No. 3030. EXCHANGE OF NOTES CONSTITUTING AN AGREEMENT¹ BETWEEN THE UNITED STATES OF AMERICA AND DENMARK RELATING TO AIR TRANSPORT SERVICES. WASHINGTON, 6 AUGUST 1954

I

The Secretary of State to the Danish Ambassador

DEPARTMENT OF STATE, WASHINGTON

August 6, 1954

Excellency:

I have the honor to refer to discussions and correspondence that have recently taken place relating to the establishment of an air route between Scandinavia and the United States by way of Greenland. The United States suggests that such a route be established in accordance with the following terms and conditions:

An airline or airlines designated by the Government of Denmark may operate on a route from Denmark, Norway, and Sweden via Greenland to Los Angeles in both directions.

An airline or airlines designated by the Government of the United States may operate on a route from the United States via Greenland to Copenhagen and beyond in both directions.

Operations by an airline or airlines designated by the Government of Denmark shall be limited to an experimental period of three years from the date on which a foreign air carrier permit shall be issued by the United States aeronautical authorities to such airline. If operating experience during the experimental period warrants making these routes permanent, the bilateral Air Transport Agreement between the United States and Denmark, effected by an exchange of notes signed at Washington on December 16, 1944,² shall be amended to provide for such routes. In this connection, the United States will be prepared to make arrangements with the Government of Denmark at the end of two years of operation on the experimental route to review the operating experience for the purpose of determining whether the route should be made permanent. If the agreement is amended at the end of three years to provide for permanent

routes as specified, the United States will wish also to amend the route now contained in paragraph B of the Annex to the Agreement by deleting Chicago.

The Air Transport Agreement between the United States and Denmark effected by an exchange of notes signed at Washington on December 16, 1944, as amended effective March 21, 1946¹ and as amended effective August 6, 1954,² shall apply to the airlines and their operations on the routes.

If the routes described above and the terms and conditions specified are in accordance with the understanding of the Government of Denmark, this Government will be pleased to consider this note and the reply of the Government of Denmark as constituting an agreement effective from the date of the Danish Government's reply of acceptance.

Accept, Excellency, the renewed assurances of my highest consideration.

For the Secretary of State:
Thorsten V. KALIJARVI

His Excellency Henrik de Kauffmann
Ambassador of Denmark

AIDE-MÉMOIRE

The Government of Denmark understands that the experimental period of three years, referred to in the exchange of notes, dated August 6, 1954 between the Ambassador of Denmark and the Secretary of State, relating to the establishment of an air route between Denmark and the United States by way of Greenland, applies to an airline or airlines designated by the Government of the United States as well as to an airline or airlines designated by the Danish Government to operate the air route involved, the experimental period to run concurrently for any such Danish and United States airline or airlines. In view of rights already granted to the United States in the Air Transport Agreement effected by an exchange of notes signed at Washington on December 16, 1944, as amended effective March 21, 1946, the expiration of the experimental period as applied to an airline or airlines of the United States will result only in the expiration of traffic rights at Greenland.

Furthermore, it is the understanding of the Government of Denmark that the Government of the United States is agreeable to the designated Danish airline or airlines carrying so-called third and fourth freedom traffic Copenhagen-Edmonton and *vice versa*, if and when the Canadian Government's consent may be obtained.
