2 Effectives à partir du 1er juillet 1934.
2. Each country shall communicate to the other a list of the commissions which it may collect and the public shall pay for that service. These commissions shall be paid in advance at the office of issue and shall not be refunded.

3. The country of origin shall keep the fees which it receives for the orders it issues but shall allow to the country of payment a commission of 1/2 of 1 per cent on the total value of the orders it certifies.

**Article IX.**

**How Payment is effected.**

1. As soon as a list arrives at the exchange office of destination, that office shall issue the orders according to the amounts specified in the list in favor of the payees and remit them free of postage to the respective addressees or the offices of destination, in conformity with the regulation in force in each country for the payment of postal money orders.

2. When the list contains irregularities which cannot be corrected at the receiving exchange office that office shall ask for explanations with the least possible delay; and in the meantime the issue of inland money orders corresponding to these entries shall be suspended until the explanations are received.

3. One copy of each exchange list shall be returned by the receiving exchange office to the dispatching office, but before returning such copy the receiving office shall enter therein the names of the respective offices of payment of the orders enumerated in the lists.

4. The Postal Administration of Lithuania shall furnish to that of the United States a statement of the rates it has fixed for the conversion of dollars into litas for the payment of orders, and likewise of those it has fixed for the conversion of litas into dollars in the issue of money orders.

1. The orders issued in each country on the other shall be subject as regard payment to the regulations which govern payment of domestic money orders in the country on which they are drawn, those issued in the United States being paid in Lithuania at the rate of conversion prevailing on the date of payment. In the event of wrong payment, if complaint is made within one year from the date of issue of the order, the paying Administration shall indemnify the true payee, or reimburse the remitter, unless it be shown that the error in payment was due to insufficient address of the payee as given by the remitter or by the dispatching Administration. In such event the responsibility devolves upon the sender or the issuing Administration, as the case may be, provided an endeavor by the paying Administration, which shall be made in each case to recover the money from the person to whom it has been wrongly paid, should prove unsuccessful.

2. The paid orders shall remain in the possession of the country of payment.

**Article XI.**

**Corrections and Repayments.**

1. Requests for correction of errors or for repayment of orders must be addressed by the remitter to the Postal Administration of the country in which the order was issued.

2. Repayment shall be effected by the country of issue only after authorisation received from the country of destination; that country shall authorize repayment immediately if the payee refuses to accept payment. The amount repaid must be placed to credit of the issuing Administration in the monthly account. (Article XV.)

3. Each Administration shall determine the course to be pursued in repayment to the remitter.
Article XIII.

Void Orders.

Orders which have not been paid within six calendar months from the month of issue shall become void, and the sums received shall accrue to, and be at the disposal of, the country of origin. The period of validity may, however, be modified by correspondence.

Lists of Void Orders — How Rendered.

1. At the end of each month the Minister of Communications shall prepare and send to the Third Assistant Postmaster General, Division of Money Orders, at Washington a detailed statement of all orders of United States issue which, under the terms of the preceding Article, have become void and reverted to the country of origin.

2. On the other hand, the Post Office Department of the United States at the end of each month shall send to the Minister of Communications of Lithuania a list of the postal money orders issued in that country for payment in the United States which have become void.

3. All void orders shall be entered in the monthly account to the credit of the country of issue.

Article XV.

2. Two copies of that account shall be transmitted to the Post Office Department of the United States at Washington. If, after proper verification, the balance, which must always be expressed in the money of the United States, is found to be in favor of Lithuania, it shall be paid in United States money by depositing the sum to the credit of the Lithuanian Administration in any designated bank in New York; if, on the other hand, the balance be found to be against Lithuania, it shall be carried forward to the next month.

3. Payments may also be made in cash or by means of bills of exchange drawn on places other than New York by mutual agreement between the two Administrations.

Article XVI.

Remittances on Account.

Pending the settlement of a monthly account, the Post Office Department at Washington, for the present, shall make to the Minister of Communications of Lithuania in the manner set forth in the preceding Article weekly payments of approximately 95 per cent of the amount certified by the New York exchange office in the money-order advice lists dispatched to Kaunas. of America, after having been signed, shall take effect on the first day of the month of July 1934 and shall continue in force together with the unchanged Articles of the Money Order Convention of 1923 until six months after either Administration shall have notified the other of its desire to terminate it.
