

Recalling Economic and Social Council resolutions 1293 (XLIV) and 1294 (XLIV) of 23 May 1968 and World Health Assembly resolutions WHA18.47 of 20 May 1965, WHA20.42 and WHA20.43 of 25 May 1967 and WHA21.42 of 23 May 1968 urging controls on psychotropic substances not yet under international control,

Noting the progress made under the aegis of the Economic and Social Council to develop international control of psychotropic substances not yet under such control,

Requests the Economic and Social Council to call upon the Commission on Narcotic Drugs to give urgent attention to the problem of the abuse of the psychotropic substances not yet under international control, including the possibility of placing such substances under international control.

*1748th plenary meeting,
19 December 1968.*

2434 (XXIII). Technical assistance in the field of narcotics

The General Assembly,

Considering the responsibility that the United Nations exercises in the field of narcotic drugs under Chapter IX of the Charter of the United Nations and under the international narcotics treaties,

Conscious of the fact that narcotic drug abuse cannot be efficiently combated if the sources of the illicit traffic in narcotic drugs are not suppressed,

Recognizing that countries in which the narcotic raw materials are grown may not be able, by their own effort alone, to put an end to illicit cultivation,

Bearing in mind the recent reports to the Economic and Social Council on the work of the Commission on Narcotic Drugs and of the Permanent Central Narcotics Board,

Recalling its resolution 1395 (XIV) of 20 November 1959 which established a continuing programme of technical assistance for narcotics control,

Considering that drug addiction, where it is widespread, constitutes an obstacle to the economic and social development of the countries concerned and requires urgent and concerted efforts for its solution, which would have far-reaching and salutary effects on the ever-growing problem of drug abuse,

1. *Requests* the Secretary-General, in co-operation with the Commission on Narcotic Drugs and the International Narcotics Control Board and in consultation with interested Governments, to develop plans for putting an end to the illegal or uncontrolled production of narcotic raw materials and to submit these plans, through the Economic and Social Council, to the General Assembly at its twenty-fifth session;

2. *Invites* the specialized agencies, in particular the Food and Agriculture Organization of the United Nations, as well as the United Nations Conference on Trade and Development and the United Nations Industrial Development Organization, to participate fully in the preparation of these plans;

3. *Recommends* that the Governments concerned develop plans to seek assistance from these agencies, from the United Nations Development Programme and from bilateral sources in their efforts to develop alternative economic programmes and activities, such as the substitution of crops, as one of the most constructive

means of ending the illegal or uncontrolled cultivation of narcotic raw materials.

*1748th plenary meeting,
19 December 1968.*

2435 (XXIII). Assistance in cases of natural disaster

The General Assembly,

Recalling its resolution 2034 (XX) of 7 December 1965 on assistance to Governments in cases of natural disaster and its decision to review at its twenty-third session the experimental arrangements provided for in paragraph 5 of that resolution,

Having noted the views of the Economic and Social Council on the report of the Secretary-General on the activities of the United Nations family of organizations in connexion with natural disasters,¹⁵

Noting with satisfaction that the arrangements provided for in General Assembly resolution 2034 (XX) and the assistance extended to Governments by the Secretary-General under that resolution have contributed towards relieving the distress and hardships which follow natural disasters,

Noting with appreciation the co-operation and assistance offered by certain Governments and provided by various United Nations bodies and the specialized agencies, as well as by the League of Red Cross Societies and other voluntary organizations, in the implementation of General Assembly resolution 2034 (XX),

Having considered the view of the Secretary-General that United Nations assistance under General Assembly resolution 2034 (XX) would be of considerably wider use and benefit to the developing countries subject to natural disasters if its conditions were broadened,

Recognizing the importance of scientific research and modern technology in reducing the impact of natural disasters on man and society,

Reiterating the importance it attaches to adequate pre-disaster planning by Member States, in order to mitigate the effects of natural disasters,

1. *Invites* Governments which have not already done so to make national preparations to meet natural disasters, including administrative arrangements and such measures as training of relief personnel, stockpiling of supplies needed for disaster relief, earmarking of means of transportation and the development of warning systems and of means of speedy communication;

2. *Invites* Governments and organizations of the United Nations system, as well as other organizations concerned, to give full recognition to the need to promote scientific research regarding the causes and early manifestations of impending disasters, to ascertain and assess areas and places of high vulnerability, and to encourage preventive and protective measures, such as the construction of disaster-resistant housing;

3. *Urges* the Secretary-General, in co-operation with the organizations of the United Nations system as well as the League of Red Cross Societies and other organizations concerned, to consider ways of expanding assistance to Governments in the fields referred to in paragraphs 1 and 2 above;

¹⁵ *Official Records of the Economic and Social Council, Resumed Forty-fifth Session, Annexes, agenda item 1, document E/4544.*
