AN ACT

to make new provision for the regulation of the processing of information relating to individuals, including the obtaining, holding, use or disclosure of such information.

PART 1

PRELIMINARY

1 Basic interpretative provisions

(1) In this Act-

'data' means information which-

- (a) is being processed by means of equipment operating automatically in response to instructions given for that purpose,
- (b) is recorded with the intention that it should be processed by means of such equipment,
- (c) is recorded as part of a relevant filing system or with the intention that it should form part of a relevant filing system, or
- (d) does not fall within paragraph (a), (b) or (c) but forms part of an accessible record;

'data controller' means, subject to subsection (4), a person who (either alone or jointly or in common with other persons) determines the purposes for which and the manner in which any personal data are, or are to be, processed;

'data processor', in relation to personal data, means any person (other than an employee of the data controller) who processes the data on behalf of the data controller;

'data subject' means an individual who is the subject of personal data;

'personal data' means data which relate to a living individual who can be identified-

- (a) from those data, or
- (b) from those data and other information which is in the possession of, or is likely to come into the possession of, the data controller,

and includes any expression of opinion about the individual and any indication of the intentions of the data controller or any other person in respect of the individual;

'processing', in relation to information or data, means obtaining, recording or holding the information or data or carrying out any operation or set of operations on the information or data, including-

- (a) organisation, adaptation or alteration of the information or data,
- (b) retrieval, consultation or use of the information or data,
- (c) disclosure of the information or data by transmission, dissemination or otherwise making available, or
- (d) alignment, combination, blocking, erasure or destruction of the information or data;

'relevant filing system' means any set of information relating to individuals to the extent that, although the information is not processed by means of equipment operating automatically in response to instructions given for that purpose, the set is structured, either by reference to individuals or by reference to criteria relating to individuals, in such a way

that specific information relating to a particular individual is readily accessible;

'sensitive personal data' means personal data consisting of information as to-

- (a) the racial or ethnic origin of the data subject,
- (b) his political opinions,
- (c) his religious beliefs or other beliefs of a similar nature,
- (d) whether he is a member of a trade union (within the meaning of the Trade Unions Act 1991),
- (e) his physical or mental health or condition,
- (f) his sexual life,
- (g) the commission or alleged commission by him of any offence, or
- (h) any proceedings for any offence committed or alleged to have been committed by him, the disposal of such proceedings or the sentence of any court in such proceedings;

'the special purposes' means any one or more of the following-

- (a) the purposes of journalism,
- (b) artistic purposes, and
- (c) literary purposes.

(2) In this Act-

- (a) **'obtaining'** or **'recording'**, in relation to personal data, includes obtaining or recording the information to be contained in the data, and
- (b) **'using'** or **'disclosing'**, in relation to personal data, includes using or disclosing the information contained in the data.

(3) In determining for the purposes of this Act whether any information is recorded with the intention-

- (a) that it should be processed by means of equipment operating automatically in response to instructions given for that purpose, or
- (b) that it should form part of a relevant filing system,

it is immaterial that it is intended to be so processed or to form part of such a system only after being transferred to a country or territory outside the Island.

(4) Where personal data are processed only for purposes for which they are required by or under any enactment to be processed, the person on whom the obligation to process the data is imposed by or under that enactment is for the purposes of this Act the data controller.

2 The data protection principles

] (1) References in this Act to the data protection principles are to the principles set out in

Part 1 of Schedule 1.

(2) Those principles are to be interpreted in accordance with Part 2 of Schedule 1.

(3) Schedule 2 (which applies to all personal data) and Schedule 3 (which applies only to sensitive personal data) set out conditions applying for the purposes of the first principle (fair and lawful processing); and Schedule 4 sets out cases in which the eighth principle does not apply.

(4) Subject to section 23(1), it is the duty of a data controller to comply with the data protection principles in relation to all personal data with respect to which he is the data controller.

