RESOLUTIONS ADOPTED BY THE GENERAL ASSEMBLY

[on the report of the First Committee (A/52/600)]

52/38. General and complete disarmament

A

Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction

The General Assembly,

Determined to put an end to the suffering and casualties caused by anti-personnel mines that kill or maim hundreds of people every week, mostly innocent and defenceless civilians and especially children, obstruct economic development and reconstruction, inhibit the repatriation of refugees and internally displaced persons, and have other severe consequences for years after emplacement,

Believing it necessary to do the utmost to contribute in an efficient and coordinated manner to facing the challenge of removing anti-personnel mines placed throughout the world, and to assure their destruction,

Wishing to do the utmost in assuring assistance for the care and rehabilitation, including the social and economic reintegration, of mine victims,

Recalling its resolution 51/45 S of 10 December 1996 urging all States to pursue vigorously an effective, legally binding international agreement to ban the use, stockpiling, production and transfer of anti-personnel landmines with a view to completing the negotiation as soon as possible,

Stressing the role of public conscience in furthering the principles of humanity as evidenced by the call for a total ban on anti-personnel mines, and recognizing the efforts to that end undertaken by the International Red Cross and Red Crescent Movement, the International Campaign to Ban Landmines and numerous other non-governmental organizations around the world,

Recalling the Ottawa Declaration of 5 October 1996¹ and the Brussels Declaration of 27 June 1997² urging the international community to negotiate an international and legally binding agreement prohibiting the use, stockpiling, production and transfer of anti-personnel mines,

Emphasizing the desirability of attracting the adherence of all States to the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction, and determined to work strenuously towards the promotion of its universalization in all relevant forums including, *inter alia*, the United Nations, the Conference on Disarmament, regional organizations and groupings, and review conferences of the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects,³

Basing itself on the principle of international humanitarian law that the right of the parties to an armed conflict to choose methods or means of warfare is not unlimited, on the principle that prohibits the employment in armed conflicts of weapons, projectiles and materials and methods of warfare of a nature to cause superfluous injury or unnecessary suffering and on the principle that a distinction must be made between civilians and combatants,

Welcoming the conclusion of negotiations on 18 September 1997 at Oslo on the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction,

1. *Invites* all States to sign the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction, which was open for signature at Ottawa on 3 and 4 December 1997 and at Headquarters in New York on 5 December 1997, and which shall remain open for signature thereafter at Headquarters until its entry into force;

2. *Urges* all States to ratify the Convention without delay subsequent to their signatures;

3. *Calls upon* all States to contribute towards the full realization and effective implementation of the Convention to advance the care and rehabilitation, and the social and economic reintegration of mine victims, and mine-awareness programmes, and the removal of anti-personnel mines placed throughout the world and the assurance of their destruction;

4. *Requests* the Secretary-General to render the necessary assistance and to provide such services as may be necessary to fulfil the tasks entrusted to him by the Convention;

5. *Decides* to include in the provisional agenda of its fifty-third session an item entitled "Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on Their Destruction".

B*Transparency in armaments*

The General Assembly,

Recalling its earlier resolutions on transparency in armaments,

Continuing to hold the view that an enhanced level of transparency in all types of armaments contributes greatly to confidence-building and security among States,

Taking duly into account the relationship between transparency and the security needs of all States at the regional and international levels,

Recognizing that, notwithstanding the fact that the United Nations Register of Conventional Arms⁴ in its current form deals with seven categories of conventional weapons, the principle of transparency should also apply to weapons of mass destruction and to transfers of equipment and technologies directly related to the development and manufacture of such weapons,

Convinced that an enhanced level of transparency in weapons of mass destruction and transfers of equipment and technologies directly related to the development and manufacture of such weapons could serve as a catalyst towards general and complete disarmament,

Stressing the need to achieve universality of the Treaty on the Non-Proliferation of Nuclear Weapons,⁵ the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction⁶ and the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction,⁷ as well as other instruments related to transfers of equipment and technologies directly related to the development and manufacture of such weapons, with a view to realizing the goal of the total elimination of all weapons of mass destruction,

