Sir,

In the course of the conversations leading up to the Trade Agreement signed this day, the Moroccan Delegation asked for certain explanations which I have the honour to repeat to you below :

(1) The purchase of wheat from abroad is reserved to the Italian State ;

(2) Import licences are not granted by the Italian Government, for the reasons explained in the course of the conversations, for the following products : packaged dried figs above 500 grammes per package ; carobs ; fresh grape must.

I have the honour to be, etc.