3 Application of Act

(1) Except as otherwise provided by or under section 49, this Act applies to a data controller in respect of any data only if-

- (a) the data controller is established in the Island and the data are processed in the context of that establishment, or
- (b) the data controller is not established in the Island but uses equipment in the Island for processing the data otherwise than for the purposes of transit through the Island.

(2) A data controller falling within subsection (1)(b) must nominate for the purposes of this Act a representative established in the Island.

(3) For the purposes of subsections (1) and (2), each of the following is to be treated as established in the Island-

- (a) an individual who is ordinarily resident in the Island,
- (b) a body incorporated under the law of the Island,
- (c) a partnership or other unincorporated association formed under the law of the Island, and
- (d) any person who does not fall within paragraph (a), (b) or (c) but maintains in the Island-
 - (i) an office, branch or agency through which he carries on any activity, or
 - (ii) a regular practice.

4 The Supervisor and the Tribunal

(1) The office of Isle of Man Data Protection Registrar established by section 3(1) of the Data Protection Act 1986 shall continue to exist for the purposes of this Act but is renamed the office of Isle of Man Data Protection Supervisor, and in this Act the Isle of Man Data Protection Supervisor is referred to as 'the Supervisor'.

(2) The Supervisor shall be appointed by the Governor in Council.

(3) For the purposes of this Act there shall continue to be an Isle of Man Data Protection

Tribunal (in this Act referred to as 'the Tribunal').

(4) The Tribunal shall consist of a chairman, a deputy chairman and not less than one and not more than 3 other members, appointed in accordance with the Tribunals Act 2006.

[Subs (4) amended by Tribunals Act 2006 Sch 3.]

(5)

[Subs (5) repealed by Tribunals Act 2006 Sch 3.]

(6) Schedule 5 has effect in relation to the Supervisor and the Tribunal.

PART 2 RIGHTS OF DATA SUBJECTS AND OTHERS

5 Right of access to personal data

(1) Subject to the following provisions of this section and to sections 6 and 7, an individual is entitled-

- (a) to be informed by any data controller whether personal data of which that individual is the data subject are being processed by or on behalf of that data controller,
- (b) if that is the case, to be given by the data controller a description of-
 - (i) the personal data of which that individual is the data subject,
 - (ii) the purposes for which they are being or are to be processed, and
 - (iii) the recipients or classes of recipients to whom they are or maybe disclosed,
- (c) to have communicated to him in an intelligible form-
 - (i) the information constituting any personal data of which that individual is the data subject, and
 - (ii) any information available to the data controller as to the source of those data, and
- (d) where the processing by automatic means of personal data of which that individual is the data subject for the purpose of evaluating matters relating to him such as, for example, his performance at work, his creditworthiness, his reliability or his conduct, has constituted or is likely to constitute the sole basis for any decision significantly affecting him, to be informed by the data controller of the logic involved in that decision-taking.

(2) A data controller is not obliged to supply any information under subsection (1) unless he has received-

- (a) a request in writing, and
- (b) except in prescribed cases, such fee (not exceeding the prescribed maximum) as he may require.

(3) Where a data controller-

- (a) reasonably requires further information in order to satisfy himself as to the identity of the person making a request under this section and to locate the information which that person seeks, and
- (b) has informed him of that requirement,

the data controller is not obliged to comply with the request unless he is supplied with that further information.

(4) Where a data controller cannot comply with the request without disclosing information relating to another individual who can be identified from that information, he is not obliged to comply with the request unless-

- (a) the other individual has consented to the disclosure of the information to the person making the request, or
- (b) it is reasonable in all the circumstances to comply with the request without the consent of the other individual.

(5) In subsection (4) the reference to information relating to another individual includes a reference to information identifying that individual as the source of the information sought by the request; and that subsection is not to be construed as excusing a data controller from communicating so much of the information sought by the request as can be communicated without disclosing the identity of the other individual concerned, whether by the omission of names or other identifying particulars or otherwise.