1. *Takes note* of the reports of the Secretary-General on transparency in armaments;⁸
2. *Reaffirms its conviction* of the interrelationship between transparency in the field of conventional weapons and transparency in the fields of weapons of mass destruction and transfers of equipment and technologies directly related to the development and manufacture of such weapons;
3. *Requests* the Secretary-General to seek the views of Member States on ways and means of enhancing transparency in the fields of weapons of mass destruction and transfers of equipment and technologies directly related to the development and manufacture of such weapons with a view to enhancing

Assistance to States for curbing the illicit traffic in small arms and collecting them

The General Assembly,

Recalling its resolutions 46/36 H of 6 December 1991, 47/52 G and J of 9 December 1992, 48/75 H and J of 16 December 1993, 49/75 G of 15 December 1994, 50/70 H of 12 December 1995 and 51/45 L of 10 December 1996,

Considering that the illicit circulation of massive quantities of small arms throughout the world impedes development and is a source of increased insecurity,

Considering also that the illicit international transfer of small arms and their accumulation in many countries constitute a threat to their populations and to national and regional security and are a factor contributing to the destabilization of States,

Basing itself on the statement of the Secretary-General relating to the request of Mali for United Nations assistance for the collection of small arms,

Gravely concerned at the extent of the insecurity and banditry linked to the illicit circulation of small arms in Mali and the other affected States of the Saharo-Sahelian subregion,

Taking note of the first conclusions of the United Nations advisory missions sent to the affected countries of the subregion by the Secretary-General to study the best way of curbing the illicit circulation of small arms and ensuring their collection,

Taking note also of the interest shown by the other States of the subregion in receiving a United Nations advisory mission,

Noting the actions taken and those recommended at the meetings of the States of the subregion held at Banjul, Algiers, Bamako, Yamoussoukro and Niamey to establish close regional cooperation with a view to strengthening security,

Basing itself on the report of the Secretary-General on the work of the Organization, in particular the section entitled "Preventive diplomacy, peaceful settlement of disputes and disarmament",⁹

⁹ *Official Records of the General Assembly, Fifty-second Session, Supplement No. 1 (A/52/1), sect. II.D.*

1. *Welcomes* the initiative taken by Mali concerning the question of the illicit circulation of small arms and their collection in the affected States of the Saharo-Sahelian subregion;
2. *Also welcomes* the action taken by the Secretary-General in implementation of this initiative in the context of General Assembly resolution 40/151 H of 16 December 1985;
3. *Thanks* the Governments concerned in the subregion for the substantial support that they have given to the United Nations advisory missions, and welcomes the declared readiness of other States to receive the United Nations Advisory Mission;
4. *Encourages* the Secretary-General to continue his efforts, in the context of the implementation of resolution 49/75 G and of the recommendations of the United Nations advisory missions, to curb the illicit circulation of small arms and to collect such arms in the affected States that so request, with the support of the United Nations Regional Centre for Peace and Disarmament in Africa and in close cooperation with the Organization of African Unity;
5. *Notes* that, as part of its efforts to halt the flow of small arms into Mali and the Saharo-Sahelian subregion, the Government of Mali oversaw the destruction, at the "Flame of Peace" ceremony held at Timbuktu, Mali, on 27 March 1996, of thousands of small arms handed over by ex-combatants of the armed movements of northern Mali;
6. *Encourages* the setting up in the countries of the Saharo-Sahelian subregion of national commissions against the proliferation of small arms, and invites the international community to support as far as possible the smooth functioning of the national commissions where they have been set up;
7. *Takes note* of the conclusions of the ministerial consultation on the proposal for a moratorium on the importing, exporting and manufacture of light weapons in the region, held at Bamako on 26 March 1997, and encourages the States concerned to pursue their consultations on the matter;
8. *Requests* the Secretary-General to continue to examine the issue and to submit to the General Assembly at its fifty-third session a report on the implementation of the present resolution;
9. *Decides* to include in the provisional agenda of its fifty-third session an item entitled "Assistance to States for curbing the illicit traffic in small arms and collecting them".

