**Article 6.**

A Commission consisting of representatives of both Parties shall be set up to prepare and co-ordinate the plans for the anti-locust campaign, to fix the dates for the action required under Article 2 and the methods referred to in Article 3, to get into touch, to propose measures for carrying out these plans, to see how they are progressing and what results are achieved, and to confer on other questions connected with these measures.

The Commission's proposals shall be carried out, after being approved by the competent authorities. The date and place of the Commission's meetings shall be fixed by common agreement; it shall hold at least two sessions a year.
