3. *Decides* that, at its regular session in 1955, the General Assembly will examine the question whether the Committee on Information from Non-Self-Governing Territories should be renewed for a further period, together with the questions of the composition and terms of reference of any such future committee.

In accordance with the terms of resolutions 332 (IV) and 646 (VII), the Fourth Committee, at its 306th meeting on 15 December 1952, elected, on behalf of the General Assembly, four members to the Committee on Information from Non-Self-Governing Territories to fill the vacancies created by the expiration of the terms of office of Brazil, Egypt, India and the Union of Soviet Socialist Republics.

The States elected were: BRAZIL, CHINA, INDIA and IRAQ.

647 (VII). Participation of Non-Self-Governing Territories in the work of the Committee on Information from Non-Self-Governing Territories

The General Assembly,

Recalling that, in resolution 566 (VI) adopted on 18 January 1952, the General Assembly invited the Committee on Information from Non-Self-Governing Territories to examine the possibility of associating the Non-Self-Governing Territories more closely in its work and to report the results of its examination of this problem to the General Assembly at its seventh session in connexion with the Assembly's consideration of the Committee's future,

Recalling that it has been found both possible and useful to associate Non-Self-Governing Territories with the work of technical organs of the United Nations, including the specialized agencies,

Recognizing that direct participation of the Non-Self-Governing Territories in the work of the Committee on Information from Non-Self-Governing Territories can be of further assistance in promoting the progress of these Territories and their peoples towards the goals set forth in Chapter XI of the Charter of the United Nations,

Noting that the Members administering Non-Self-Governing Territories have from time to time attached qualified persons from these Territories to their delegations to the Committee,

1. *Considers it desirable* that there be associated in the work of the Committee on Information from Non-Self-Governing Territories qualified indigenous representatives from Non-Self-Governing Territories, and invites the Administering Members to make such participation possible;

2. *Invites* the Administering Members to transmit copies of the reports on economic, social and educational conditions of the Committee on Information from Non-Self-Governing Territories, together with the relevant resolutions of the General Assembly, to the executive and legislative branches of these Territories;

3. *Invites* the Committee on Information from Non-Self-Governing Territories to study further the question of the direct participation, in its discussions on economic, social and educational conditions, of representatives of those Territories the inhabitants of which have attained a wide measure of responsibility for economic, social and educational policies, and to include recommendations on this question in its report to the General Assembly at its eighth session.

*402nd plenary meeting,
10 December 1952.*

648 (VII). Factors which should be taken into account in deciding whether a Territory is or is not a Territory whose people have not yet attained a full measure of self-government

The General Assembly,

Taking into account the obligation to transmit information, accepted in virtue of Article 73e of the Charter, by the Members which have or assume responsibilities for the administration of Territories whose peoples have not yet attained a full measure of self-government,

Taking into account that this obligation remains in force with regard to each Territory until such time as the objectives of Chapter XI of the Charter are fulfilled,

Taking into account the statement contained in resolution 222 (III), adopted by the General Assembly on 3 November 1948, to the effect that it is essential for the United Nations to be informed of any change that may take place in the constitutional status of any Non-Self-Governing Territory, and that, not later than six months after the submission of the aforesaid information, such information as may be required in such cases should be communicated, including information about the constitution, legislative acts or executive orders regarding the government of the Territory as well as about the constitutional relationship of the Territory to the government of the metropolitan country,

Having examined the report⁴ of the *Ad Hoc* Committee on Factors (Non-Self-Governing Territories).

Recognizing that, in deciding whether a Territory has or has not attained a full measure of self-government, an enumeration of factors would be a useful guide both for the General Assembly and for the Administering Member concerned,

Having regard to its resolution 567 (VI) of 18 January 1952,

1. *Approves* provisionally the annexed list of factors which may serve as a guide, both for the General Assembly and for the Members of the United Nations which have or assume responsibilities for the administration of Non-Self-Governing Territories, in deciding whether a Territory has or has not attained a full measure of self-government;

2. *Recognizes* that each concrete case should be considered and decided in the light of the particular