*Observance of environmental norms in the drafting
and implementation of agreements on disarmament
and arms control*

The General Assembly,

Recalling its resolutions 50/70 M of 12 December 1995 and 51/45 E of 10 December 1996,

Emphasizing the importance of the observance of environmental norms in the preparation and implementation of disarmament and arms limitation agreements,

Recognizing that it is necessary to take duly into account the agreements adopted at the United Nations Conference on Environment and Development, as well as prior relevant agreements, in the drafting and implementation of agreements on disarmament and arms limitation,

Mindful of the detrimental environmental effects of the use of nuclear weapons,

1. *Reaffirms* that international disarmament forums take fully into account the relevant environmental norms in negotiating treaties and agreements on disarmament and arms limitation and that all States, through their actions, fully contribute to ensuring compliance with the aforementioned norms in the implementation of treaties and conventions to which they are parties;

*Convening of the fourth special session of the General Assembly
devoted to disarmament: report of the Preparatory Committee
for the Fourth Special Session of the General Assembly
Devoted to Disarmament*

The General Assembly,

Recalling its resolutions 49/75 I of 15 December 1994, 50/70 F of 12 December 1995 and 51/45 C of 10 December 1996,

/...

Recalling also that, there being a consensus to do so in each case, three special sessions of the General Assembly devoted to disarmament were held in 1978, 1982 and 1988, respectively,

Bearing in mind the Final Document of the Tenth Special Session of the General Assembly,¹⁰ the first special session devoted to disarmament, and the objective of general and complete disarmament under effective international control,

Welcoming the recent positive changes in the international landscape, characterized by the end of the cold war, the relaxation of tensions at the global level and the emergence of a new spirit governing relations among nations,

Taking note of paragraph 108 of the Final Document of the Eleventh Conference of Heads of State or Government of the Non-Aligned Countries, held at Cartagena de Indias, Colombia, from 18 to 20 October 1995,¹² which supported the convening of the fourth special session of the General Assembly devoted to disarmament in 1997, which would offer an opportunity to review, from a perspective more in tune with the current international situation, the most critical aspects of the process of disarmament and to mobilize the international community and public opinion in favour of the elimination of nuclear and other weapons of mass destruction and of the control and reduction of conventional weapons,

Taking note also of the report of the 1997 substantive session of the Disarmament Commission on the item entitled "Fourth special session of the General Assembly devoted to disarmament",¹⁵

Desiring to build upon the substantive exchange of views on the fourth special session of the General Assembly devoted to disarmament during the 1997 substantive session of the Disarmament Commission,

Reiterating its conviction that a special session of the General Assembly devoted to disarmament can set the future course of action in the field of disarmament, arms control and related international security matters,

Emphasizing the importance of multilateralism in the process of disarmament and arms control, peace and security,

Noting that, with the completion of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction⁶ and in 1996, the adoption of the Comprehensive Nuclear-Test-Ban Treaty,¹⁶ as well as of amended Protocol II¹⁷ and new Protocol IV¹⁷ to the Convention on Prohibitions or Restrictions on the Use of Certain Conventional Weapons Which May Be Deemed to Be Excessively Injurious or to Have Indiscriminate Effects,³ the following years would be opportune for the international community to start the process of reviewing the state of affairs in the entire field of disarmament and arms control in the post-cold-war era,

1. *Decides*, subject to the emergence of a consensus on its objectives and agenda, to convene the fourth special session of the General Assembly devoted to disarmament;

2. *Endorses* the recommendation of the Disarmament Commission at its 1997 substantive session¹⁵ that the item entitled "Fourth special session of the General Assembly devoted to disarmament" should be included in the agenda of the Commission at its 1998 session;

3. *Decides* to include in the provisional agenda of its fifty-third session the item entitled "Convening of the fourth special session of the General Assembly devoted to disarmament" and, subject to the outcome of the deliberations at the 1998 substantive session of the Disarmament Commission, to set an exact date for and to decide on organizational matters relating to the convening of the special session.

