31/75. Implementation of the conclusions of the first Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons

The General Assembly,

Recognizing that the danger of nuclear warfare remains a grave threat to the survival of mankind,

Convinced that the prevention of any further proliferation of nuclear weapons or other nuclear explosive devices remains a vital element in efforts to avert nuclear warfare,

Convinced that the promotion of this objective will be furthered by more rapid progress towards the cessation of the nuclear-arms race and the initiation of effective measures of nuclear disarmament,

Further convinced that the discontinuance of all test explosions of nuclear weapons for all time would constitute an important step in these efforts,

Noting that the Treaty on the Non-Proliferation of Nuclear Weapons,²⁷ to which about one hundred States are parties, implies a balance of mutual responsibilities and obligations of all States parties to the Treaty, nuclear-weapon as well as non-nuclear-weapon States,

Recalling that the States parties to the Treaty on the Non-Proliferation of Nuclear Weapons met at Geneva from 5 to 30 May 1975 to review the operation of the Treaty with a view to assuring that the purposes of the preamble and the provisions of the Treaty were being realized,

Further recalling that the Final Document of the Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons³³ includes, *inter alia*, a Final Declaration and a number of interpretative statements in connexion with the Final Declaration,
