---

<sup>1</sup> Came into force on 1 January 1971, i.e., the date mutually agreed upon by the Administrations of the two countries, in accordance with article XXXI (1).

*Article III*

## POSTAGE AND FEES

1. The Administration of origin is entitled to collect from the sender of each parcel the postage and the fees for requests for information as to the disposal of a parcel made after it has been posted, and also, in the case of insured parcels, the insurance fees and the fees for return receipts that may from time to time be prescribed by its regulations.

2. Except in the case of returned or redirected parcels, the postage and such of the fees mentioned in the preceding section as are applicable must be paid in advance.

*Article IV*

## PREPARATION OF PARCELS

Every parcel shall be packed in a manner adequate for the length of the journey and the protection of the contents as set forth in the Detailed Regulations. Each Administration may also undertake the necessary measures to ensure an accurate and exact description of the contents of outgoing parcels.

*Article V*

## PROHIBITIONS

1. The following articles are prohibited transmission by parcel post:
  - (a) A letter or a communication having the character of an actual and personal correspondence. Nevertheless, it is permitted to enclose in a parcel an open invoice confined to the particulars which constitute an invoice, and also a simple copy of the address of the parcel, that of the sender being added.
  - (b) An enclosure which bears an address different from that placed on the cover of the parcel.
  - (c) Any live animal, except bees.
  - (d) Any article the admission of which is forbidden by the customs or other laws or regulations in force in either country.

(e) Any explosive or inflammable article and, in general, any article the conveyance of which is dangerous, including articles which from their nature or packing may be a source of danger to postal employees or may soil or damage other articles.

(f) Articles of an obscene or immoral nature.

It is, moreover, forbidden to send coin, bank notes, currency notes, or any kind of securities payable to bearer; platinum, gold, or silver (whether manufactured or unmanufactured); precious stones, jewelry, or other precious articles in uninsured parcels.

If a parcel which contains coin, bank notes, currency notes, or any kind of securities payable to bearer, platinum, gold, or silver (whether manufactured or unmanufactured); precious stones, jewelry, or other precious articles is sent uninsured, it shall be placed under insurance by the Administration of destination and treated accordingly.

2. If a parcel contravening any of these prohibitions is handed over by one Administration to the other, the latter shall proceed in accordance with its laws and inland regulations. Explosives or inflammable articles, as well as documents, pictures, and other articles injurious to public morals, may be destroyed on the spot by the Administration which finds them in the mails.

3. The fact that a parcel contains a letter, or a communication having the nature of a letter, may not in any case entail return of the parcel to the sender. The letter, however, is marked for collection of postage calculated at double the rate applicable to the letter service from the country of origin to the country of destination.

4. The two Administrations advise each other, by means of the List of Prohibited Articles published by the International Bureau of the Universal Postal Union, of all prohibited articles. However, they do not on that account assume any responsibility towards the customs or police authorities, or the sender.

5. If a parcel wrongly admitted to the post is neither returned to origin nor delivered to the addressee, the Administration of origin shall be informed as to the precise treatment accorded to the parcel in order that it may take such steps as are necessary.

*Article VI*

## INSURANCE

1. Parcels may be insured up to the amount of 500 gold francs or its equivalent in the currency of the country of origin. However, the Chiefs of the two contracting Postal Administrations may, by mutual consent, increase or decrease this maximum amount of insurance.

2. A parcel cannot give rise to the right to an indemnity higher than the actual value of its contents, but it is permissible to insure it for only part of that value.

*Article VII*

## RESPONSIBILITY. INDEMNITY

1. The postal Administrations of the two countries concerned will not be responsible for the loss, abstraction, or damage of an ordinary parcel.

2. Except in the cases mentioned in the Article following, the contracting Administrations are responsible for the loss of insured parcels mailed in one of the two countries for delivery in the other and for the loss, abstraction of, or damage to their contents or a part thereof.

The sender or other rightful claimant, is entitled to compensation corresponding to the actual amount of the loss, abstraction, or damage. The amount of indemnity is calculated on the basis of the actual value (current price or, in the absence of current price, the ordinary estimated value) at the place where and the time when the parcel was accepted for mailing; provided in any case that the indemnity may not be greater than the amount for which the parcel was insured and on which the insurance fee has been collected, or the maximum amount of 500 gold francs.