(6) In determining for the purposes of subsection (4)(b) whether it is reasonable in all the circumstances to comply with the request without the consent of the other individual concerned, regard shall be had, in particular, to-

- (a) any duty of confidentiality owed to the other individual,
- (b) any steps taken by the data controller with a view to seeking the consent of the other individual,
- (c) whether the other individual is capable of giving consent, and
- (d) any express refusal of consent by the other individual.

(7) An individual making a request under this section may, in such cases as may be prescribed, specify that his request is limited to personal data of any prescribed description.

(8) Subject to subsection (4), a data controller shall comply with a request under this section promptly and in any event before the end of the prescribed period beginning with the relevant day.

(9) If the High Court is satisfied on the application of any person who has made a request under this section that the data controller in question has failed to comply with the request in contravention of those provisions, the court may-

- (a) order him to comply with the request; and
- (b) if the court is satisfied that the failure was unjustified and that the data controller knew or ought to have known that it was unjustified, impose on him a penalty of

such amount (not exceeding £5,000) as the court thinks fit.

(10) For the purpose of determining any question whether an applicant under subsection (9) is entitled to the information which he seeks (including any question whether any relevant data are exempt from that section by virtue of Part 4) the High Court may require-

- (a) the information constituting any data processed by or on behalf of the data controller, and
- (b) any information as to the logic involved in any decision-taking as mentioned in subsection (1)(d),

to be made available for its own inspection but shall not, pending the determination of that question in the applicant's favour, require the information sought by the applicant to be disclosed to him or his representatives whether by discovery or otherwise.

(11) A penalty imposed under subsection (9)(b) shall be applicable as a fine imposed by a criminal court.

(12) In this section-

'prescribed' means prescribed by the Council of Ministers by regulations;

'the prescribed maximum' means such amount as may be prescribed;

'the prescribed period' means 40 days or such other period as may be prescribed;

'the relevant day', in relation to a request under this section, means the day on which the data controller receives the request or, if later, the first day on which the data controller has both the required fee and the information referred to in subsection (3).

6 Provisions supplementary to section 5

(1) The Council of Ministers may by regulations provide that, in such cases as may be prescribed, a request for information under any provision of subsection (1) of section 5 is to be treated as extending also to information under other provisions of that subsection.

(2) The obligation imposed by section 5(1)(c)(i) must be complied with by supplying the data subject with a copy of the information in permanent form unless-

- (a) the supply of such a copy is not possible or would involve disproportionate effort, or
- (b) the data subject agrees otherwise;

and where any of the information referred to in section 5(1)(c)(i) is expressed in terms which are not intelligible without explanation the copy must be accompanied by an explanation of those terms.

(3) Where a data controller has previously complied with a request made under section 5 by an individual, the data controller is not obliged to comply with a subsequent identical or similar request under that section by that individual unless a reasonable interval has elapsed between compliance with the previous request and the making of the current request.

(4) In determining for the purposes of subsection (3) whether requests under section 5 are made at reasonable intervals, regard shall be had to the nature of the data, the purpose

for which the data are processed and the frequency with which the data are altered.

(5) Section 5(1)(d) is not to be regarded as requiring the provision of information as to the logic involved in any decision-taking if, and to the extent that, the information constitutes a trade secret.

(6) The information to be supplied pursuant to a request under section 5 must be supplied by reference to the data in question at the time when the request is received, except that it may take account of any amendment or deletion made between that time and the time when the information is supplied, being an amendment or deletion that would have been made regardless of the receipt of the request.

(7) For the purposes of section 5(4) and (5) another individual can be identified from the information being disclosed if he can be identified from that information, or from that and any other information which, in the reasonable belief of the data controller, is likely to be in, or to come into, the possession of the data subject making the request.

7 Application of section 5: credit reference agencies

(1) Where the data controller is a credit reference agency, section 5 has effect subject to the provisions of this section.

(2) An individual making a request under section 5 may limit his request to personal data relevant to his financial standing, and shall be taken to have so limited his request unless the request shows a contrary intention.

(3) Where the data controller receives a request under section 5 in a case where personal data of which the individual making the request is the data subject are being processed by or on behalf of the data controller, the obligation to supply information under that section includes an obligation to give the individual making the request a statement, in such form as may be prescribed by the Council of Ministers by regulations, of such of the individual's rights under this Act as are specified in the form.

