(ii) To improve and facilitate currency management, by making currencies available for exchange with organizations' allocated currencies, for the purchase of needed currencies pending collection of particular contribution, and for advances of currencies which would otherwise have to be purchased by organizations with dollars;

(iii) For such other purposes as may be approved by the Technical Assistance Committee from time to time;

(b) The size of the Working Capital and Reserve Fund shall be determined from time to time by the Technical Assistance Committee;

(c) Withdrawals from the Working Capital and Reserve Fund shall be replaced before the end of the financial period in which they are made.

ANNEX II

Financial arrangements for 1955

(From paragraph 5 of section II of resolution 492 C (XVI) of the Economic and Social Council)

(a) Seventy-five per cent of total funds available, excluding carry-over, shall be available for allocation to the participating organizations after approval of country programmes by the Technical Assistance Board, in accordance with the percentages set forth in paragraph 8 (c)* of Council resolution 222 (IX) as amended and modified pursuant to paragraph 19 of the report of the Technical Assistance Committee to the thirteenth session of the Council;

(b) The balance of funds available, including carry-over, shall be retained in the Special Account (i) to cover the necessary minimum expenses of TAB and the resident representatives; and (ii) for further allocation to the participating organizations, as provided in Council resolution 433 (XIV);

(c) In establishing the level of the necessary administrative expense in the whole Programme, the need for economy, in view of the present level of operational expenditure, shall be fully taken into account.

ANNEX III

System of allocation of funds under the Expanded Programme

(Approved by the Economic and Social Council in paragraph 1 of section II of resolution 542 B (XVIII))

(a) As from 1 January 1955 and in relation to the programme for 1956 and subsequent years, the funds of the Expanded Programme of Technical Assistance shall no longer be allocated to the organizations participating in the Programme on the basis of percentages fixed in advance. The funds shall be distributed on the basis of the requests submitted by Governments and the priorities established by them, subject to the provisions of paragraph (b) below;

(b) The planning and approval of the programmes, and the allocation of funds for their implementation, shall be subject to the following procedure and principles:

(i) TAB shall formulate early in the year, as a guide in planning country and regional programmes, target figures showing the amount of expenditure on technical assistance which it may be possible to undertake during the ensuing year on the basis of an assumed financial availability. In order to ensure stable programming, sharp reductions in country target figures in any single year should normally be avoided, subject to the availability of financial resources. Country target figures, including agency sub-totals for each of the participating organizations, derived from their activities during the preceding year,

shall be communicated to the respective Governments. Governments shall, however, be at liberty to present their requests without being bound by these sub-totals;

(ii) Programmes shall be drawn up at the country level by the requesting Governments, in consultation with the resident representatives or such representatives of TAB as may be specially assigned for the purpose, due regard being paid to continuing commitments. Participating organizations shall continue to be responsible for advising and assisting the appropriate Government authorities in the technical planning of individual projects. The responsibility for co-ordinating consultations between Governments and participating organizations shall rest with the resident representatives or such representatives of TAB as may be specially assigned for the purpose;

(iii) The country programmes shall be forwarded by requesting Governments, with an indication of the priorities established by them, to TAB through the resident representatives. TAB shall consider the programmes, draw up the over-all Programme for the following year, including estimates of administrative and indirect operational costs, and submit it, with its recommendations, to TAC. In drawing up the Programme, TAB shall ensure that the ratio between the programmes to be implemented by the different participating organizations will make possible the authorization of allocations in accordance with sub-paragraph (vi) below;

(iv) TAC shall review the over-all Programme in the light of its importance for economic development; this review should not deal with country allocations or with the technical aspects of the Programme or the national development plans of the respective Governments, but should be concerned with over-all priorities, evaluation of the projects and the Programme inter-relationships. On the basis of this review, TAC shall approve the Programme, and its approval shall be a prerequisite for any commitment in regard to the implementation of the Programme. The preparation and review of the Programme and all other necessary steps shall be carried out in such a way that TAC will be in a position to approve the over-all Programme and authorize allocations to the participating organizations by 30 November, at the latest;

(v) Subject to the confirmation of the General Assembly, TAC shall authorize the allocation of funds to each of the participating organizations in proportion to their share in the approved over-all Programme, subject to paragraph (vi) below. These funds shall be drawn from the net financial resources, after setting aside the expenses of the TAB secretariat, the Reserve and Working Capital Fund, and a sum amounting to 5 per cent of the estimated resources for the financial year, which shall be allocated by the Executive Chairman of TAB to meet any urgent needs which may arise during the implementation of the annual Programme;

(vi) In order to avoid substantial fluctuations in the total amounts entrusted to each participating organization from year to year, the amount allocated to each of them for the coming year shall not be less than 85 per cent of the amount allocated to them under the current year's Programme, except that, if the estimated net financial resources for the ensuing year fall below the total allocations made during the current year, the amount allocated to each participating organization shall not be less than 85 per cent of its proportion of the allocations for the current year;

(vii) Any extraordinary requests submitted by a Government for modification of the Programme, received subsequent to TAC approval of the annual Programme, may be approved by TAB and reported to TAC at its next meeting. Should it not be possible to effect necessary increases and decreases within the programme of the country concerned, the funds available for allocation by the Executive Chairman under paragraph (v) may be used for this purpose;

(c) TAC shall continue to be under the authority of the Economic and Social Council, and its decisions subject to general policy review by the Council;

(d) The appropriate organs of the participating organizations are requested to continue to review the technical aspects of the programmes for which they assume responsibility, in the same way, in so far as possible, as they examine their regular programmes.