Consolidation of peace through practical disarmament measures

The General Assembly,

Recalling its resolution 51/45 N of 10 December 1996,

Convinced that a comprehensive and integrated approach towards certain practical disarmament measures, such as, *inter alia*, arms control, particularly with regard to small arms and light weapons, confidence-building measures, demobilization and reintegration of former combatants, demining and conversion, often is a prerequisite to maintaining and consolidating peace and security and thus provides a basis for effective rehabilitation and social and economic development in areas that have suffered from conflict,

Noting with satisfaction that, since the adoption of resolution 51/45 N, the importance of such practical disarmament measures has received growing attention from the international community in general, and from interested and affected Member States in particular, as well as from the Secretary-General,

Stressing that further efforts are needed in order to develop and effectively implement programmes of practical disarmament in affected areas,

Recalling the deliberations at the 1997 substantive session of the Disarmament Commission in Working Group III on agenda item 6, entitled "Guidelines on conventional arms control/limitation and disarmament, with particular emphasis on consolidation of peace in the context of General Assembly resolution 51/45 N", where the scope of resolution 51/45 N was a major focus,

Welcoming the adoption by the Disarmament Commission of the "Guidelines for international arms transfers in the context of General Assembly resolution 46/36 H of 6 December 1991",¹⁸

Noting, with reference to its resolution 50/70 B of 12 December 1995, the report of the Panel of Governmental Experts on Small Arms¹⁹ and its relevance in the context of the present resolution and of the ongoing work in the Disarmament Commission,

¹⁸ *Official Records of the General Assembly, Fifty-first Session, Supplement No. 42 (A/51/42), annex I.*

¹⁹ A/52/298, annex.

1. *Stresses* the particular relevance of the deliberations at the 1997 substantive session of the Disarmament Commission in Working Group III on agenda item 6, entitled "Guidelines on conventional arms control/limitation and disarmament, with particular emphasis on consolidation of peace in the context of General Assembly resolution 51/45 N" for this topic, takes note of the Chairman's paper of 9 May 1997²⁰ and other views expressed, as a useful basis for further deliberations, and encourages the Disarmament Commission to continue its efforts aimed at the adoption of such guidelines;

2. *Takes note* of the report of the Secretary-General on the consolidation of peace through practical disarmament measures,²¹ submitted pursuant to resolution 51/45 N, and encourages Member States as well as regional arrangements and agencies to lend their support to the implementation of relevant recommendations contained therein;

3. *Recognizes*, with reference to paragraph 12 of section III of the report,²¹ that the readiness of the international community to assist affected States in their efforts to consolidate peace would greatly benefit the effective implementation of practical disarmament measures;

4. *Invites* interested States to establish a group in order to facilitate this process and to build upon the momentum generated, and requests the Secretary-General to lend his support to the efforts of such a group;

5. *Decides* to include in the provisional agenda of its fifty-third session the item entitled "Consolidation of peace through practical disarmament measures".

Taking into account the efforts to address the landmine issue, and underlining that the efforts made within different forums should be mutually reinforcing,

Taking note of the decisions taken by States to adopt bans, moratoriums or other restrictions on transfers of anti-personnel landmines, and other measures taken unilaterally,

Welcoming the ongoing national, regional and multilateral efforts in demining and victim rehabilitation,

Having considered the report of the Conference on Disarmament,²²

Small arms

The General Assembly,

Recalling its resolution 50/70 B of 12 December 1995,

Recalling also its resolution 51/45 L of 10 December 1996, in which it welcomed the initiative taken by Mali concerning the question of the illicit circulation of small arms and their collection in the affected States of the Saharo-Sahelian subregion,

Convinced of the need for a comprehensive approach to promote, at the global and regional levels, the control and reduction of small arms and light weapons in a balanced and non-discriminatory manner as a contribution to international peace and security,

Reaffirming the inherent right to individual or collective self-defence recognized in Article 51 of the Charter of the United Nations, which implies that States also have the right to acquire arms with which to defend themselves,

Reaffirming also the right of self-determination of all peoples, in particular peoples under colonial or other forms of alien domination or foreign occupation, and the importance of the effective realization of this right, as enunciated, *inter alia*, in the Vienna Declaration and Programme of Action, adopted by the World Conference on Human Rights on 25 June 1993,³¹

Reaffirming further the urgent need for practical disarmament in the context of the conflicts the United Nations is actually dealing with and of the weapons that are actually killing people in the hundreds of thousands,

Welcoming the submission of the report of the Secretary-General prepared with the assistance of the Panel of Governmental Experts on Small Arms,¹⁹ which contains measures to reduce the excessive and destabilizing accumulation and transfer of small arms and light weapons in specific regions of the world and to prevent such accumulations and transfers from occurring in future,

³¹ A/CONF.157/24 (Part I), chap. III.