8 Right to prevent processing likely to cause damage or distress

(1) Subject to subsection (2), an individual is entitled at any time by notice in writing to a data controller to require the data controller at the end of such period as is reasonable in the circumstances to cease, or not to begin, processing, or processing for a specified purpose or in a specified manner, any personal data in respect of which he is the data subject, on the ground that, for specified reasons-

(a) the processing of those data or their processing for that purpose or in that manner is causing or is likely to cause substantial damage or substantial distress to him or to another, and

(b) that damage or distress is or would be unwarranted.

(2) Subsection (1) does not apply-

(a) in a case where any of the conditions in paragraphs 1 to 4 of Schedule 2 is met, or

(b) in such other cases as may be prescribed by the Council of Ministers by order.

(3) The data controller must within 21 days of receiving a notice under subsection (1) ('the

data subject notice') give the individual who gave it a written notice-

- (a) stating that he has complied or intends to comply with the data subject notice, or
- (b) stating his reasons for regarding the data subject notice as to any extent unjustified and the extent (if any) to which he has complied or intends to comply with it.

(4) If the High Court is satisfied, on the application of any person who has given a notice under subsection (1) which appears to the court to be justified (or to be justified to any extent), that the data controller in question has failed to comply with the notice, the court may order him to take such steps for complying with the notice (or for complying with it to that extent) as the court thinks fit.

(5) The failure by a data subject to exercise the right conferred by subsection (1) or section 9(1) does not affect any other right conferred on him by this Part.

9 Right to prevent processing for purposes of direct marketing

(1) An individual is entitled at any time by notice in writing to a data controller to require the data controller at the end of such period as is reasonable in the circumstances to cease, or not to begin, processing for the purposes of direct marketing personal data in respect of which he is the data subject.

(2) If the High Court is satisfied, on the application of any person who has given a notice under subsection (1), that the data controller has failed to comply with the notice, the court may order him to take such steps for complying with the notice as the court thinks fit.

(3) In this section 'direct marketing' means the communication (by whatever means) of any advertising or marketing material which is directed to particular individuals.

10 Rights in relation to automated decision-taking

(1) An individual is entitled at any time, by notice in writing to any data controller, to require the data controller to ensure that no decision taken by or on behalf of the data controller which significantly affects that individual is based solely on the processing by automatic means of personal data in respect of which that individual is the data subject for the purpose of evaluating matters relating to him such as, for example, his performance at work, his creditworthiness, his reliability or his conduct.

(2) Where, in a case where no notice under subsection (1) has effect, a decision which significantly affects an individual is based solely on such processing as is mentioned in subsection (1)-

- (a) the data controller must as soon as reasonably practicable notify the individual that the decision was taken on that basis, and
- (b) the individual is entitled, within 21 days of receiving that notification from the data controller, by notice in writing to require the data controller to reconsider the decision or to take a new decision otherwise than on that basis.

(3) The data controller must, within 21 days of receiving a notice under subsection (2)(b) ('the data subject notice') give the individual a written notice specifying the steps that he intends to take to comply with the data subject notice.

(4) A notice under subsection (1) does not have effect in relation to an exempt decision; and nothing in subsection (2) applies to an exempt decision.

(5) In subsection (4) 'exempt decision' means any decision-

- (a) in respect of which the conditions in subsections (6) and (7) are met, or
- (b) which is made in such other circumstances as may be prescribed by the Council of Ministers by order.

(6) The condition in this subsection is that the decision-

- (a) is taken in the course of steps taken-
 - (i) for the purpose of considering whether to enter into a contract with the data subject,
 - (ii) with a view to entering into such a contract, or
 - (iii) in the course of performing such a contract, or
- (b) is authorised or required by or under any enactment.

(7) The condition in this subsection is that either-

- (a) the effect of the decision is to grant a request of the data subject, or
- (b) steps have been taken to safeguard the legitimate interests of the data subject (for example, by allowing him to make representations).

