*The General Assembly,*

Recalling its resolutions 35/105 of 5 December 1980 and 36/204 of 17 December 1981, in which, *inter alia*, it recognized the need for the adoption of special measures of assistance to enable Equatorial Guinea to rebuild its economy and to restore to normal the social and public services of the country, and drew the attention of the international community to the critical situation confronting Equatorial Guinea and to the list of urgent short-term and long-term projects required by the Government to carry out its programme of rehabilitation.

Recalling its resolution 37/133 of 17 December 1982, by which Equatorial Guinea was included in the list of the least developed countries,

Recognizing the critical situation still confronting Equatorial Guinea and the difficult task of reconstruction and development facing the Government of that country,

Recognizing also the essential role of both short-term and long-term international assistance in support of the efforts of the Government of Equatorial Guinea,

2. Calls upon regional and interregional organizations and other intergovernmental and non-governmental organizations, as well as international financial and devel-

opment institutions, to give urgent consideration to the establishment of a programme of assistance to Equatorial Guinea or, where one is already in existence, to the expansion of that programme, in response to the International Conference of Donors;

3. Requests the appropriate organizations and programmes of the United Nations system—in particular the United Nations Development Programme, the Food and Agriculture Organization of the United Nations, the International Fund for Agricultural Development, the World Bank, the World Food Programme, the World Health Organization, the United Nations Children's Fund and the United Nations Fund for Population Activities—to maintain and expand their programmes of assistance to Equatorial Guinea, to co-operate closely with the Secretary-General in organizing an effective international programme of assistance, to report periodically to the Secretary-General on the steps they have taken and the resources they have made available to help that country and to provide, as appropriate, all possible assistance to meet the critical humanitarian needs of the population and to provide food, medicines and essential equipment for hospitals and schools;

4. Requests the Secretary-General:

(a) To continue his efforts to mobilize the necessary resources for an effective programme of financial, technical and material assistance to Equatorial Guinea;

(b) To keep the situation in Equatorial Guinea under review, to maintain close contact with Member States, the specialized agencies, regional and other intergovernmental organizations and international financial institutions concerned and to apprise the Economic and Social Council, at its second regular session of 1984, of the status of assistance to Equatorial Guinea;

(c) To submit to the General Assembly at its thirty-ninth session a report on the economic situation of Equatorial Guinea and the progress made in implementing the present resolution, in particular the response of the international community to the International Conference of Donors.