In cases where the loss, damage, or abstraction occurs in the service of the country of destination, the Administration of destination may pay compensation to the addressee at its own expense and without consulting the Administration of origin; provided that the addressee can prove that the sender has waived his rights in the addressee's favor.

3. No indemnity is paid for indirect damages or loss of profits resulting from the loss, abstraction, damage, non-delivery, misdelivery, or delay of an insured parcel dispatched in accordance with the conditions of the present Agreement.

4. In the case where indemnity is payable for the loss of a parcel or for the destruction or abstraction of the whole of the contents thereof, the sender is entitled to return of the postal charges, if claimed. However, the insurance fees are not returned in any case.

5. *In the absence of special agreement to the contrary between the Administrations involved, which agreement may be made by correspondence* no indemnity will be paid by the Postal Administration of the United States for the loss, abstraction, or damage of transit insured parcels; that is, parcels originating in a country not participating in this Agreement and destined for Iran, or parcels originating in Iran and destined for a country not participating in this Agreement.

6. When an insured parcel originating in one country and destined to be delivered in the other country is reforwarded from there to a third country or is returned to a third country at the request of the sender or of the addressee, the party entitled to the indemnity in case of loss, abstraction, or damage occurring subsequent to the reforwarding or return of the parcel by the original country of destination, can lay claim, in such a case, only to the indemnity which the Administration of the country where the loss, abstraction, or damage occurred consents to pay, or which that Administration is obliged to pay in accordance with the agreement made between the Administrations directly interested in the reforwarding or return. Either of the two Administrations signing the present Agreement which wrongly forwards an insured parcel to a third country is responsible to the sender to the same extent as the country of origin, that is, within the limits of the present Agreement.

### *Article VIII*

#### EXCEPTIONS TO THE PRINCIPLE OF RESPONSIBILITY

1. The two Administrations are relieved from all responsibility:

- (a) When the parcel has been delivered to the addressee or it has been returned to the sender, and the addressee or the sender, as the case may be, has accepted delivery without any reservation;
- (b) In case of loss or damage through *force majeure*, although either Administration may at its option and without recourse to the other Administration pay indemnity for loss or damage due to *force majeure* even in cases where the Administration of the country in the service of which the loss or damage occurred recognizes that the damage was due to *force majeure*. The Administration responsible for the loss, abstraction,

or damage must decide in accordance with the internal legislation of the country whether this loss, abstraction, or damage was due to circumstances constituting a case of *force majeure*;

- (c) When, their responsibility not having been proved otherwise, they are unable to account for parcels in consequence of the destruction of official documents through *force majeure*;
- (d) When the damage has been caused by the fault or negligence of the sender, or the addressee, or the representative of either; or when it is due to the nature of the article;
- (e) For parcels which contain prohibited articles;
- (f) In case the sender of an insured parcel, with intent to defraud, shall declare the contents to be above their real value; this rule, however, shall not prejudice any legal proceedings necessitated by the legislation of the country of origin;
- (g) For parcels seized by the Customs because of false declaration of contents;
- (h) When no inquiry or application for indemnity has been made by claimant or his representative within a year commencing with the day following the posting of an insured parcel;
- (i) For parcels which contain matter of no intrinsic value or perishable matter, or which did not conform to the stipulations of this Agreement, or which were not posted in the manner prescribed; but the Administration responsible for the loss, abstraction, or damage may pay indemnity in respect of such parcels without recourse to the other Administration.

2. The responsibility of properly enclosing, packing, and sealing insured parcels rests upon the sender, and the postal service of neither country will assume liability for loss, abstraction, or damage arising from defects which may not be observed at the time of posting.

### Article IX

#### TERMINATION OF RESPONSIBILITY

1. The two Administrations shall cease to be responsible for parcels

which have been delivered in accordance with their internal regulations and of which their owners or their agents have accepted delivery. For this purpose, the administration may cause the verification of the contents of parcels before or at the time of delivery.

2. Responsibility is, however, maintained when the addressee or, in case of return, the sender makes reservations in taking delivery of a parcel the contents of which have been abstracted or damaged.

### *Article X*

#### PAYMENT OF COMPENSATION

The payment of compensation shall be undertaken by the Administration of origin except in the cases indicated in Article VII, Section 2, where payment is made by the Administration of destination. The Administration of origin may, however, after obtaining the sender's consent, authorize the Administration of destination to settle with the addressee. The paying Administration retains the right to make a claim against the Administration responsible.