(8) If the High Court is satisfied on the application of a data subject that a person taking a decision in respect of him ('the responsible person') has failed to comply with subsection (1) or (2)(b), the court may order the responsible person to reconsider the decision, or to take a new decision which is not based solely on such processing as is mentioned in subsection (1).

(9) An order under subsection (8) shall not affect the rights of any person other than the data subject and the responsible person.

11 Compensation for failure to comply with certain requirements

(1) An individual who suffers damage by reason of any contravention by a data controller of any of the requirements of this Act is entitled to compensation from the data controller for that damage.

(2) An individual who suffers distress by reason of any contravention by a data controller of any of the requirements of this Act is entitled to compensation from the data controller for that distress if-

- (a) the individual also suffers damage by reason of the contravention, or
- (b) the contravention relates to the processing of personal data for the special purposes, or
- (c) the contravention consists of a failure to comply with a request under section 5 in

the circumstances specified in section 5(9)(b).

(3) In proceedings brought against a person by virtue of this section it is a defence to prove that he had taken such care as in all the circumstances was reasonably required to comply with the requirement concerned.

12 Rectification, blocking, erasure and destruction

(1) If the High Court is satisfied on the application of a data subject that personal data of which the applicant is the subject are inaccurate, the court may order the data controller to rectify, block, erase or destroy those data and any other personal data in respect of which he is the data controller and which contain an expression of opinion which appears to the court to be based on the inaccurate data.

(2) Subsection (1) applies whether or not the data accurately record information received or obtained by the data controller from the data subject or a third party but where the data accurately record such information, then-

- (a) if the requirements mentioned in paragraph 15 of Schedule 1 have been complied with, the High Court may, instead of making an order under subsection (1), make an order requiring the data to be supplemented by such statement of the true facts relating to the matters dealt with by the data as the court may approve, and
- (b) if all or any of those requirements have not been complied with, the High Court may, instead of making an order under that subsection, make such order as it thinks fit for securing compliance with those requirements with or without a further order requiring the data to be supplemented by such a statement as is mentioned in paragraph (a).

(3) Where the High Court-

- (a) makes an order under subsection (1), or
- (b) is satisfied on the application of a data subject that personal data of which he was the data subject and which have been rectified, blocked, erased or destroyed were inaccurate,

it may, where it considers it reasonably practicable, order the data controller to notify third parties to whom the data have been disclosed of the rectification, blocking, erasure or destruction.

(4) If the High Court is satisfied on the application of a data subject-

- (a) that he has suffered damage by reason of any contravention by a data controller of any of the requirements of this Act in respect of any personal data, in circumstances entitling him to compensation under section 11, and
- (b) that there is a substantial risk of further contravention in respect of those data in such circumstances,

the court may order the rectification, blocking, erasure or destruction of any of those data.

(5) Where the court makes an order under subsection (4) it may, where it considers it reasonably practicable, order the data controller to notify third parties to whom the data have

been disclosed of the rectification, blocking, erasure or destruction.

(6) In determining whether it is reasonably practicable to require such notification as is mentioned in subsection (3) or (5) the court shall have regard, in particular, to the number of persons who would have to be notified.

PART 3

NOTIFICATION BY DATA CONTROLLERS

13 Preliminary

(1) In this Part **'the registrable particulars'**, in relation to a data controller, means-

- (a) his name and address,
- (b) if he has nominated a representative for the purposes of this Act, the name and address of the representative,

- (d) a description of the purpose or purposes for which the data are being or are to be processed,
- (e) a description of any recipient or recipients to whom the data controller intends or may wish to disclose the data, and
- (f) the names, or a description of, any countries or territories outside the Island to which the data controller directly or indirectly transfers, or intends or may wish directly or indirectly to transfer, the data.

(2) In this Part-

'fees regulations' means regulations made by the Treasury under section 15(5) or 16(4) or (7);

'notification regulations' means regulations made by the Council of Ministers under the other provisions of this Part;

'prescribed', except where used in relation to fees regulations, means prescribed by notification regulations.

