreement the share in the said thirty-five million fine ounces which each of them shall purchase or cause to be withdrawn.

(3) That the silver purchased or withdrawn in accordance with Article 2 above shall be used for currency purposes (either for coinage or for currency reserves), or be otherwise retained from sale during said period of four years.

(4) That the Government of China shall not sell silver resulting from demonetised coins for a period of four calendar years commencing January 1st, 1934.

(5) That the Government of Spain shall not dispose by sale of more than twenty million fine ounces of silver during a period of four years commencing January 1st, 1934. The dispositions during each calendar year of the said four-year period shall be based on an average of five million fine ounces per year; it being understood, however, that, if in any year the Government of Spain shall not dispose of five million fine ounces, the difference between the amount actually disposed of and five million fine ounces may be added as additional dispositions in subsequent years; provided, further, that the maximum amount disposed of in any year shall be limited to seven million fine ounces.

(6) That the Governments concerned will exchange all such information as may be necessary with regard to the measures to fulfil the provisions of this Memorandum of Agreement.

(7) That it is understood that, subject to the provisions of Article 8, the undertakings of each Party to the present Memorandum of Agreement are conditional upon the fulfilment of the undertakings of every other Party thereto.

(8) That this Memorandum of Agreement is subject to ratification by the Governments concerned. The instruments of ratification shall be deposited not later than April 1st, 1934, with the Government of the United States. It shall come into force as soon as the ratifications of all the Governments concerned are received, provided that all the ratifications are received before April 1st, 1934. A notice by any Government that the affirmative action necessary to carry out the purposes of this Agreement has been taken will be accepted as an instrument of ratification. Nevertheless, if one or more of the Governments enumerated in Article 2 fail to ratify by April 1st, 1934, the Agreement shall come into force at that date if the other Governments mentioned in