### *Article XI*

#### PERIOD FOR PAYMENT OF COMPENSATION

1. The payment of compensation for an insured parcel shall be made to the rightful claimant as soon as possible and at the latest within a period of one year counting from the day following that on which the application is made.

However, the Administration responsible for making payment may exceptionally defer payment of indemnity for a longer period than that stipulated if, at the expiration of that period, it has not been able to determine the disposition made of the article in question or the responsibility incurred.

2. Except in cases where payment is exceptionally deferred as provided in the second paragraph of the foregoing Section, the Postal Administration which undertakes the payment of compensation is authorized to pay indemnity on behalf of the Office which, after being duly informed of the application for indemnity, has let nine months pass without settling the matter.

### *Article XII*

#### FIXING OF RESPONSIBILITY

1. Until the contrary is proved, responsibility for an insured parcel shall

rest with the Administration which, having received the parcel from the other Administration without making any reservation and having been furnished with all the particulars for investigation prescribed by the regulations, cannot establish either proper delivery to the addressee or his agent, or other proper disposal of the parcel.

2. When the loss, abstraction, or damage of an insured parcel is detected upon opening the receptacle at the receiving exchange office and after it has been regularly pointed out to the dispatching exchange office, the responsibility falls on the Administration to which the latter office belongs; unless it be proved that the irregularity occurred in the service of the receiving Administration.

3. If, in the case of a parcel dispatched from one of the two countries for delivery in the other, the loss, damage, or abstraction has occurred in course of conveyance without its being possible to prove in the service of which country the irregularity took place, the two Administrations shall bear the amount of compensation in equal shares.

4. By paying compensation, the Administration concerned takes over, to the extent of the amount paid, the rights of the person who has received compensation in any action which may be taken against the addressee, the sender, or a third party.

5. If a parcel which has been regarded as lost is subsequently found, in whole or in part, the person to whom compensation has been paid shall be informed that he is at liberty to take possession of the parcel against repayment of the amount paid as compensation.

### *Article XIII*

#### REPAYMENT OF COMPENSATION

1. The Administration responsible for the loss, abstraction, or damage and on whose account the payment is effected, is bound to repay the amount of the indemnity to the Administration which has effected payment. This reimbursement must take place without delay and at the latest within the period of nine months after notification of payment.

2. These repayments to the creditor Administration must be made without expense for that Office, by money order or draft, in money valid in the creditor country or in any other way to be agreed upon mutually by correspondence.

*Article XIV*

## CERTIFICATE OF MAILING. RECEIPTS

1. On request made at the time of mailing an ordinary (uninsured) parcel, the sender may receive a certificate of mailing from the post office where the parcel is mailed, on a form provided for the purpose; and each Administration may fix a reasonable fee therefor.

2. The sender of an insured parcel receives without charge at the time of posting, a receipt for his parcel.

*Article XV*

## RETURN RECEIPTS AND INQUIRIES

1. The sender of an insured parcel may obtain an advice of delivery (return receipt) on payment of such additional charge, if any, as the Administration of origin of the parcel shall stipulate and under the conditions laid down in the Regulations.

2. A fee may be charged, at the option of the Administration of origin, on a request for information as to the disposal of an ordinary parcel and also of an insured parcel made after it has been posted if the sender has not already paid the special fee to obtain an advice of delivery.

3. A fee may also be charged, at the option of the Administration of origin, in connection with any complaint of any irregularity which *prima facie* was not due to the fault of the Postal Service.

*Article XVI*

## CUSTOMS CHARGES

The Parcels are subject to all customs laws and regulations in force in the country of destination. The duties collectible on that account are collected from the addressee on delivery of the parcel in accordance with the customs regulations.

*Article XVII*

## CUSTOMS CHARGES TO BE CANCELED

The Administrations agree to cancel customs duties and other non-postal charges on parcels which are returned to the country of origin, abandoned by the senders, destroyed because the contents are completely damaged, or redirected to a third country.

*Article XVIII*

## FEE FOR CUSTOMS CLEARANCE

The office of delivery may collect from the addressee either in respect of delivery to the Customs and clearance through the Customs, or in respect of delivery to the Customs only, a fee not exceeding one gold franc per parcel or such other fee as it may from time to time fix for similar services in its parcel-post relations with other countries generally.

