

*Taking note* of the preliminary report of the Secretary-General on the countries stricken by desertification and drought,<sup>16</sup>

1. *Welcomes* the results of the Ministerial Conference for a joint policy to combat desertification in the countries of the Permanent Inter-State Committee on Drought Control in the Sahel and the Economic Community of West African States, in the Maghreb countries and in Egypt and the Sudan, and takes note with satisfaction of the final resolution adopted by the Conference in 1984<sup>12</sup> and that adopted in 1985;<sup>13</sup>

2. *Takes note with satisfaction* of the establishment by the Organization of African Unity of the Special Emergency Assistance Fund for Drought and Famine in Africa;

3. *Recommends* that high priority should be given in the development plans and programmes of the affected countries themselves to the problem of desertification and to problems resulting from drought;

4. *Recognizes* that particular attention should be given to countries stricken by desertification and drought and that special efforts should be made by the international community, particularly the developed countries, in support of action taken individually or collectively by the affected countries;

5. *Recommends* that the international community, above all the developed countries, should continue to provide coherent short-term, medium-term and long-term assistance to those countries in order to support the rehabilitation process effectively — in particular through intensive reforestation — and the renewal of growth of agricultural production in the countries stricken by desertification and drought, particularly in Africa;

6. *Recommends* that, within the framework of bilateral and multilateral development aid programmes, the fight against desertification and drought should be granted priority in view of the extent of those problems;

7. *Appeals* to all members of the international community, including organs and agencies of the United Nations system, regional and subregional financial institutions, and non-governmental organizations, to continue to provide full support, in all forms — including financial, technical or any other form of assistance — to the development efforts of countries stricken by desertification and drought;

8. *Takes note with satisfaction* of the generosity with which the international community has responded to the assistance needs resulting from the emergency in Africa, particularly as regards food aid, transport and medical assistance;

9. *Requests* the appropriate organs and agencies of the United Nations to provide the Secretary-General, for transmission to the stricken countries, with all relevant studies carried out in their respective spheres of competence, in particular with respect to food and agricultural production, development of water resources, industrialization and raw materials, including the studies carried out by the United Nations Conference on Trade and Development on the impact of desertification and drought on the foreign trade of the stricken countries, including similarly, the studies to determine the interaction between forest zones and arid regions and their influence on the acceleration of desertification, particularly in Africa;

10. *Requests* the Secretary-General to take all necessary steps to ensure that his final report on the implementation of resolution 39/208, which is to be submitted to the General Assembly through the Economic and Social

Council at its second regular session of 1986, contains proposals for specific action to be undertaken, as indicated in the present resolution.

*119th plenary meeting  
17 December 1985*

#### **40/176. Target for World Food Programme pledges for the period 1987-1988**

*The General Assembly,*

*Recalling* the provisions of its resolution 2095 (XX) of 20 December 1965 to the effect that the World Food Programme is to be reviewed before each pledging conference,

*Recalling also* the provisions of paragraph 4 of its resolution 38/176 of 19 December 1983 that, subject to the review mentioned above, the next pledging conference should be convened at the latest early in 1986, at which time Governments and appropriate donor organizations should be invited to pledge contributions for the biennium 1987-1988, with a view to reaching such a target as may be then recommended by the General Assembly and the Conference of the Food and Agriculture Organization of the United Nations,

*Noting* that the review of the Programme was undertaken by the Committee on Food Aid Policies and Programmes of the World Food Programme at its twentieth session,

*Having considered* the recommendations of the Committee on Food Aid Policies and Programmes,<sup>17</sup>

*Recognizing* the value of multilateral food aid as implemented by the World Food Programme since its inception and the necessity for continuing its action both as a form of capital investment and for meeting emergency food needs,

1. *Establishes* for the two years 1987 and 1988 a target for voluntary contributions to the World Food Programme of \$1.4 billion, comprising 3.25 million tons of food at current prices and \$405 million in cash, and expresses the hope that such resources will be augmented by substantial additional contributions from other sources in recognition of the prospective volume of sound project requests and the capacity of the Programme to operate at a higher level;

2. *Urges* States Members of the United Nations and members and associate members of the Food and Agriculture Organization of the United Nations and appropriate donor organizations to make every effort to ensure the full attainment of the target;

3. *Requests* the Secretary-General, in co-operation with the Director-General of the Food and Agriculture Organization of the United Nations, to convene a pledging conference for this purpose at United Nations Headquarters early in 1986;

4. *Decides* that, subject to the review provided for in its resolution 2095 (XX), the next pledging conference at which Governments and appropriate donor organizations should be invited to pledge contributions for the biennium 1989-1990, with a view to reaching such a target as may be then recommended by the General Assembly and the Conference of the Food and Agriculture Organization of the United Nations, should be convened, at the latest, early in 1988.

*119th plenary meeting  
17 December 1985*
