[TRANSLATION — TRADUCTION]

No. 3589. AGREEMENT¹ BETWEEN FINLAND AND DENMARK RELATING TO THE RECIPROCAL RECOGNITION OF DRIVING PERMITS AND MOTOR-VEHICLE REGISTRATION CERTIFICATES. SIGNED AT STOCKHOLM, ON 15 SEPTEMBER 1956

With a view to facilitating road traffic between Finland and Denmark, the undersigned, being duly authorized thereto, have concluded the following agreement :

Article 1

A driving permit for motor vehicles (motor-cars or motor cycles), issued in one country (the home country) and valid there, shall entitle the holder during a temporary stay of not more than one year in the other country (the host country) to drive motor vehicles of the kind for which his driving permit qualifies him. In the case of a person who drives a motor vehicle for commercial purposes or whose main livelihood is derived from employment as a driver, the foregoing provision shall apply only on condition that the vehicle is registered elsewhere than in the host country. The driving permit shall serve as an identification document.

The right referred to in the foregoing paragraph shall lapse if the person concerned acquires a permanent domicile in the host country.

Article 2

If the holder of a valid driving permit for motor vehicles issued in the home country acquires a permanent domicile in the host country, he shall, on application, be entitled to receive an equivalent driving permit (valid for private use) in the latter country, even though the application is not accompanied by evidence that he has passed a driving test, on condition that he has in all other respects fulfilled the requirements prescribed in the host country for the issue of an equivalent driving permit.

Article 3

If a person who is temporarily resident in one country has there obtained a permit to drive a motor-car or motor cycle for a specified period (in Finland, a "driving authorization" (*ajolupa* — *körtillstånd*); in Denmark, a "temporary driving permit" (*midlertidigt førerbevis*)), he shall in the other country be

¹ Came into force on 1 November 1956, in accordance with article 7.

entitled during the validity of the permit to drive motor vehicles of the kind for which the permit qualifies him, on condition that he is not resident in the latter country. The permit shall serve as an identification document.

Article 4

A motor vehicle (including a trailer or side-car) registered in one country, may enter and, for not more than one year, be operated in the other country if it is in good working order and meets the requirements in force in the host country concerning axle load, total weight and width. Proof of registration shall consist, in the case of a Danish passenger vehicle or motor cycle (including a trailer or side-car), of the "registration plate" (*nummerplade*), or, in the case of any other Danish motor vehicle (including a trailer), of the "registration plate" and the "registration certificate" (*indregistreringsattest*); and, in the case of a Finnish vehicle, of an extract of the relevant register entry. The vehicle shall be provided with the national mark of the home country and with the registration plates assigned to it there.

The facilities referred to in the foregoing paragraph shall not apply if the owner of the vehicle has a permanent domicile in the host country.

Article 5

If a special permit has been granted in one country for the temporary use there of a motor vehicle, with or without a trailer or side-car, registered in a third country, the vehicle may, during the validity of the permit, be temporarily operated in the other country if it is in good working order and meets the requirements in force in that country concerning axle load, total weight and width. Identification papers shall consist, in the case of a vehicle for which a permit has been granted in Denmark, of a "temporary registration certificate" (*midlertidig indregistreringsattest*) and "frontier registration plates" (*grænsnummerplader*), and, in the case of a vehicle for which a permit has been granted in Finland, of a "permit certificate" (*lupakirja—tillståndsbevis*) and the corresponding plate. The plates or the "frontier registration plates", as the case may be, shall contain, after the serial number, the distinctive letters prescribed by international agreement for indicating nationality which in the case of Denmark consist of "DK" and in the case of Finland "SF". Letters and figures on plates shall be in red on a white ground.

A fee determined in advance may be charged for each plate upon issue.

Article 6

If it is evident that the conditions for obtaining a driving permit or other permit are no longer fulfilled, or if the holder of the permit has committed a

driving offence of such a nature as entails the forfeiture of the driving permit under the legislation of the host country, the competent authority of that country shall be entitled, notwithstanding the provisions of the foregoing articles, to refuse recognition, completely or for a fixed period, of a driving permit or other permit issued in the other country.

Where, as hereinbefore provided, recognition of a driving permit or other permit issued in one country is refused in the other country, the said permit shall be withdrawn and forthwith returned to the authority by which it was issued, and in this connexion the reason why recognition was refused shall be given, and a notation shall be made on the permit showing the period during which the holder is debarred from using it in the host country.

Article 7

This Agreement shall not apply to permits for the carriage of persons for hire or reward or the carriage of goods other than the personal baggage of the driver and passengers, nor shall it affect any regulations which are now in force or may in future be made in either country with regard to customs duties, to charges or taxes on motor vehicles (including trailers and side-cars), petrol, motor spirit, oil or tyres, or to the insurance of motor vehicles.

This Agreement, which annuls and supersedes the Agreement of 30 June 1930,¹ shall come into force on 1 November 1956 and shall remain in force until six months after the date on which it is terminated by either Contracting Party.

IN WITNESS WHEREOF the undersigned have signed this Agreement and have thereto affixed their seals.

DONE at Stockholm in duplicate on 15 September 1956.
