- (b) Your Administration would authorise to engage in amateur radio transmissions in Israel United Kingdom nationals who at the time when they applied to be so authorised were holders of current amateur radio transmitting licences which had been granted to them by the Postmaster General, the operating and technical qualifications required of the licence holder by the Postmaster General

¹ Came into force on 24 April 1966, the date of the note in reply, in accordance with the provisions of the said notes.

being of a standard acceptable to your Administration as a basis for authorising operation in Israel.

2. The authorisations referred to in 1 (a) above would be granted subject to such terms and conditions as the Postmaster General might prescribe.

3. The authorisations referred to in 1 (b) above would be granted subject to such terms and conditions as your Administration might prescribe.

I am to say that if your Administration would be prepared to enter into an agreement in the foregoing terms a reply from you to that effect and this letter would, if you so wished, be regarded by the Postmaster General as constituting such an agreement to take effect from the date of your reply and to be subject to termination by either party giving to the other six months notice in writing of its intention to terminate.

I am, Sir, your obedient Servant,

P. W. FRYER
