If the foregoing proposal is agreeable to the Government of the Republic of Indonesia, my Government will consider this note and your reply note concurring therein as concluding an agreement between our respective Governments, replacing

Pending the negotiation and conclusion of a consular convention between Indonesia and the United States of America, the Government of the Republic of Indonesia is prepared to conclude a specific agreement with the Government of the United States of America, by an exchange of notes, providing, on a basis of reciprocity, that all Indonesian and American diplomatic and consular officers of career and members of their families living with them, as well as employees of the sending state, specifically appointed or assigned by the sending state to serve in its respective diplomatic or consular offices, who are nationals of the sending state and not engaged in any other occupation for gain in the country of the receiving state, shall be extended free entry privileges upon arrival to take up their duties and upon return from leave spent abroad, as well as the privilege of free importation of articles intended for their personal use at any time during official residence, provided the importation of such articles is not prohibited respectively by the laws of the Republic of Indonesia and the United States of America.
