35/12. Effects of atomic radiation

The General Assembly,

Recalling its resolution 913 (X) of 3 December 1955, by which it established the United Nations Scientific Committee on the Effects of Atomic Radiation, and its subsequent resolutions on the subject, including resolution 34/12 of 9 November 1979, by which it, *inter alia*, requested the Scientific Committee to continue its work,

Taking note with appreciation of the report of the United Nations Scientific Committee on the Effects of Atomic Radiation,²

Concerned about the potentially harmful effects on present and future generations, resulting from the levels of radiation to which man is exposed,

Conscious of the continued need for examining and compiling information about atomic and ionizing radiation as well as for analysing its effects on man and his environment,

Noting that, in view of the amount of work involved in completing the forthcoming substantive report and of the desirability that some of the documents under review should undergo further consideration, the Scientific Committee decided to submit the report with scientific annexes to the General Assembly at its thirty-seventh session, rather than at its thirty-sixth session as originally planned,

1. *Commends* the United Nations Scientific Committee on the Effects of Atomic Radiation for the valuable contribution it has been making in the course of the past twenty-five years, since its inception, to wider knowledge and understanding of the levels, effects and

risks of atomic radiation, and for fulfilling its original mandate with scientific authority and independence of judgement;

2. *Notes with satisfaction* the continued and growing scientific co-operation between the Scientific Committee and the United Nations Environment Programme;

3. *Requests* the Scientific Committee to continue its work, including its important co-ordinating activities, to increase knowledge of the doses, effects and risks of ionizing radiation from all sources;

4. *Endorses* the Scientific Committee's intention to continue its activity of scientific review and assessment on behalf of the General Assembly;

5. *Requests* the United Nations Environment Programme to continue providing support for the effective conduct of the Scientific Committee's work and for the dissemination of its findings to the General Assembly, the scientific community and the public;

6. *Expresses its appreciation* for the assistance rendered to the Scientific Committee by Member States, the specialized agencies, the International Atomic Energy Agency and non-governmental organizations, and invites them to increase their co-operation in this field;

7. *Endorses* the Scientific Committee's renewed request that Member States and the United Nations agencies and non-governmental organizations concerned should provide further relevant data about doses, effects and risks from various sources of radiation, which would greatly help the Committee in the preparation of its next major report to the General Assembly.

ASSISTANCE TO PALESTINE REFUGEES

The General Assembly,

Recalling its resolution 34/52 A of 23 November 1979 and all previous resolutions on the question, including resolution 194 (III) of 11 December 1948,

Taking note of the report of the Commissioner-General of the United Nations Relief and Works Agency for Palestine Refugees in the Near East, covering the period from 1 July 1979 to 30 June 1980,³

1. *Notes with deep regret* that repatriation or compensation of the refugees as provided for in paragraph 11 of General Assembly resolution 194 (III) has not been effected, that no substantial progress has been made in the programme endorsed by the Assembly in paragraph 2 of its resolution 513 (VI) of 26 January 1952 for the reintegration of refugees either by repatriation or resettlement and that, therefore, the situation of the refugees continues to be a matter of serious concern;

2. *Expresses its thanks* to the Commissioner-General and to all the staff of the United Nations Relief and Works Agency for Palestine Refugees in the Near East, recognizing that the Agency is doing all it can within the limits of available resources, and also expresses its thanks to the specialized agencies and private

organizations for their valuable work in assisting the refugees;

3. *Reiterates its request* that the headquarters of the United Nations Relief and Works Agency for Palestine Refugees in the Near East should be relocated within the area of its operations as soon as practicable;

4. *Notes with regret* that the United Nations Conciliation Commission for Palestine has been unable to find a means of achieving progress in the implementation of paragraph 11 of General Assembly resolution 194 (III)⁴ and requests the Commission to exert continued efforts towards the implementation of that paragraph and to report to the Assembly as appropriate, but no later than 1 October 1981;

5. *Directs attention* to the continuing seriousness of the financial position of the United Nations Relief and Works Agency for Palestine Refugees in the Near East, as outlined in the report of the Commissioner-General;

6. *Notes with profound concern* that, despite the commendable and successful efforts of the Commissioner-General to collect additional contributions, this increased level of income to the United Nations Relief and Works Agency for Palestine Refugees in the Near East is still insufficient to cover essential budget requirements in the present year and that, at currently foreseen levels of giving, deficits will recur each year;

7. *Calls upon* all Governments as a matter of urgency to make the most generous efforts possible to meet the anticipated needs of the United Nations Relief and Works Agency for Palestine Refugees in the Near East, particularly in the light of the budgetary deficit projected in the report of the Commissioner-General, and therefore urges non-contributing Governments to contribute regularly and contributing Governments to consider increasing their regular contributions;

8. *Decides* to extend until 30 June 1984, without prejudice to the provisions of paragraph 11 of General Assembly resolution 194 (III), the mandate of the United Nations Relief and Works Agency for Palestine Refugees in the Near East.