(3) For the purposes of this Part, so far as it relates to the addresses of data controllers-

- (a) the address of a registered company is that of its registered office, and
- (b) the address of a person (other than a registered company) carrying on a business is that of his principal place of business in the Island.

14 Prohibition on processing without registration

(1) Subject to the following provisions of this section, personal data must not be processed unless an entry in respect of the data controller is included in the register maintained by the Supervisor under section 16 (or is treated by notification regulations made

by virtue of section 16(3) as being so included).

(2) Except where the processing is assessable processing for the purposes of section 19, subsection (1) does not apply in relation to personal data consisting of information which falls within neither paragraph (a) nor paragraph (b) of the definition of 'data' in section 1(1).

(3) If it appears to the Council of Ministers that processing of a particular description is unlikely to prejudice the rights and freedoms of data subjects, notification regulations may provide that, in such cases as may be prescribed, subsection (1) is not to apply in relation to processing of that description.

(4) Subsection (1) does not apply in relation to any processing whose sole purpose is the maintenance of a public register.

15 Notification by data controllers

(1) Any data controller who wishes to be included in the register maintained under section 16 shall give a notification to the Supervisor under this section.

(2) A notification under this section must specify in accordance with notification regulations-

- (a) the registrable particulars, and
- (b) a general description of measures to be taken for the purpose of complying with the seventh data protection principle (measures against misuse and loss of data).

(3) Notification regulations made by virtue of subsection (2) may provide for the determination by the Supervisor, in accordance with any requirements of the regulations, of the form in which the registrable particulars and the description mentioned in subsection (2)(b) are to be specified, including in particular the detail required for the purposes of section 13(1)(c), (d), (e) and (f) and subsection (2)(b).

(4) Notification regulations may make provision as to the giving of notification-

- (a) by partnerships, or
- (b) in other cases where 2 or more persons are the data controllers in respect of any personal data.

(5) The notification must be accompanied by such fee as may be prescribed by fees regulations.

(6) Notification regulations may provide for any fee paid under subsection (5) or section 16(4) to be refunded in prescribed circumstances.

16 Register of notifications

(1) The Supervisor shall-

- (a) maintain a register of persons who have given notification under section 15, and
- (b) make an entry in the register in pursuance of each notification received by him under that section from a person in respect of whom no entry as data controller was for the time being included in the register.

(2) Each entry in the register shall consist of-

- (a) the registrable particulars notified under section 15 or, as the case requires, those particulars as amended in pursuance of section 17(4), and
- (b) such other information as the Supervisor may be authorised or required by notification regulations to include in the register.

notice, in accordance with rules of court, of the application for leave.

- (a) that the notice against which the appeal is brought is not in accordance with the law, or
- (b) to the extent that the notice involved an exercise of discretion by the Supervisor, that he ought to have exercised his discretion differently,

the Tribunal shall allow the appeal or substitute such other notice or decision as could have been served or made by the Supervisor; and in any other case the Tribunal shall dismiss the appeal.

(2) On such an appeal, the Tribunal may review any determination of fact on which the notice in question was based.

PART 2
INTERPRETATION OF THE PRINCIPLES IN PART 1

The first principle (fair and lawful processing)

9. (1) In determining for the purposes of the first principle whether personal data are processed fairly, regard is to be had to the method by which they are obtained, including in particular whether any person from whom they are obtained is deceived or misled as to the purpose or purposes for which they are to be processed.

(2) Subject to paragraph 10, for the purposes of the first principle data are to be treated as obtained fairly if they consist of information obtained from a person who-

- (a) is authorised by or under any statutory provision to supply it, or
- (b) is required to supply it by or under any statutory provision or by any convention or other instrument imposing an international obligation on the United Kingdom and extending to the Island.