Welcoming also the guidelines for international arms transfers in the context of General Assembly resolution 46/36 H of 6 December 1991, which were adopted by consensus by the Disarmament Commission in 1996,¹⁸ and taking note of the ongoing efforts of the Commission to consider guidelines for post-conflict situations, including demobilization of former combatants, disposal and destruction of weapons, as well as confidence- and security-building measures,

Welcoming the decision of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons to extend the Treaty indefinitely,³⁵ taken without a vote, as well as the decisions on strengthening the review process for the Treaty³⁶ and on the principles and objectives for nuclear non-proliferation and disarmament,³⁷

Noting the reference in the decision on the principles and objectives for nuclear non-proliferation and disarmament³⁷ to the importance of the following measures for the full realization and effective implementation of article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,⁵ including the programme of action as reflected below:

(a) The completion by the Conference on Disarmament of the negotiations on a universal and internationally and effectively verifiable comprehensive nuclear-test-ban treaty no later than 1996, and utmost restraint that should be exercised by the nuclear-weapon States pending the entry into force of that treaty;

(b) The immediate commencement and early conclusion of negotiations on a non-discriminatory and universally applicable convention banning the production of fissile materials for nuclear weapons or other nuclear explosive devices in accordance with the statement of the Special Coordinator of the Conference on Disarmament and the mandate contained therein;

(c) The determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons, and by all States of general and complete disarmament under strict and effective international control,

Nuclear disarmament

The General Assembly,

Recalling its resolution 49/75 E of 15 December 1994 on a step-by-step reduction of the nuclear threat, and its resolutions 50/70 P of 12 December 1995 and 51/45 O of 10 December 1996 on nuclear disarmament,

Reaffirming the commitment of the international community to the goal of the total elimination of nuclear weapons and the creation of a nuclear-weapon-free world,

Bearing in mind that the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction⁷ and the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction⁶ have already established legal regimes on the complete prohibition of biological and chemical weapons, respectively, and determined to achieve a nuclear weapons convention on the prohibition of the

testing, development, production, stockpiling, loan, transfer, use and threat of use of nuclear weapons and on their destruction, and to conclude such an international convention at an early date,

Recognizing that there now exist favourable conditions for creating a world free of nuclear weapons,

Bearing in mind paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly,¹⁰ the first special session devoted to disarmament, calling for the urgent negotiation of agreements for the cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time-frames, wherever feasible, for the progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete elimination at the earliest possible time,

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly and by the international community,

Recognizing that the Comprehensive Nuclear-Test-Ban Treaty¹⁶ and any proposed treaty on fissile material for nuclear weapons or other nuclear explosive devices must constitute disarmament measures, and not only non-proliferation measures, and that these measures, together with an international legal instrument on adequate security assurances for non-nuclear-weapon States and an international convention prohibiting the use of nuclear weapons, must be integral steps leading to the total elimination of nuclear weapons within a time-bound framework,

Welcoming the entry into force of the Treaty on the Reduction and Limitation of Strategic Offensive Arms,³² to which Belarus, Kazakhstan, the Russian Federation, Ukraine and the United States of America are States parties,

Welcoming also the conclusion of the Treaty on Further Reduction and Limitation of Strategic Offensive Arms³³ by the Russian Federation and the United States of America and the ratification of that Treaty by the United States of America, and looking forward to the full implementation of the START I³² and START II³³ Treaties by the States parties, and to further concrete steps for nuclear disarmament by all nuclear-weapon States,

Noting with appreciation the unilateral measures by the nuclear-weapon States for nuclear arms limitation, and encouraging them to undertake further such measures,

Recognizing the complementarity of bilateral and multilateral negotiations on nuclear disarmament, and that bilateral negotiations can never replace multilateral negotiations in this respect,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996,³⁸ and welcoming the unanimous reaffirmation by all Judges of the Court that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

³⁸ A/51/218, annex.

