AND ITALY

Commercial Convention, with Annex. Signed
at Rome, June 30th, 1937.

French official text communicated by the Belgian Minister for Foreign Affairs.
The registration took place July 6th, 1939.

The Belgian Government, of the one part, acting both on its own behalf and on behalf of the Luxemburg Government in virtue of existing agreements, and the Italian Government, of the other part, desirous of promoting commercial exchanges between the Economic Union of Belgium and Luxemburg and Italy, have agreed upon the following provisions:

Article 1.

Italy and the Economic Union shall admit under their respective standing tariffs the maximum possible amount of imports of goods originating in, and coming from, their respective territories, having regard to the habitual trend of commercial exchanges between the said territories.

Article 2.

Payment for claims arising in connection with goods transactions between Italy and the Economic Union shall be made in accordance with the provisions of the Payments Convention ¹ of today's date concluded between the Italian and Belgian Governments.

Article 3.

For such time as the present Convention is in force, the Italian goods enumerated in the Single List annexed hereto shall be dutiable on import into the Economic Union at the import duty rates indicated in the List.

Article 4.

In order to facilitate the enforcement of the provisions of the present Convention, import into the Economic Union of Italian goods shall be subject to the production of a duplicate of the invoice, attested by the Italian authorities qualified for the purpose. The duplicate must be certified as accurate by the vendor, and must state the name and domicile both of the vendor and of the purchaser, the date on which payment is due and other terms of payment, and must further contain a declaration, dated and signed, by which the purchaser undertakes to make payment to the Banque Nationale de Belgique for the goods imported on or before the due date.

In like manner, import into Italy of goods from Belgium and/or Luxemburg shall be subject to the production of a duplicate of the invoice, together with a copy for the Customs, attested by the Belgo-Luxemburg Clearing Office. The duplicate shall be used for the purpose of payment for Belgian and/or Luxemburg goods to the Istituto Nazionale per i Cambi con l'Estero.

Article 5.

The two Contracting Parties, desirous of maintaining the principles of balanced trade for which the present Convention provides, shall set up for the purpose a Committee composed of their respective representatives. The names of the said representatives shall be notified by each Party to the other as soon as possible.

The Committee shall meet in the ordinary course every six months, and shall further meet at the request of either Contracting Party within one month of the date of such request.

¹ Vol. CLXXXII, page 105, of this Series.
**Article 6.**

The transactions to which the provisions of the present Convention are applicable are transactions between Italy and the Economic Union of Belgium and Luxemburg in goods which are of Italian, Belgian or Luxemburg origin and provenance.

If not denounced two months before its expiry, it shall be renewed by tacit consent for six months, and thereafter for successive periods of six months until such time as one or other of the two Contracting Parties signifies its desire for the termination of the same on the expiry of such a period.

Done at Rome, in duplicate, this 30th day of June, 1937.