10. (1) Subject to paragraph 11, for the purposes of the first principle personal data are not to be treated as processed fairly unless-

- (a) in the case of data obtained from the data subject, the data controller ensures so far as practicable that the data subject has, is provided with, or has made readily available to him, the information specified in sub-paragraph (3), and
- (b) in any other case, the data controller ensures so far as practicable that, before the relevant time or as soon as practicable after that time, the data subject has, is provided with, or has made readily available to him, the information specified in sub-paragraph (3).

(2) In sub-paragraph (1)(b) 'the relevant time' means-

- (a) the time when the data controller first processes the data, or
- (b) in a case where at that time disclosure to a third party within a reasonable period is

envisaged-

- (i) if the data are in fact disclosed to such a person within that period, the time when the data are first disclosed,
- (ii) if within that period the data controller becomes, or ought to become, aware that the data are unlikely to be disclosed to such a person within that period, the time when the data controller does become, or ought to become, so aware, or
- (iii) in any other case, the end of that period.

(3) The information referred to in sub-paragraph (1) is as follows, namely-

- (a) the identity of the data controller,
- (b) if he has nominated a representative for the purposes of this Act, the identity of that representative,
- (c) the purpose or purposes for which the data are intended to be processed, and
- (d) any further information which is necessary, having regard to the specific circumstances in which the data are or are to be processed, to enable processing in respect of the data subject to be fair.

11. (1) Paragraph 10(1)(b) does not apply where either of the primary conditions in sub-paragraph (2), together with such of the further conditions in sub-paragraphs (3) to (7) as are relevant, are met.

(2) The primary conditions referred to in sub-paragraph (1) are-

- (a) that the provision of that information would involve a disproportionate effort, or
- (b) that the recording of the information to be contained in the data by, or the disclosure of the data by, the data controller is necessary for compliance with any legal obligation to which the data controller is subject, other than an obligation imposed by contract.

(3) Where either of the primary conditions in sub-paragraph (2) is met, a further condition is that set out in sub-paragraph (6).

(4) Where the primary condition in sub-paragraph (2)(a) is met, a further condition is that the data controller shall record the reasons for his view that that primary condition is met in respect of the data.

(5) Where the primary condition in sub-paragraph (2)(b) is met by virtue of the fact that the recording of the information to be contained in the data by, or the disclosure of the data by, the data controller-

- (a) is not a function conferred on him by or under any statutory provision or an obligation imposed on him by order of a court, but
- (b) is necessary for compliance with any legal obligation to which the data controller is subject, other than an obligation imposed by contract,

a further condition is that set out in sub-paragraph (6).

(6) The condition referred to in sub-paragraphs (3) to (5) is that, in respect of any particular data subject, either-

- (a) no notice in writing has been received at any time by the data controller from an individual, requiring that data controller to provide the information set out in paragraph 10(3) before the relevant time (as defined in paragraph 10(2)) or as soon as practicable after that time; or
- (b) where such notice in writing has been received but the data controller does not have sufficient information about the individual in order readily to determine whether he is processing personal data about that individual, the data controller shall send to the individual a written notice stating that he cannot provide the information set out in paragraph 10(3) because of his inability to make that determination, and explaining the reasons for that inability.

(7) The requirement in sub-paragraph (6) that notice should be in writing is satisfied where the text of the notice-

- (a) is transmitted by electronic means,
- (b) is received in legible form, and
- (c) is capable of being used for subsequent reference.

(8) The Council of Ministers may by order amend sub-paragraphs (1) to (7).

12. (1) Personal data which contain a general identifier falling within a description prescribed by the Council of Ministers by order are not to be treated as processed fairly and lawfully unless they are processed in compliance with any conditions so prescribed in relation to general identifiers of that description.

(2) In sub-paragraph (1) 'a general identifier' means any identifier (such as, for example, a number or code used for identification purposes) which-

- (a) relates to an individual, and
- (b) forms part of a set of similar identifiers which is of general application.

The second principle (purpose for which data are obtained and processed)

13. The purpose or purposes for which personal data are obtained may in particular be specified-

- (a) in a notice given for the purposes of paragraph 10 by the data controller to the data subject, or
- (b) in a notification given to the Supervisor under Part 3 of this Act.