Mindful of paragraph 84 and other relevant recommendations in the Final Document of the Eleventh Conference of Heads of State or Government of the Non-Aligned Countries, held at Cartagena de Indias, Colombia, from 18 to 20 October 1995,¹² calling upon the Conference on Disarmament to establish, on a priority basis, an ad hoc committee to commence negotiations early in 1996 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons within a time-bound framework; paragraph 58 of the final document of the Twelfth Ministerial Conference of the Movement of Non-Aligned Countries, held at New Delhi on 7 and 8 April 1997;³⁹ and paragraphs 40 to 42 of the communiqué of the Meeting of Ministers for Foreign Affairs and Heads of Delegations of the Movement of Non-Aligned Countries to the Fifty-second Session of the General Assembly, held in New York on 25 September 1997,⁴⁰ which called for, as a first step, the conclusion of a universal and legally binding multilateral agreement committing all States to the total elimination of nuclear weapons,

Bearing in mind the proposal of twenty-eight delegations to the Conference on Disarmament that are members of the Group of 21 for a programme of action for the elimination of nuclear weapons,⁴¹ and expressing its conviction that this proposal will be an important input and will contribute to negotiations on this question in the Conference,

Commending the initiative by twenty-six delegations to the Conference on Disarmament that are members of the Group of 21,⁴² proposing a comprehensive mandate for an ad hoc committee on nuclear disarmament, which includes negotiations for, as a first step, a universal and legally binding multilateral agreement committing all States to the objective of the total elimination of nuclear weapons, an agreement on further steps required in a phased programme with time-frames leading to the total elimination of these weapons and a convention on the prohibition of the production of fissile material for nuclear weapons and other nuclear explosive devices taking into account the report of the Special Coordinator on that item⁴³ and the views relating to the scope of the treaty,

1. *Recognizes* that, in view of recent political developments, the time is now opportune for all nuclear-weapon States to undertake effective disarmament measures with a view to the total elimination of these weapons within a time-bound framework;
2. *Recognizes also* that there is a genuine need to de-emphasize the role of nuclear weapons, and to review and revise nuclear doctrines accordingly;
3. *Urges* the nuclear-weapon States to stop immediately the qualitative improvement, development, production and stockpiling of nuclear warheads and their delivery systems;
4. *Reiterates its call upon* the nuclear-weapon States to undertake the step-by-step reduction of the nuclear threat and a phased programme of progressive and balanced deep reductions of nuclear weapons, and

to carry out effective nuclear disarmament measures with a view to the total elimination of these weapons within a time-bound framework;

5. *Expresses its concern* at the continuing opposition by some States to the establishment of an ad hoc committee on nuclear disarmament in the Conference on Disarmament, as called for in General Assembly resolution 51/45 O;

6. *Reiterates its call upon* the Conference on Disarmament to establish, on a priority basis, an ad hoc committee on nuclear disarmament to commence negotiations early in 1998 on a phased programme of nuclear disarmament and for the eventual elimination of nuclear weapons within a time-bound framework through a nuclear weapons convention;

7. *Urges* the Conference on Disarmament to take into account in this regard the proposal of the twenty-eight delegations for a programme of action for the elimination of nuclear weapons,⁴¹ as well as the mandate for the ad hoc committee on nuclear disarmament, proposed by the twenty-six delegations;⁴²

The General Assembly,

Recalling its resolutions 49/75 K of 15 December 1994 and 51/45 M of 10 December 1996,

Convinced that the continuing existence of nuclear weapons poses a threat to all humanity and that their use would have catastrophic consequences for all life on Earth, and recognizing that the only defence against a nuclear catastrophe is the total elimination of nuclear weapons and the certainty that they will never be produced again,

Mindful of the solemn obligations of States parties, undertaken in article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,⁵ particularly to pursue negotiations in good faith on effective measures relating to cessation of the nuclear arms race at an early date and to nuclear disarmament,

Recalling the principles and objectives for nuclear non-proliferation and disarmament adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,³⁷ and in particular the objective of determined pursuit by the nuclear-weapon States of systematic and progressive efforts to reduce nuclear weapons globally, with the ultimate goal of eliminating those weapons,

Recalling also the adoption of the Comprehensive Nuclear-Test-Ban Treaty in its resolution 50/245 of 10 September 1996,

/...

