LONG-TERM TRADE AGREEMENT<sup>1</sup> BETWEEN THE  
BENELUX ECONOMIC UNION AND THE HUNGARIAN  
PEOPLE'S REPUBLIC

---

The Government of the Kingdom of the Netherlands, and  
The Government of the Kingdom of Belgium acting, by virtue of existing agreements, both on its own behalf and on behalf of the Government of the Grand Duchy of Luxembourg,

These Governments acting jointly by virtue of the Treaty instituting the Benelux Economic Union, signed at The Hague, on 3 February 1958,<sup>2</sup> being the Contracting Party of the one part, and

The Government of the Hungarian People's Republic, being the Contracting Party of the other part,

Desiring to promote economic relations between their territories to the greatest possible extent,

Have agreed as follows :

*Article I*

For the purposes of this Agreement, Netherlands, Belgian and Luxembourg goods shall be deemed to be those originating in the Benelux Economic Union.

Hungarian goods shall be deemed to be those originating in the Hungarian People's Republic.

*Article II*

The competent authorities of the Benelux Economic Union shall authorize the importation into the Benelux Economic Union, in accordance with the regulations in force, of Hungarian goods specified in schedule A annexed to this Agreement, at least in the quantities or up to the values specified for each of them.

For their part, the competent authorities of the Hungarian People's Republic shall authorize the exportation to the Benelux Economic Union of the said goods at least in the quantities or up to the values specified for each of them.

---

<sup>1</sup> Came into force on 12 December 1968 by the exchange of the instruments of ratification, which took place at Brussels, with retroactive effect from 1 January 1967, in accordance with article XV.

<sup>2</sup> United Nations, *Treaty Series*, vol. 381, p. 165.

*Article III*

The competent authorities of the Hungarian People's Republic shall authorize the importation into Hungary, in accordance with the regulations in force, of Netherlands, Belgian or Luxembourg goods specified in schedule B annexed to this Agreement, at least in the quantities or up to the values specified for each of them.

For their part, the competent authorities of the Benelux Economic Union shall authorize the exportation to the Hungarian People's Republic of the said goods, at least in the quantities or up to the values specified for each of them.

*Article IV*

The competent authorities of each of the Contracting Parties shall take the necessary measures to enable the quotas established in schedules A and B to be used fully, smoothly and without any discrimination. They shall also ensure that the relevant import licences are issued in due time, particularly in the case of seasonal goods.

The Contracting Parties affirm their willingness to execute this Agreement liberally, and shall accord to each other the most favourable treatment possible in the issue of import permits over and above the quotas established in the schedules in force, in accordance with their import policy and as far as the situation permits.

*Article V*

Schedules A and B annexed to this Agreement shall be valid for a period of one year, with retroactive effect from 1 January 1967.

The Joint Commission referred to in article VI shall be empowered to propose by agreement new schedules of goods for each of the following years, or amendments to the existing schedules.

In the event that new A and B schedules have not been drawn up for each subsequent year of validity of this Agreement, the existing annual schedules — and the letters referring thereto — shall be deemed to be renewed for a period of one year by tacit consent, unless one of the Contracting Parties denounces them two months before the expiry of the period of validity.

*Article VI*

A Joint Commission, composed of representatives of the Governments concerned, may be convened at any time at the request of either of the Contracting Parties to consider any questions which may arise in connexion

with the application of this Agreement. The Commission shall be empowered to submit to the Contracting Parties any proposals which may promote the harmonious development of trade between their territories.

#### *Article VII*

With regard to the provision of services, particularly in the field of international transport, the Contracting Parties agree to continue the exchange of traditional services on a non-discriminatory basis.

#### *Article VIII*

In order to promote trade between the territories of the Contracting Parties, goods imported for purposes of re-export shall not be charged to the quotas, provided that the origin of the goods is not changed and the internal regulations of the Contracting Parties are satisfied.

#### *Article IX*

In the case of exchanges between the territories of the Contracting Parties under contracts relating to job work, which shall be authorized by the competent authorities of the Contracting Parties, the Parties shall not impose licence-issuing procedures or customs-clearing formalities less advantageous than those imposed by them on similar exchanges with other countries.

#### *Article X*

The Contracting Parties express their readiness to foster under this Agreement the development of economic, industrial and technical co-operation between enterprises established in their respective territories.

The Contracting Parties shall promote the execution of contracts concluded and, in respect of deliveries thereunder, shall apply the most favourable conditions possible for the issue of import and export licences.

#### *Article XI*

Payments relating to trade between the territories of the Contracting Parties shall be settled in accordance with the provisions of the Payments

Agreement in force between the Benelux countries and the Hungarian People's Republic.

*Article XII*

This Agreement shall be ratified. The instruments of ratification shall be exchanged as soon as possible at Brussels.