*Article XIX*

## DELIVERY TO THE ADDRESSEE. FEE FOR DELIVERY AT THE PLACE OF ADDRESS

Parcels are delivered to the addressees as quickly as possible in accordance with the conditions in force in the country of destination. The Administration of that country may collect in respect of delivery of parcels to the addressee a fee not exceeding 60 gold centimes per parcel. The same fee may be charged, if the case arises, for each presentation after the first at the addressee's residence or place of business.

*Article XX*

## WAREHOUSING CHARGE

The Administration of destination is authorized to collect the warehousing charge fixed by its legislation for parcels addressed "General Delivery" or "*Poste Restante*" or which are not claimed within the prescribed period. This charge may in no case exceed 10 gold francs.

*Article XXI*

## RECALL AND CHANGE OF ADDRESS

So long as a parcel has not been delivered to the addressee, the sender may recall it or cause its address to be changed. The Postal Administration of the country of origin may collect and retain for this service the charge fixed by its regulations. The requests for recall or change of address must be sent to the Central Administration at Washington in case of parcels destined for the United States, and to the Central Administration of Posts at Teheran in case of parcels destined for Iran.

*Article XXII*

## MISSENT PARCELS

Parcels received out of course, or wrongly allowed to be dispatched, shall be retransmitted or returned in accordance with the provisions of the Detailed Regulations.

*Article XXIII*

## REDIRECTION

1. A parcel may be redirected in consequence of the addressee's change of address in the country of destination. The Administration of destination may collect the redirection charge prescribed by its internal regulations. Similarly, a parcel may be redirected from one of the two countries whose Postal Administrations are parties to this Agreement to a third country provided that the parcel complies with the conditions required for its further conveyance and provided, as a rule, that the extra postage is prepaid at the time of redirection or documentary evidence is produced that the addressee will pay it.

2. Additional charges levied in respect of redirection and not paid by the addressee or his representative shall not be canceled in case of further redirection or of return to origin, but shall be collected from the addressee or from the sender as the case may be, without prejudice to the payment of any special charges incurred which the Administration of destination does not agree to cancel.

*Article XXIV*

## NON-DELIVERY

1. If a parcel is undeliverable, or is refused, it shall be returned without charge, through the appropriate exchange offices of the two contracting Administrations. The country of origin may collect from the sender for the return of the parcel a charge equal to the amount required to fully prepay the postage thereon when originally mailed.

2. The sender must state at the time of mailing, that, if the parcel cannot be delivered as addressed, it may be either (a) tendered for delivery at a second address in the country of destination, (b) treated as abandoned or (c) returned to sender. No other alternative is permissible. The request must appear on the parcel and the customs declaration and must be in conformity with or analogous to, one of the following forms:

“If undeliverable as addressed, deliver to . . .”

“If undeliverable as addressed, abandon.”

“If undeliverable as addressed, return to sender.”

3. In the absence of a request by the sender to the contrary, a parcel which cannot be delivered shall be returned to the sender without previous notification and at his expense thirty days after its arrival at the office of destination. Insured parcels shall be returned as such.

Nevertheless, a parcel which is definitely refused by the addressee shall be returned immediately.

#### *Article XXV*

##### SALE. DESTRUCTION

Articles of which the early deterioration or corruption is to be expected, and these only, may be sold immediately, even when in transit on the outward or return journey, without previous notice or judicial formality. #### *Article XXVI*

##### ABANDONED PARCELS

Parcels which cannot be delivered to the addressees and which the senders have abandoned shall not be returned by the Administration of destination, but shall be treated in accordance with its legislation. No claim shall be made by the Administration of destination against the Administration of origin in respect of such parcels.

#### *Article XXVII*

1. For each parcel exchanged between the contracting Administrations, the dispatching office credits to the office of destination in the parcel bills the quotas due to the latter and provided in the Detailed Regulations.

2. In case of reforwarding or return to origin of a parcel, if new postage and new insurance fees (in the case of insured parcels) are collected by the redispaching office, the parcel is treated as if it had originated in that country. Otherwise, the redispaching office recovers from the other office the quota due to it, namely, as the case may be:

- (a) The charges prescribed by Section 1 above;
- (b) The charges for reforwarding or return.

