No 3738
EXCHANGES OF NOTES.

NANKING, September 2nd, 1933.

Your Excellency,

The Chinese Government has recently increased the import duties of the Customs tariff on coal, including Indo-Chinese anthracite.

I venture to remind you that in the course of our recent conversations it was understood that anthracite coal coming from Indo-China — on the definition of which we agreed — would be entered in List B provided for in the Convention of May 16th, 1930, and that the duty to be levied on the importation of this article would not be greater than that of the tariff in force in 1932, namely C. G. U. 0.89 per ton.

You will realise that an increase in the said tariff would be likely to hamper most seriously the progress of the present negotiations, and that it would be difficult for us to reach the agreement desired by our two Governments on Lists A and B.

In these circumstances, I have the honour to request you to confirm that when the agreement on the two lists has been signed, and on the date of the putting into force of the Convention, the import duty on anthracite coal, i.e. on coal with a fuel ratio of 5 or over, will not exceed C. G. U. 0.89 per ton.

I have the honour to be, etc.

(Signed) Wilden.

His Excellency Monsieur Wang Ching-wei,
Minister for Foreign Affairs,
Nanking.

NANKING, September 5th, 1933.

MONSIEUR LE MINISTRE,

I have the honour to acknowledge receipt of your letter dated September 2nd, 1933, concerning the import duties on anthracite coal.

In reply, I have the honour to inform you that when the agreement on the two lists at present under negotiation has been signed, and on the date of the putting into force of the Convention, the duty on the importation of anthracite coal, i.e. of coal with a fuel ratio of 5 or over, will not exceed C. G. U. 0.89 per ton.

I have the honour to be, etc.

(Signed) Wang Ching-wei.

His Excellency Monsieur A. Wilden,
Minister Plenipotentiary and Envoy Extraordinary
of the French Republic in China,
Nanking.

NANKING, May 4th, 1935.

MONSIEUR LE MINISTRE,

In the course of the conversations which led to the drawing up of Lists A and B provided for in Annex I of the Convention of May 16th, 1930, it was understood that the tariff applicable to the first five articles of List B would not be that of 1929 but would be the Chinese National Tariff at present in force.

I should be grateful if you would confirm your agreement on this point.

I have the honour to be, etc.

(Signed) Wang Ching-wei.

His Excellency Monsieur A. Wilden,
Minister Plenipotentiary and Envoy Extraordinary
of the French Republic in China,
