

Action for the Implementation of the Objectives of the International Women's Year<sup>127</sup> and of progress made under the International Development Strategy for the Second United Nations Development Decade,<sup>128</sup>

*Reaffirming* Economic and Social Council resolution 1978/28 of 5 May 1978, in which the Council, *inter alia*, recommended an integration of the reporting systems outlined in the aforementioned resolutions,

*Recognizing* the importance of such reports for the review of the progress achieved in the promotion of the full equality of women with men in all spheres of life,

*Noting with concern* that the responses received to the requests for information on the basis of the aforementioned resolutions have been insufficient in number and also often overlap in their coverage, as shown in the reports submitted to the Commission on the Status of Women at its twenty-seventh session,<sup>129</sup>

*Underlining* the desirability that all Member States should submit such reports,

*Bearing in mind* the burden placed upon Governments when complying separately with the requests in the aforementioned resolutions,

*Convinced* that there is a need for rationalization of the reporting systems referred to in the first and second preambular paragraphs above,

1. *Decides* to integrate the reporting systems outlined in the aforementioned resolutions into a single system and to review the new reporting system in the light of further developments;

2. *Requests* the Secretary-General to review in order to simplify, if possible, the contents of the questionnaires forwarded to Member States, United Nations agencies and non-governmental organizations in consultative status with the Economic and Social Council, in the context of the integrated reporting system, paying particular attention to regional requirements by selecting evaluation criteria which take account of regional disparities;

3. *Urges* Member States, when preparing their reports, to make use of national machinery established to promote the advancement of women and of the views of the appropriate national non-governmental organizations;

4. *Further requests* that the Secretary-General, in compiling reports based on governmental replies on the progress achieved in the improvement of the status of women, provide analytical comments on obstacles encountered and policies for future action, including, if possible, comparative surveys on development within each region.
