MONSIEUR LE CHARGÉ D’AFFAIRES,

As the outcome of the discussion between the delegates of our two countries with a view to measures for the application of the circular issued by the Ministry of Finance of Belgium, Customs and Excise Administration, No. 100,000, of December 1st, 1937, I have the honour to notify you of the Belgian Government’s agreement as to the Provisional Arrangement to be concluded between the Belgian Government and the Netherlands Government concerning the circulation in Belgium of motor vehicles registered in the Netherlands and the circulation in the Netherlands of motor vehicles registered in Belgium.

The Belgian Government shall *mutatis mutandis* accord Netherlands vehicles the benefit of provisions identical to those contained in the Franco-Belgian Convention of July 16th, 1935, on the same subject.

It is understood that the Netherlands Government shall grant the corresponding advantages to Belgian vehicles.

The Belgian frontier zone shall have a theoretical width of 10 kilometres, but in order to facilitate relations between the two countries, it has been agreed that it should include certain built-up areas of special importance; the attached list enumerates all the communes forming part of the zone thus established.

The Netherlands zone shall, if necessary, be determined on the same principle.

With regard to the remunerated transport of goods, the Belgian Government desires to point out that Netherlands undertakings have, as regards the issue of transport permits, been placed

With reference to your communication of December 31st, 1937, Directorate General C., Section 2, Bureau 5, No. 69123/P.B./6, I have the honour to inform you that, as regards the issue of transport permits in Belgium, I have noted that Netherlands undertakings have been placed on the same footing as Belgian undertakings and will continue to be so, subject to reciprocity in regard to Belgian undertakings in the Netherlands.

BRUSSELS, March 24th, 1938.

MONSIEUR LE MINISTRE,

With reference to the Legation's letter of February 4th last, No. 462, I have the honour to inform Your Excellency that the Belgian Government has deemed it necessary to make certain slight changes in the area of the frontier zone as determined for purposes of the application of the Belgo-Netherlands Agreement of December 31st, 1937, concerning motor traffic.

It has been decided to add the following communes to the list of those forming part of the said zone:

Province of Liège:
Chaudfontaine,
Embourg,
Magnée,
Romée and Vaux-sous-Chèvremont.

It has also been noted that, as the result of a copying error, the list of localities in the Province of Limburg included in the said frontier zone mentions the commune of Baisheers — situated 30 km.
from the frontier — by mistake for the commune of Bassenge, situated 3 km. from the Belgo-Netherlands frontier.

I should be grateful if Your Excellency would be so good as to bring these changes to the notice of the Netherlands authorities responsible for the application of this Agreement.

I have the honour to be, etc.

For the Minister:
M. Costermans,
Director-General.

His Excellency Baron van Harinxma thoé Slooten,
Minister of the Netherlands,
Brussels.