3. The sums to be paid for parcels in transit, that is, parcels destined either for a possession or for a third country, are either indicated in the Detailed Regulations or may be fixed by each Administration and advised by correspondence.

Addresses in pencil shall not be allowed except that parcels bearing addresses written with indelible pencil on a previously dampened surface shall be accepted. Between the inner receptacle (bottle, flask, box, etc.) and the outer receptacle (box of metal, strong wood, strong corrugated cardboard, or strong carton of fibreboard, or receptacle of equal strength), there must be left a space to be filled with sawdust, bran, or other absorbent material, in sufficient quantity to absorb all the liquid in case that the receptacle is broken.

2. Dry coloring powders, such as aniline blue, etc., are admitted only in resistant metal boxes which in turn are placed in boxes of wood or strong corrugated cardboard, with sawdust or any other absorbent or protective matter between the two containers. 2. The two Administrations accept no responsibility for the accuracy of customs declarations.

### *Article 9*

If the form does not reach the office of destination, that office makes out a duplicate.

2. The office of destination, after having duly filled out the return receipt form, returns it free of postage to the address of the sender of the parcel.

3. When the sender applies for a return receipt after a parcel has been mailed, the office of origin duly fills out a return receipt form and attaches it to a form of inquiry which is entered with the details concerning the transmission of the parcel and then forwards it to the office of destination of the parcel. In the case of the due delivery of the parcel, the office of destination withdraws the inquiry form, and the return receipt is treated in the manner prescribed in the foregoing Section.

### *Article 10*

#### INDICATION OF INSURED VALUE

Every insured parcel and the relative customs declaration shall bear an indication of the insured value in the currency of the country of origin. The indication on the parcel shall be written in Arabic figures. The amount of the insured value shall be converted into gold francs by the Administration of origin. *Article 11*

## INSURANCE NUMBERS, LABELS, SEALS

1. Each insured parcel must bear, on the address side, an insurance number and must bear a label with the word "Insured" or "*Valeur Déclarée*". The word used may be marked or stamped on the parcel. The insurance number will also be shown on the customs declaration.

2. The wax or other seals, the labels of whatever kind and any postage stamps affixed to insured parcels shall be so spaced that they cannot conceal injuries to the cover. Neither shall the labels or postage stamps, if any, be folded over two sides of the wrapping so as to hide the edge.

*Article 12*

## SEALING OF PARCELS

1. Ordinary parcels may be sealed at the option of the senders, or careful tying is sufficient as a mode of closing.

2. Every insured parcel shall be sealed by means of wax or by lead or other seals, the seals being sufficient in number to render it impossible to tamper with the contents without leaving an obvious trace of violation. Either Administration may require a special design or mark of the sender on the sealing of insured parcels mailed in its service, as a means of protection.

3. The Customs Administration of the country of destination is authorized to open the parcels. To that end, the seals or other fastenings may be broken. Parcels opened by the Customs must be refastened and also officially resealed.

*Article 13*

## INDICATION OF WEIGHT OF INSURED PARCELS

## PLACE OF POSTING

Each parcel and the relative customs declaration shall bear the name of the office and the date of posting.

*Article 15*

## RETRANSMISSION

1. The Administration retransmitting a missent parcel shall not levy customs or other non-postal charges upon it.

When an Administration returns such a parcel to the country from which it has been directly received, it shall refund the credits received and report the error by means of a verification note.

In other cases, and if the amount credited to it is insufficient to cover the expenses of retransmission which it has to defray, the retransmitting Administration shall allow to the Administration to which it forwards the parcel the credits due for onward conveyance; it shall then recover the amount of the deficiency by claiming it from the office of exchange from which the missent parcel was directly received. The reason for this claim shall be notified to the latter by means of a verification note.

2. When a parcel has been wrongly allowed to be dispatched in consequence of an error attributable to the postal service and has, for this reason, to be returned to the country of origin, the Administration which sends the parcel back shall allow to the Administration from which it was received the sums credited in respect of it.

3. The charges on a parcel redirected to a third country shall be claimed from the Administration to which the parcel is forwarded; unless the charge for conveyance is paid at the time of redirection, in which case the parcel shall be dealt with as if it had been addressed directly from the retransmitting country to the new country of destination. In case the Administration of the third country to which the parcel is forwarded refuses to assume the charges because they cannot be collected from the sender or the addressee, as the case may be, or for any other reason, they shall be charged back to the Administration of origin.