*Article XIII*

In the case of the Kingdom of the Netherlands, this Agreement shall apply to the whole Kingdom unless otherwise provided in the Netherlands instrument of ratification.

*Article XIV*

Either of the Contracting Parties may propose the opening of negotiations to review the Agreement for the purpose of making any pertinent amendments thereto. In the event that such negotiations, which shall be conducted with a view to securing equal benefits for both Contracting Parties, produce no positive results within the twelve months following the date of notification of the review, the Agreement shall be deemed to be abrogated.

*Article XV*

This Agreement shall be valid for a period of three years and shall enter into force on the date of the exchange of the instruments of ratification, with retroactive effect from 1 January 1967.

It shall be considered to be renewed from year to year by tacit consent after 31 December 1969, if neither of the Contracting Parties denounces it in writing three months before the expiry of the period of validity.

However, pending the entry into force of the Agreement in the manner prescribed in this article, the Contracting Parties agree, in order to avoid any delay in its execution, to give it effect as from 1 January 1967 provisionally and in accordance with their respective constitutional arrangements.

IN WITNESS WHEREOF the undersigned, being duly authorized thereto, have signed this Agreement.

DONE at Budapest, on 26 April 1967, in triplicate in the French language.

## PROTOCOL ANNEXED TO THE LONG-TERM TRADE AGREEMENT BETWEEN THE BENELUX ECONOMIC UNION AND THE HUNGARIAN PEOPLE'S REPUBLIC

During the discussions which have led to the conclusion of the Long-Term Trade Agreement, the Delegation of the Benelux Economic Union informed the Hungarian Delegation that the competent authorities of the Benelux Economic Union had decided to authorize unilaterally the importation of goods of Hungarian origin listed in schedule H annexed to this Protocol, without quantitative limitation, beginning on the date of the entry into force of the above-mentioned Trade Agreement.

However, the competent authorities of Benelux reserve the right to withdraw one or more items from this schedule in the event that problems arise.

Before amending the said schedule, the Benelux authorities shall inform the Hungarian authorities of their decision to do so.

If the Hungarian Party expresses the desire, the Contracting Parties shall consult each other forthwith in order to seek a prompt and satisfactory remedy to the new situation, either by restoring the quotas established for the same items in schedule A 2 of the Second Protocol to the Long-Term Agreement, signed at Budapest on 26 November 1965, or by other appropriate means. In the meantime, measures may be taken to preserve the *status quo*.

This Protocol shall form an integral part of the Long-Term Trade Agreement.

## THE CHAIRMAN OF THE BENELUX DELEGATION

Budapest, 17 March 1967

Sir,

In the course of the negotiations which have led to today's initialling of the Long-Term Trade Agreement between the Hungarian People's Republic and the Benelux Economic Union, you raised the problem of the distribution of schedule A quotas between the Netherlands and the Belgo-Luxembourg Economic Union. In that connexion, I had the honour to inform you of the following :

The necessary measures have been taken under the Benelux common trade policy to ensure that the distribution of quotas established in schedule

A through the medium of the three competent national authorities of the member countries does not give rise to the non-fulfilment of the said quotas.

If necessary, corrective measures will be taken during the period of validity of the quotas.

Accept, Sir, etc.

## THE CHAIRMAN OF THE BENELUX DELEGATION

Budapest, 17 March 1967

Sir,

At the conclusion of the negotiations which have led to today's initialling of the Long-Term Trade Agreement between the Benelux Economic Union and the Hungarian People's Republic, I have the honour to state the following :

I understood you to express regret that the Benelux Delegation was unable to bring the quotas in schedule A up to the level of previous performance. I indicated to you at the time that the quotas laid down in previous agreements were able to be exceeded as a result of a liberal attitude prompted, it must be added, by the letter and spirit of those agreements.

I can assure you that the Benelux authorities will continue, as in the past, to treat imports from Hungary as liberally as possible.

### THE CHAIRMAN OF THE BENELUX DELEGATION

Budapest, 17 March 1967

Sir,

In the course of the negotiations which have led to today's initialling of the Long-Term Trade Agreement between the Benelux Economic Union and the Hungarian People's Republic, you expressed the desire for the inclu-

sion in schedule A of quotas for the importation into Benelux of the following products :

- Sugar confectionery, not containing cocoa
- Chocolate and other food preparations containing cocoa
- Wall tiles
- Cartridges for hunting
- Prepared explosives

I indicated that I was not at that time able to accede to your request.

However, I undertake to ensure that the competent authorities of the Benelux Economic Union will accord sympathetic consideration to the issue of import licences for these products originating in Hungary, as far as the situation permits, in order to maintain the traditional flow of imports of these products into the Benelux Economic Union.

I would appreciate it if you would kindly indicate your agreement with the foregoing.