Recognizing with satisfaction that the Antarctic Treaty⁵¹ and the treaties of Tlatelolco,⁴⁷ Rarotonga,⁴⁸ Bangkok⁴⁹ and Pelindaba⁵⁰ are gradually freeing the entire southern hemisphere and adjacent areas covered by those treaties from nuclear weapons,

Noting the efforts by the States possessing the largest inventories of nuclear weapons to reduce their stockpiles of such weapons through bilateral and unilateral agreements or arrangements, and calling for the intensification of such efforts to accelerate the significant reduction of nuclear-weapon arsenals,

Recognizing the need for a multilaterally negotiated and legally binding instrument to assure non-nuclear-weapon States against the threat or use of nuclear weapons,

Reaffirming the central role of the Conference on Disarmament as the single multilateral disarmament negotiating forum, and regretting the lack of progress in disarmament negotiations, particularly nuclear disarmament, in the Conference on Disarmament during its 1997 session,

Emphasizing the need for the Conference on Disarmament to commence negotiations on a phased programme for the complete elimination of nuclear weapons with a specified framework of time,

Desiring to achieve the objective of a legally binding prohibition of the development, production, testing, deployment, stockpiling, threat or use of nuclear weapons and their destruction under effective international control,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*, issued on 8 July 1996,³⁸

2. *Calls once again upon* all States immediately to fulfil that obligation by commencing multilateral negotiations in 1998 leading to an early conclusion of a nuclear weapons convention prohibiting the development, production, testing, deployment, stockpiling, transfer, threat or use of nuclear weapons and providing for their elimination;

3. *Requests* all States to inform the Secretary-General of the efforts and measures they have taken on the implementation of the present resolution and nuclear disarmament, and requests the Secretary-General to apprise the General Assembly of that information at its fifty-third session;

P*Regional disarmament*

The General Assembly,

Recalling its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991, 47/52 J of 9 December 1992, 48/75 I of 16 December 1993, 49/75 N of 15 December 1994, 50/70 K of 12 December 1995 and 51/45 K of 10 December 1996 on regional disarmament,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

Noting that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly,¹⁰

Taking note of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session,⁵³

Welcoming the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

Taking note of the recent proposals for disarmament at the regional and subregional levels,

Recognizing the importance of confidence-building measures for regional and international peace and security,

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of all States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. *Stresses* that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;

2. *Affirms* that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;

3. *Calls upon* States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at the regional and subregional levels;

⁵³ *Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.*

4. *Welcomes* the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;

5. *Supports and encourages* efforts aimed at promoting confidence-building measures at the regional and subregional levels in order to ease regional tensions and to further disarmament and nuclear non-proliferation measures at the regional and subregional levels;

6. *Decides* to include in the provisional agenda of its fifty-third session the item entitled "Regional disarmament".

Conventional arms control at the regional and subregional levels

The General Assembly,

Recalling its resolutions 48/75 J of 16 December 1993, 49/75 O of 15 December 1994, 50/70 L of 12 December 1995 and 51/45 Q of 10 December 1996,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Noting with particular interest the initiatives taken in this regard in different regions of the world, in particular the commencement of consultations among a number of Latin American countries and the proposals for conventional arms control made in the context of South Asia, and recognizing, in the context of this subject, the relevance and value of the Treaty on Conventional Armed Forces in Europe,⁵⁴ which is a cornerstone of European security,

Believing that militarily significant States and States with larger military capabilities have a special responsibility in promoting such agreements for regional security,

⁵⁴ CD/1064.

Believing also that an important objective of conventional arms control in regions of tension should be to prevent the possibility of military attack launched by surprise and to avoid aggression,

1. *Decides* to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;
2. *Requests* the Conference on Disarmament, as a first step, to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;
3. *Decides* to include in the provisional agenda of its fifty-third session the item entitled "Conventional arms control at the regional and subregional levels".

Continuing to take the view that an enhanced level of transparency in armaments contributes greatly to confidence-building and security among States and that the establishment of the United Nations Register of Conventional Arms⁴ constitutes an important step forward in the promotion of transparency in military matters,

Welcoming the consolidated report of the Secretary-General on the Register,⁵⁵ which includes the returns of Member States for 1996,

Welcoming also the response of Member States to the request contained in paragraphs 9 and 10 of resolution 46/36 L to provide data on their imports and exports of arms, as well as available background information regarding their military holdings, procurement through national production and relevant policies,

Welcoming further the report of the Secretary-General on the continuing operation of the Register and its further development,⁵⁶

Stressing that the continuing operation of the Register and its further development should be reviewed in order to secure a Register that is capable of attracting the widest possible participation,
