Danish nationals who also possess French nationality shall be deemed to have complied with their military obligations in France if they have complied with the said obligations in the Danish armed forces and can produce an official document issued by the Danish authorities in proof thereof.

Article 2

French nationals who also possess Danish nationality shall be deemed to have complied with their military obligations in Denmark if they have complied with the said obligations in the French armed forces and can produce an official document issued by the French authorities in proof thereof.

A time-limit of two years reckoned from the date of their discharge from military service shall be granted the persons concerned to enable them by production of the above-mentioned certificate to regularize their situation.

Article 4

Nationals who have voluntarily served in the armed forces of either State shall be deemed to have complied with their military obligations in Denmark and in France. A certificate specifying the nature of the services performed shall, where necessary, be issued to the persons concerned according to the provisions of the preceding articles.
