## ANNEX II ${ }^{1}$

## GENERAL AGREEMENT ON TARIFFS AND TRADE

# article XXVIII renegotiation of schedule XX 

## United States Compensatory Concessions to Japan

## General notes

1. The provisions of this Schedule are subject to the pertinent notes appearing at the end of Schedule XX (Geneva-1947) ${ }^{2}$ annexed to the General Agreement on Tariffs and Trade, as authenticated at Geneva on October 30, 1947.
2. The bracketed language in the description column of this Schedule has been inserted only in order to clarify the scope of the numbered concession items, and such language is not itself intended to describe articles on which concessions have been granted.
3. For the purpose of applying the one-year intervals provided for in the rate columns in this Schedule:
(a) The rate of duty specified in any rate column relating to an item shall be considered as being in effect even though there is being applied to an article provided for under such item either no duty or a lower rate of duty; and
(b) There shall be excluded any time during which a rate of duty higher than that specified in a rate column relating to an item is being applied to an article provided for under such item.
4. In the event that the staging of a concession is interrupted pursuant to paragraph 3 (b), the United States shall afford Japan and any other contracting party which has a substantial interest as an exporter of the product concerned, an opportunity for consultations or negotiations with a view to reaching agreement on a mutually satisfactory adjustment of the balance of concessions under the General Agreement. If agreement is not reached in such consultations or negotiations, Japan or any other substantially interested contracting party shall be free to suspend, modify, or withdraw substantially equivalent concessions initially negotiated with the United States.
