(b) The Government of the Federal Republic of Germany shall use its best efforts to promote the exchange of goods and services between the Federal Republic of Germany and the Republic of Ireland in accordance with the arrangements envisaged in Article I.

Article III

The parties to this Agreement shall endeavour to encourage contacts between business representatives in order to re-establish the normal exchange of goods and services and to expedite the handling of goods. They shall also continue to grant most-favoured-nation treatment with regard to import duties and other levies on goods imported from each other.

Article IV

Payments in respect of trade and invisible transactions between the Federal Republic of Germany and the Republic of Ireland shall be effected in the same manner as payments between the Federal Republic of Germany and the other members of the Sterling Area.
