*Section 1*

1. The provisions of this Section shall apply only with respect to assistance furnished on a grant basis.

2. Recognizing that the success of the assistance program will depend upon expenditures of local currency in addition to aid rendered by the Government of the United States of America, the Royal Government of Cambodia will establish a Special Account in the Institute of Emission (hereinafter called Special Account) and will make deposits in piasters to this account as follows :

A. The piasters accruing to the Royal Government of Cambodia from the sale of commodities or services supplied under this Agreement, or otherwise accruing to the Royal Government of Cambodia as a result of the import of such commodities or services, shall be deposited upon receipt of such piasters.

B. If the amount of piasters deposited :

(1) is not commensurate with the value in dollars, given in the periodic notification made by the Government of the United States of America of the commodities and services furnished according to the provisions of this Agreement ; and

(2) in the opinion of the Government of the United States of America, appears insufficient in comparison with the amount of expenditures in piasters which the execution of the aid program will entail, the Royal Government of Cambodia at the request of the Government of the United States of America, will deposit supplementary amounts of piasters, on condition however that total deposits of piasters do not exceed such commensurate value.

The rate of exchange of the piaster to be applied in computing commensurate value shall be that which shall have been agreed to at such time with the International Monetary Fund, on condition that this rate is the single rate applicable to the purchase of dollars for imports into Cambodia.

If no such rate of exchange has been agreed, the rate adopted shall be the highest rate of exchange of the dollar in terms of piasters lawfully quoted for imports into Cambodia to which any legal personality shall be entitled at the time of each request for deposit made in accordance with the terms of this Agreement.

The Royal Government of Cambodia may at any time make advance deposits in the Special Account which shall be applied against subsequent requests for deposits pursuant to this paragraph.

C. In making requests for counterpart deposits under Annex, Section 1, Paragraph 2, B, the Government of the United States of America will have due regard to the ability of the Royal Government of Cambodia to make such deposits.

3. The Government of the United States of America will from time to time notify the Royal Government of Cambodia of its local currency requirements for administrative expenditures incident to the furnishing of assistance under this Agreement and the Royal Government of Cambodia will thereupon make such required sums in local currency available out of any balances in the Special Account in the manner requested by the Government of the United States of America in the notification.

4. The Royal Government of Cambodia will further make such sums of local currency available out of any balances in the Special Account as may be necessary to cover costs (including port, storage, handling, and similar charges) of transportation from any point of entry in Cambodia to the consignee's designated point of delivery in Cambodia of such commodities as are referred to in Section 4 of this Annex.

5. The Royal Government of Cambodia may draw upon any remaining balance in the Special Account for such purposes beneficial to Cambodia and connected with the purposes of this Agreement as may be agreed to from time to time by the High Contracting Parties.

#### *Section 2*

The Royal Government of Cambodia agrees to facilitate the production, transport, within its means, and the transfer to the Government of the United States of America for such period of time in such quantities and upon such terms and conditions of purchase as may be agreed upon, of raw and semi-processed materials required by the United

States of America as a result of actual or potential deficiencies in its own resources, and which may be available in Cambodia.

The conditions governing such transfers will be the object of particular agreements and will take into account the needs of Cambodia and the normal requirements of the French Union with respect to internal consumption and commercial export of such materials. The Government of the United States of America taking into account the needs expressed above, will have due regard for the need to maintain reasonable domestic stocks of Cambodia and of the French Union of the materials concerned.

### Section 3

The Royal Government of Cambodia will permit and give full publicity to the objectives and progress of the program under this Agreement and will make public each quarter full statements of operations under the present Agreement including information as to the use of funds, commodities, and services received.

### Section 4

The two Governments, upon request of either of them, will enter into negotiations for agreements compatible with the obligations of Cambodia within the framework of the customs union among Cambodia, Vietnam and Laos to facilitate the entry into Cambodia (including the provision of duty free treatment under appropriate safeguards), and the distribution in Cambodia of commodities sent in furtherance of projects of relief, rehabilitation and reconstruction in Cambodia and financed by such United States voluntary non-profit agencies as may be approved by the two Governments.

Excellency :

I have the honor to refer to the Economic Cooperation Agreement signed this day by the Government of the United States of America and the Royal Government of Cambodia. My Government has authorized me to give assurance that in connection with the provisions of the Annex, Section 1, Paragraph 3,

relative to the deposit of local currency by the Royal Government of Cambodia for the use of the Government of the United States of America for administrative expenditures incident to the furnishing of assistance under this Agreement, the Government of the United States of America does not intend in the period ending June 30, 1952, to request an amount of local currency for administrative expenses in excess of five percent of the total value of the dollar economic and technical aid furnished.
