LONG-TERM TRADE AGREEMENT¹ BETWEEN THE BENE-
LUX ECONOMIC UNION AND THE POLISH PEOPLE'S
REPUBLIC. SIGNED AT WARSAW ON 22 AUGUST 1967

The Government of the Kingdom of the Netherlands, and

The Government of the Kingdom of Belgium acting, by virtue of existing agreements, both on its own behalf and on behalf of the Government of the Grand Duchy of Luxembourg,

These Governments acting jointly by virtue of the Treaty instituting the Benelux Economic Union, signed at The Hague, on 3 February 1958,² being the Contracting Party of the one part, and

The Government of the Polish People's Republic, being the Contracting Party of the other part,

Prompted by the desire to promote trade between their territories to the greatest possible extent and in accordance with the domestic regulations in force,

Considering that existing conditions are conducive to a more intensive development of economic relations between the Benelux Economic Union and the Polish People's Republic,

Desiring to continue their efforts to achieve the greatest possible liberalization in trade between their territories,

Have agreed as follows:

Article I

The instruments of ratification were deposited by the Netherlands (on behalf of the Kingdom as a whole) on 15 June 1968, by Poland on 26 July 1968, and by Belgium (in its own name and the name of Luxembourg) on 20 November 1969.

² United Nations, *Treaty Series*, vol. 381, p. 165.

Article II

The goods to be traded between the territories of the Contracting Parties under this Agreement and their treatment are specified in the annexed Protocols.

Article III

Within the context of their respective regulations, the competent authorities of the Contracting Parties shall adopt all appropriate measures to facilitate the harmonious utilization of the trade possibilities provided for in this Agreement.

Article IV

The Contracting Parties affirm their willingness to execute this Agreement liberally, and shall accord to each other the most favourable treatment possible in the issue of import permits over and above the quotas established in the schedules in force, in accordance with their import policy and as far as the situation permits.

Article V

In order to promote trade between the territories of the Contracting Parties, goods imported for purposes of re-export shall not, in principle, be charged to the quotas, provided that the origin of the goods is not changed.

Domestic regulations in the countries of the Contracting Parties must be complied with.

Article VI

In the case of exchanges between the territories of the Contracting Parties under contracts relating to job work, which shall be authorized by the competent authorities of the Contracting Parties, the Parties shall not impose licence-issuing procedures or customs-clearing formalities less advantageous than those imposed by them on similar exchanges with other countries. The exchanges effected under such contracts shall not, in principle, be charged to the quotas in force.

Article VII

The Contracting Parties express their readiness to foster under this Agreement the development of economic, industrial and technical co-operation between enterprises established in their respective territories.

Article VIII

Payments relating to trade between the territories of the Contracting Parties shall be settled in accordance with the provisions of the Payments Agreement in force between the Benelux countries and the Polish Republic.

Article IX

The Contracting Parties agree to pursue a policy of non-discrimination in the matter of international shipping.

To that end, the Governments of the Contracting Parties agree to refrain from any action detrimental to the shipping of the other Party.

Article X

A Joint Commission, composed of representatives of the Governments concerned, shall meet every year, at The Hague and at Warsaw alternately; it may also be convened whenever either of the Contracting Parties so requests.

The Joint Commission shall be empowered to submit to the Contracting Parties any proposals for furthering the development of trade between their territories and to consider any questions which may arise during the implementation of this Agreement.

In the event that the Joint Commission is convened to discuss the situation referred to in Protocol I, its competence shall be determined in accordance with the said Protocol.

Article XI

Either of the Contracting Parties may propose the opening of negotiations to review the Agreement for the purpose of making any pertinent amendments thereto. In the event that such negotiations, which shall be conducted with a view to securing equal benefits for both Contracting Parties, produce no positive results within the twelve months following the date of notification of the review, the Agreement shall be deemed to be abrogated.

Article XII

This Agreement shall be ratified or approved, in accordance with the domestic regulations in force in the respective countries. The instruments of ratification or approval shall be deposited with the Government of the Polish People's Republic as soon as possible.

Article XIII

In the case of the Kingdom of the Netherlands, this Agreement shall apply to the whole of the Kingdom unless otherwise provided in the Netherlands instrument of ratification.

Article XIV

This Agreement shall be valid for a period of three years and shall enter into force on the date of the deposit of the last instrument of ratification or approval, with retroactive effect from 1 January 1967.