14. In determining whether any disclosure of personal data is compatible with the purpose or purposes for which the data were obtained, regard is to be had to the purpose or purposes for which the personal data are intended to be processed by any person to whom they are disclosed.

The fourth principle (accuracy of data)

15. The fourth principle is not to be regarded as being contravened by reason of any inaccuracy in personal data which accurately record information obtained by the data controller from the data subject or a third party in a case where-

- (a) having regard to the purpose or purposes for which the data were obtained and further processed, the data controller has taken reasonable steps to ensure the accuracy of the data, and
- (b) if the data subject has notified the data controller of the data subject's view that the data are inaccurate, the data indicate that fact.

The sixth principle (rights of data subjects)

16. A person is to be regarded as contravening the sixth principle if, but only if-

- (a) he contravenes section 5 by failing to supply information in accordance with that section,
- (b) he contravenes section 8 by failing to comply with a notice given under section 8(1) to the extent that the notice is justified or by failing to give a notice under section 8(3),
- (c) he contravenes section 9 by failing to comply with a notice given under section 9(1), or
- (d) he contravenes section 10 by failing to comply with a notice given under section 10(1) or (2)(b) or by failing to give a notification under section 10(2)(a) or a notice under section 10(3).

The seventh principle (measures against misuse and loss of data)

17. Having regard to the state of technological development and the cost of implementing any measures, the measures must ensure a level of security appropriate to-

- (a) the harm that might result from such unauthorised or unlawful processing or accidental loss, destruction or damage as are mentioned in the seventh principle, and
- (b) the nature of the data to be protected.

18. The data controller must take reasonable steps to ensure the reliability of any employees of his who have access to the personal data.

19. Where processing of personal data is carried out by a data processor on behalf of a data controller, the data controller must in order to comply with the seventh principle-

- (a) choose a data processor providing sufficient guarantees in respect of the technical and organisational security measures governing the processing to be carried out, and
- (b) take reasonable steps to ensure compliance with those measures.

20. Where processing of personal data is carried out by a data processor on behalf of a data controller, the data controller is not to be regarded as complying with the seventh

principle unless-

- (a) the processing is carried out under a contract-
 - (i) which is made or evidenced in writing, and
 - (ii) under which the data processor is to act only on instructions from the data controller, and
- (b) the contract requires the data processor to comply with obligations equivalent to those imposed on a data controller by the seventh principle.

The eighth principle (transfer of data abroad)

21. An adequate level of protection is one which is adequate in all the circumstances of the case, having regard in particular to-

- (a) the nature of the personal data,
- (b) the country or territory of origin of the information contained in the data,
- (c) the country or territory of final destination of that information,
- (d) the purposes for which and period during which the data are intended to be processed,
- (e) the law in force in the country or territory in question,
- (f) the international obligations of that country or territory,
- (g) any relevant codes of conduct or other rules which are enforceable in that country or territory (whether generally or by arrangement in particular cases), and
- (h) any security measures taken in respect of the data in that country or territory.

22. The eighth principle does not apply to a transfer falling within any paragraph of Schedule 4, except in such circumstances and to such extent as the Council of Ministers may by order provide.

23. (1) Where in any proceedings under this Act any question arises as to whether the requirement of the eighth principle as to an adequate level of protection is met in relation to the transfer of any personal data to a country or territory within the European Economic Area, it shall be conclusively presumed that that requirement is met in relation to that transfer.

(2) Where-

- (a) in any proceedings under this Act any question arises as to whether the requirement of the eighth principle as to an adequate level of protection is met in relation to the transfer of any personal data to a country or territory outside the European Economic Area, and
- (b) a Community finding has been made in relation to transfers of the kind in question,

that question is to be determined in accordance with that finding.

(3) In sub-paragraph (2) 'Community finding' means a finding of the European Commission, under the procedure provided for in Article 31(2) of the Data Protection Directive, that a country or territory outside the European Economic Area does, or does not, ensure an adequate level of protection within the meaning of Article 25(2) of the Directive.