4. In the case of a parcel returned or reforwarded in transit through the United States to or from Iran, the Administration of the United States may

claim also the sum due to it for any additional territorial or sea service provided, together with any amounts due to any other Administration or Administrations concerned.

5. A parcel which is redirected shall be retransmitted in its original packing and shall be accompanied by the original customs declarations. If the parcel, for any reason whatsoever, has to be repacked or if the original customs declaration has to be replaced by a substitute declaration, the name of the office of origin of the parcel and the original serial number and, if possible, the date of posting at that office shall be entered both on the parcel and on the customs declaration.

2. The Administration which returns a parcel to the sender shall indicate clearly and concisely on the parcel and on the relative customs declaration the cause of nondelivery. This information may be furnished in manuscript or by means of stamped impression or a label. The original customs declaration belonging to the returned parcel must be sent back to the country of origin with the parcel.

3. A parcel to be returned to the sender shall be entered individually on the parcel bill with the word "Rebut" in the "Observations" column and returned without charge to the country of origin.

3. Insured parcels, sent from either country shall be entered individually on the parcel bills to show the insurance number, the insured value, the weight and the office (and state or country) of origin of each insured parcel as well as the total net weight of the parcels.

4. Parcels sent "*à découvert*" must be entered separately.

5. In the case of returned or redirected parcels the word "Returned" or "Redirected", as the case may be, must be entered on the bill against the individual entry. A statement of the charges which may be due on these parcels should be showed in the "Observations" column.

7. Each dispatching office of exchange shall number the parcel bills in the top left-hand corner in an annual series. A note of the last number of the year shall be made on the first parcel bill of the following year.

#### VERIFICATION BY THE EXCHANGE OFFICES

1. Upon receipt of a dispatch, the exchange office of destination proceeds to verify it. The entries in the parcel bill must be verified exactly. Each error or omission must be brought immediately to the knowledge of the dispatching exchange office by means of a Bulletin of Verification. A dispatch is considered as having been found in order in all regards when no Bulletin of Verification is made up.

If any error or irregularity is found upon receipt of a dispatch, all objects which may serve later on for investigations or for examination of requests for indemnity must be kept.

2. The dispatching exchange office to which a Bulletin of Verification is sent returns it after having examined it and entered thereon its observations, if any. That Bulletin is then attached to the parcel bills of the parcels to which it relates. Corrections made on a parcel bill which are not justified by supporting papers are considered as devoid of value.

3. If necessary, the dispatching exchange office may also be advised by telegram, at the expense of the office sending such telegram.

4. In case of shortage of a parcel bill, a duplicate is prepared, a copy of which is sent to the exchange office of origin of the dispatch.

5. The office of exchange which receives from a corresponding office a parcel which is damaged or insufficiently packed must redispach such parcel after repacking, if necessary, preserving the original packing as far as possible.

If the damage is such that the contents of the parcel may have been abstracted, the office must first officially open the parcel and verify its contents.

In either case, the weight of the parcel will be verified before and after repacking, and indicated on the wrapper of the parcel itself. That indication will be followed by the note "Repacked at . . .".

#### CREDITS

1. Each Administration will notify the other of the terminal credits due to it for parcels addressed for delivery in the service of its territory. These terminal credits shall be stated in gold francs per kilogram and computed on the bulk net weight of each dispatch.

2. Each Administration reserves the right to vary its terminal rates in accordance with any alterations of these charges which may be decided upon in connection with its parcel post relations with other countries generally.

3. Three months' advance notice must be given of any increase or reduction of the rates mentioned in this Article. Such reduction or increase shall be effective for a period of not less than one year.

### *Article 22*

#### ACCOUNTING

1. At the end of each quarter the receiving Administration makes up an account on the basis of the parcel bills covering dispatches during the quarter.

2. These accounts shall be submitted to the dispatching Administration for examination and acceptance as early as possible after the end of the quarter to which the accounts relate. Accepted copies of accounts shall be returned without delay.

3. Upon acceptance of the accounts of parcels forwarded in both directions the debtor Administration shall take steps to settle the net balance without delay by remittance means mutually agreed upon by correspondence. The expenses of payment are chargeable to the debtor Administration.