It shall be considered to be renewed for one year by tacit consent after 31 December 1969, if neither of the Contracting Parties denounces it in writing three months before the expiry of the period of validity.

THE CHAIRMAN OF THE DELEGATION OF THE BENELUX ECONOMIC UNION

Warsaw, 20 December 1966

Sir,

In the course of the negotiations which have led to today's initialling of the Long-Term Trade Agreement between the Benelux Economic Union and the Polish People's Republic, you expressed the desire for the inclusion in schedule P 2 of quotas for the importation into Benelux of the following products:

Acetic acid

Calcium carbide

Basketwork, wickerwork and other articles of osier, peeled, weighing more than 2.5 kg each, and articles of osier, not peeled, weighing more than 1.5 kg each

Cycles, not motorized

Pedals

Tents

Sea fish, fresh, chilled or frozen

Zinc ingots and zinc alloys

Zinc sheets, including square or rectangular sheets

Potatoes for human consumption

Potatoes for industrial use

Absorbent gauze

I indicated that I was not at that time able to accede to your request. However, I undertake to ensure that the competent authorities of the Benelux Economic Union will accord sympathetic consideration to the issue of import licences for these products originating in Poland, as far as the situation permits, in order to maintain the traditional flow of imports of these products into the Benelux Economic Union.

I would be grateful if you would kindly indicate your agreement with the foregoing.

Accept, Sir, the assurances of my highest consideration.

LE PRÉSIDENT DE LA DÉLÉGATION DE L'UNION ÉCONOMIQUE BENELUX

Varsovie, le 20 décembre 1966

Monsieur le Président,

Me référant aux pourparlers qui ont abouti au paraphe, en date de ce jour, de l'Accord commercial à long terme entre l'Union économique Benelux et la République populaire de Pologne, et ayant pris note du voeu que vous avez exprimé de voir les Autorités compétentes du Royaume des Pays-Bas autoriser pour l'année 1967 l'importation vers les Pays-Bas d'une quantité de 300 000 tonnes de charbon polonais, j'ai l'honneur de vous confirmer ce qui suit :

1. Etant donné qu'en application des règlements gouvernementaux les livraisons de charbon en provenance des pays tiers doivent être limités en 1967 en raison des modifications structurelles dans le domaine énergétique, et prenant en considération l'actuel plan d'importation de charbon étranger vers les Pays-Bas pour cette même année, je ne suis pas en mesure de satisfaire pleinement à votre demande.

2. Il m'est toutefois agréable de porter à votre connaissance que les Autorités compétentes du Royaume des Pays-Bas ont donné leur accord en vue :

- a. d'autoriser pour l'année 1967 l'importation d'une quantité de 175 000 tonnes au minimum de charbon polonais;
- b. au cas où des circonstances imprévisibles pour le moment permettraient l'amélioration de la situation dans le domaine des importations de charbon en provenance des pays tiers — d'autoriser, dans le courant de cette même année, des importations additionnelles du charbon polonais dans la mesure où la situation du marché le permettrait.

Je vous saurais gré de vouloir bien me marquer votre accord sur ce qui précède.

Veuillez agréer, Monsieur le Président, l'assurance de ma haute considération.

THE CHAIRMAN OF THE DELEGATION OF THE BENELUX ECONOMIC UNION

Warsaw, 20 December 1966

Sir,

With reference to the discussions which have led to today's initialling of the Long-Term Trade Agreement between the Benelux Economic Union and the Polish People's Republic, and having taken note of the desire which you expressed that the competent authorities of the Kingdom of the Netherlands should authorize for the year 1967 the importation into the Netherlands of 300,000 tons of Polish coal, I have the honour to confirm the following:

1. Since government regulations require that coal supplies from third countries should be limited in 1967 owing to structural changes in the energy field, and considering the existing plan for the importation of foreign coal into the Netherlands for that year, I am not in a position fully to accede to your request.

2. I am pleased to inform you, however, that the competent authorities of the Kingdom of the Netherlands have agreed:

- (a) to authorize for the year 1967 the importation of a minimum quantity of 175,000 tons of Polish coal;
- (b) should currently unforeseeable circumstances produce an improvement in the situation with regard to coal imports from third countries, to authorize during that year additional imports of Polish coal to the extent that the market situation permits.

I would be grateful if you would kindly indicate your agreement with the foregoing.

Accept, Sir, the assurances of my highest consideration.
