38/152. Review and appraisal of the implementation of the International Development Strategy for the Third United Nations Development Decade

The General Assembly,

Recalling its resolutions 3201 (S-VI) and 3202 (S-VI) of 1 May 1974, containing the Declaration and the Programme of Action on the Establishment of a New International Economic Order, 3281 (XXIX) of 12 December 1974, containing the Charter of Economic Rights and Duties of States, and 3362 (S-VII) of 16 September 1975 on development and international economic co-operation,

Recalling its resolution 35/56 of 5 December 1980, the annex to which contains the International Development Strategy for the Third United Nations Development Decade, and reiterating the goals and objectives contained therein,

Recalling also its resolution 37/202 of 20 December 1982, by which it established a committee of universal membership to carry out in 1984 the first overall review and appraisal of the implementation of the International Development Strategy, and provided for the necessary arrangements for fulfilling this task,

Recalling further its resolution 37/203 of 20 December 1982, in which it requested, *inter alia*, that, as part of the preparations for the review and appraisal of the International Development Strategy, an analysis also be made of the negative trends in the world economy which affect international economic co-operation,

Recalling the relevant provisions of Economic and Social Council decision 1983/184 of 29 July 1983,

Deeply conscious that the early part of the Third United Nations Development Decade has been a period of widespread economic stagnation and crisis, particularly in those developing countries where per capita income declined significantly, in marked contrast to the annual growth rate of about 4.5 per cent envisaged in the International Development Strategy,

Expressing its deep regret at the lack of progress in the launching of global negotiations, which are intended to be one of the principal instruments for facilitating the implementation of the International Development Strategy,

Reaffirming, in the context of the International Development Strategy, the continuing need to address the long-term structural economic problems,

Convinced of the urgent need for substantially greater efforts towards the implementation of the goals and objectives of the International Development Strategy in the remaining period of the Decade,

1. *Reiterates* the importance of achieving the goals and objectives of the International Development Strategy for the Third United Nations Development Decade;

2. *Reaffirms* that, in accordance with paragraphs 169 to 180 of the International Development Strategy, the process of review and appraisal of the implementation of the Strategy should consist of systematic scrutiny, within the context of an overall review of the international economic situation, of the progress made towards achieving the goals and objectives of the Strategy, and should ensure its effective implementation and strengthen it as an instrument of policy;

3. *Reaffirms also* the need, in the review and appraisal exercise, to identify and appraise the real causes for shortfalls encountered in the implementation of the International Development Strategy and to carry out, if necessary, the adjustment, intensification or reformulation of the policy measures foreseen in the Strategy in the light of evolving needs and developments, in order for the instrument to contribute effectively to the development of developing countries, with a view to the establishment of a new international economic order;

4. *Urges* all Governments and all concerned to implement fully the provisions of General Assembly resolution 37/202 in order to ensure the successful preparation and conclusion of the review and appraisal exercise;

5. *Recommends* that informal consultations be conducted by the Chairman of the Committee on the Review and Appraisal of the Implementation of the International Development Strategy for the Third United Nations Development Decade, prior to the substantive session of the Committee, to initiate preliminary discussions and an exchange of views on the review and appraisal of the Strategy as envisaged in paragraphs 2 and 3 above, and to review the preparation of documentation for the Committee;

6. *Decides* that documentation to be submitted to the Committee by relevant organs, organizations and bodies of the United Nations system should be concise and brief and should focus on the issues envisaged in paragraphs 2 and 3 above, as well as on questions addressed to them in the relevant provisions of General Assembly resolution 37/202;

7. *Requests* the Secretary-General, in pursuance of General Assembly resolutions 37/202 and 37/203, to prepare and submit to the Committee an analytical, comprehensive, consolidated and synthesized report on the implementation of the International Development Strategy, addressing the issues envisaged in paragraphs 2 and 3 above and drawing on the reports of the relevant organs, organizations and bodies of the United Nations system.

38/153. International code of conduct on the transfer of technology

The General Assembly,

Recalling its resolution 37/210 of 20 December 1982 and decision 145 (VI) adopted on 2 July 1983 by the
