Eighteen-Nation Committee on Disarmament on the non-proliferation of nuclear weapons.\(^1\)

Noting that it has not yet been possible to reach agreement on an international treaty to prevent the proliferation of nuclear weapons,

Viewing with apprehension the possibility that such a situation may lead not only to an increase of nuclear arsenals and to a spread of nuclear weapons over the world but also to an increase in the number of nuclear-weapon Powers,

Believing that if such a situation persists it may lead to the aggravation of tensions between States and the risk of a nuclear war,

Believing further that the remaining differences between all concerned should be resolved quickly so as to prevent any further delay in the conclusion of an international treaty on the non-proliferation of nuclear weapons,

Convinced, therefore, that it is imperative to make further efforts to bring to a conclusion a treaty which reflects the mandate given by the General Assembly in its resolution 2028 (XX) of 19 November 1965 and which is acceptable to all concerned and satisfactory to the international community,

1. Reaffirms its resolution 2028 (XX);

2. Urges all States to take all the necessary steps conducive to the earliest conclusion of a treaty on the non-proliferation of nuclear weapons;

3. Calls upon all nuclear-weapon Powers to refrain from the use, or the threat of use, of nuclear weapons against States which may conclude treaties of the nature defined in paragraph 2 (e) of General Assembly resolution 2028 (XX);

4. Requests the Conference of the Eighteen-Nation Committee on Disarmament to consider urgently the proposal that the nuclear-weapon Powers should give an assurance that they will not use, or threaten to use, nuclear weapons against non-nuclear-weapon States without nuclear weapons on their territories, and any other proposals that have been or may be made for the solution of this problem;

5. Calls upon all States to adhere strictly to the principles laid down in its resolution 2028 (XX) for the negotiation of the above-mentioned treaty;

6. Calls upon the Conference of the Eighteen-Nation Committee on Disarmament to give high priority to the question of the non-proliferation of nuclear weapons in accordance with the mandate contained in General Assembly resolution 2028 (XX);

7. Transmits the records of the First Committee relating to the discussion of the item entitled “Non-proliferation of nuclear weapons”, together with all other relevant documents, to the Conference of the Eighteen-Nation Committee on Disarmament;

8. Requests the Conference of the Eighteen-Nation Committee on Disarmament to submit to the General Assembly at an early date a report on the results of its work on the question of the non-proliferation of nuclear weapons.

1469th plenary meeting, 17 November 1965.
Resolutions adopted on the reports of the First Committee

1. Requests the Secretary-General to prepare a concise report on the effects of the possible use of nuclear weapons and on the security and economic implications for States of the acquisition and further development of these weapons;

2. Recommends that the report should be based on accessible material and prepared with the assistance of qualified consultant experts appointed by the Secretary-General;

3. Requests that the report be published and transmitted to the Governments of Member States in time to permit its consideration at the twenty-second session of the General Assembly;

4. Recommends that the Governments of all Member States should give the report wide distribution in their respective languages, through various media of communication, so as to acquaint public opinion with its contents.

1484th plenary meeting, 5 December 1966.

The General Assembly,

Guided by the principles of the Charter of the United Nations and of international law,

Considering that weapons of mass destruction constitute a danger to all mankind and are incompatible with the accepted norms of civilization,

Affirming that the strict observance of the rules of international law on the conduct of warfare is in the interest of maintaining these standards of civilization,

Recalling that the Geneva Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare, of 17 June 1925, has been signed and adopted and is recognized by many States,

Noting that the Conference of the Eighteen-Nation Committee on Disarmament has the task of seeking an agreement on the cessation of the development and production of chemical and bacteriological weapons and other weapons of mass destruction, and on the elimination of all such weapons from national arsenals, as called for in the draft proposals on general and complete disarmament now before the Conference,

1. Calls for strict observance by all States of the principles and objectives of the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare, signed at Geneva on 17 June 1925, and condemns all actions contrary to those objectives;

2. Invites all States to accede to the Geneva Protocol of 17 June 1925.

1484th plenary meeting, 5 December 1966.

The General Assembly,

Having received the report of the Conference of the Eighteen-Nation Committee on Disarmament,\(^3\)

Recalling its resolutions 1378 (XIV) of 20 November 1959, 1722 (XVI) of 20 December 1961, 1767 (XVII) of 21 November 1962, 1908 (XVIII) of 27 November 1963 and 2031 (XX) of 3 December 1965,

Conscious of its responsibility under the Charter of the United Nations for disarmament and the preservation of peace,

Firmly believing that it is imperative to make further efforts to achieve early progress towards general and complete disarmament under effective international control,

1. Requests the Conference of the Eighteen-Nation Committee on Disarmament to pursue new efforts towards achieving substantial progress in reaching agreement on the question of general and complete disarmament under effective international control, as well as on collateral measures, and in particular on an international treaty to prevent the proliferation of nuclear weapons, and on the completion of the test ban treaty so as to cover underground nuclear weapon tests;

2. Decides to refer to the Conference of the Eighteen-Nation Committee on Disarmament all documents and records of the meetings of the First Committee concerning all matters related to the disarmament question;

3. Requests the Conference of the Eighteen-Nation Committee on Disarmament to resume its work as early as possible and to report to the General Assembly, as appropriate, on the progress achieved.

1484th plenary meeting, 5 December 1966.

2163 (XXI). Urgent need for suspension of nuclear and thermonuclear tests

The General Assembly,

Having considered the question of the cessation of nuclear and thermonuclear weapon tests and the report of the Conference of the Eighteen-Nation Committee on Disarmament,\(^6\)

Recalling its resolutions 1762 (XVII) of 6 November 1962, 1910 (XVIII) of 27 November 1963 and 2032 (XX) of 3 December 1965,

Recalling further the joint memorandum on a comprehensive test ban treaty submitted by Brazil, Burma, Ethiopia, India, Mexico, Nigeria, Sweden and the United Arab Republic and annexed to the report of the Conference of the Eighteen-Nation Committee on Disarmament,\(^7\) and in particular the concrete suggestions contained therein,

Noting with great concern the fact that all States have not yet adhered to the Treaty banning nuclear weapon tests in the atmosphere, in outer space and under water, signed in Moscow on 5 August 1963,\(^8\)

Noting also with great concern that nuclear weapon tests in the atmosphere and underground are continuing,

Taking into account the possibilities of establishing, through international co-operation, an exchange of seismic data so as to create a better scientific basis for national evaluation of seismic events,

Recognizing the importance of seismology in the verification of the observance of a treaty banning underground nuclear weapon tests,
