*The General Assembly,*

*Recalling* the Vancouver Declaration on Human Settlements, 1976,<sup>43</sup> and the relevant recommendations for national action adopted by Habitat: United Nations Conference on Human Settlements,<sup>44</sup>

*Recalling also* its resolution 44/174 of 19 December 1989,

*Taking into account* the *intifadah* of the Palestinian people against the Israeli occupation, including Israeli economic and social policies and practices,

*Gravely alarmed* by the continuation of the Israeli settlement policies in the Palestinian territory occupied by Israel since 1967, including Jerusalem, which have been declared illegal and a major obstacle to peace,

1. *Takes note* of the report annexed to the note by the Secretary-General;<sup>45</sup>
2. *Calls* for the immediate cessation of the Israeli practices against the Palestinian people, particularly in the economic and social fields;
3. *Expresses its alarm* at the deterioration, as a result of the Israeli occupation, in the living conditions of the Palestinian people in the Palestinian territory, including Jerusalem, occupied since 1967;
4. *Affirms* that the Israeli occupation is contradictory to the basic requirements for the social and economic development of the Palestinian people in the occupied Palestinian territory;

7. *Also requests* the Secretary-General to report to the General Assembly at its forty-eighth session, through the Economic and Social Council, on the progress made in the implementation of the present resolution.

#### 46/163. Global Strategy for Shelter to the Year 2000

*The General Assembly,*

*Recalling* its resolution 43/181 of 20 December 1988, in which it designated the Commission on Human Settlements as the intergovernmental body for coordinating, evaluating and monitoring the Global Strategy for Shelter to the Year 2000,<sup>46</sup>

*Recalling also* its resolution 44/173 of 19 December 1989, in which it considered the first report of the Commission on Human Settlements on the implementation of the Global Strategy for Shelter to the Year 2000,<sup>47</sup> submitted pursuant to paragraph 7 of resolution 43/181,

*Recognizing* that the Global Strategy for Shelter to the Year 2000 provides a framework for Governments to facilitate adequate shelter for all and that, through shelter and services, the Global Strategy also addresses the issues of alleviation of poverty, improvement of health, participation of women, improvement of the living environment of people and promotion of sustainable development,

*Emphasizing* that the operational focus for promoting the objective of facilitating shelter for all is action at the national level within the framework of national shelter strategies which are integrated with macroeconomic policies for optimum utilization of natural and human resources and are based on standards that are nationally appropriate and socially acceptable,

*Emphasizing also* that the adoption of enabling shelter strategies can mobilize resources on a sustainable basis and facilitate access to available resources by all population groups,

*Noting* that such mobilization of national resources through enabling shelter strategies could partially alleviate economic constraints that affect many countries,

*Having considered* the second report of the Commission on Human Settlements on the implementation of the Global Strategy for Shelter to the Year 2000,<sup>48</sup>

*Noting with satisfaction* that a number of Governments have initiated or reformulated national shelter strategies, based on the principle of enabling all actors in the shelter sector, and that many other Governments have initiated action on particular components of a national shelter strategy,

*Noting also with satisfaction* the support given to the implementation of the Global Strategy by donor Governments, international bodies and intergovernmental and non-governmental organizations,

*Cognizant* of the importance of maintaining the momentum already generated at the national and international levels for the implementation of the Global Strategy,

1. *Commends* Governments which are revising, consolidating, formulating or implementing their national shelter strategies based on the enabling principles of the Global Strategy for Shelter to the Year 2000;
2. *Urges* those Governments which have not already initiated action towards formulation of a national shelter strategy based on the enabling principles, or have taken only tentative steps so far, to increase their efforts, using the Guidelines for National Action contained in the Global Strategy, involving governmental, private sector and non-governmental actors in the shelter sector, assuring the participation of men and women and paying special attention to gender issues, in the formulation, implementation and monitoring of national shelter strategies in order to achieve the objective of facilitating shelter for all by the year 2000;
3. *Recommends* that all Governments adopt a cost-effective system for monitoring progress of national shelter strategies and also adopt, as far as is feasible, guidelines prepared by the Executive Director of the United Nations Centre for Human Settlements (Habitat);
4. *Also urges* Governments to integrate fully the environmental dimension in the formulation and implementation of national shelter strategies, following, for example, the synopsis of environmental checkpoints contained in the report of the Executive Director on the significance of human settlements and the Global Strategy for Shelter to the Year 2000 to the concept of sustainable development;<sup>49</sup>
