SCHEDULE 1

WITHDRAWAL OF THE PROCEEDS OF THE CREDIT

1. The table below sets forth the categories of items to be financed out of the proceeds of the Credit, the allocation of amounts of the Credit to each category and the percentage of eligible expenditures so to be financed in each category:

<i>Category</i>	<i>Amount of the Credit Allocated (Expressed in Dollar Equivalent)</i>	<i>% of Expenditures to be Financed</i>
I. Construction and site development	1,500,000	80% of total expenditures

<i>Category</i>	<i>Amount of the Credit Allocated (Expressed in Dollar Equivalent)</i>	<i>% of Expenditures to be Financed</i>
II. Imported furniture and equipment	435,000	100% of foreign expenditures
III. Locally procured furniture	20,000	40% of total expenditures (representing the estimated foreign exchange component)
IV. Professional services and technical assistance	780,000	80% of total expenditures (representing the estimated foreign exchange component)
V. Unallocated	765,000	
TOTAL	<u><u>3,500,000</u></u>	

2. For the purposes of this Schedule:

(a) The term “foreign expenditures” means expenditures for goods produced in, or services supplied from, the territories, and in the currency, of any member of the Bank (other than the Borrower) or of Switzerland;

(b) The term “local expenditures” means expenditures in the currency of the Borrower, or for goods produced in, or services supplied from, the territories of the Borrower; provided, however, that if the currency of the Borrower is also that of another member of the Bank in the territories of which goods are produced or from the territories of which services are supplied, expenditures in such currency for such goods or services shall be deemed to be “foreign expenditures”; and

(c) The term “total expenditures” means the aggregate of foreign and local expenditures.

3. Notwithstanding the provisions of paragraph 1 above, no withdrawals shall be made in respect of:

(a) expenditures prior to the date of this Agreement; and

(b) payments for: (i) taxes imposed under the laws of the Borrower or laws in effect in its territories on goods or services, or on the importation, manufacture, procurement or supply thereof and (ii) taxes collected by any state party to the Treaty dated December 8, 1964 establishing the Central African Economic and Customs Union (C.A.E.C.U.), or any political subdivision of such state on, or in connection with, the importation of goods included in Categories I and II of the table in paragraph 1 above, and which the Borrower shall be entitled to receive under such Treaty. To the extent that the amount represented by a percentage set forth in the third column of the table in paragraph 1 above would exceed the amount payable net of all such taxes, such percentage shall be reduced to ensure that no proceeds of the Credit will be withdrawn on account of payments for such taxes.

4. Notwithstanding the allocation of an amount of the Credit set forth in the second column of the table in paragraph 1 above:

- (a) if the estimate of the expenditures under any Category shall decrease, the amount of the Credit then allocated to such Category and no longer required therefor will be reallocated by the Association by increasing correspondingly the unallocated amount of the Credit;
- (b) if the estimate of the expenditures under any Category shall increase, the percentage set forth in the third column of the table in paragraph 1 above in respect of such expenditures shall be applied to the amount of such increase, and a corresponding amount will be allocated by the Association, at the request of the Borrower, to such Category from the unallocated amount of the Credit, subject, however, to the requirements for contingencies, as determined by the Association, in respect of any other expenditures.

5. Notwithstanding the percentages set forth in the third column of the table in paragraph 1 above, if the estimate of total expenditures under Category I, III or IV shall increase and no proceeds of the Credit are available for reallocation to such Category, the Association may, by notice to the Borrower, adjust the percentage then applicable to such expenditures in order that further withdrawals under such Category may continue until all expenditures thereunder shall have been made.

PROCUREMENT

A. Contracts for Civil Works

1. Prequalification of contractors for civil works is required. The Borrower shall, before qualification is invited, inform the Association in detail of the procedure to be followed and shall introduce such modifications in said procedure as the Association shall reasonably request. The list of prequalified bidders, together with a statement of their qualifications and of the reasons for the exclusion of any applicant from prequalification, shall be furnished by the Borrower to the Association for its comments before the applicants are notified, and the Borrower shall make such additions or deletions from the said list as the Association shall reasonably request.

2. Before bids are invited, the Borrower shall furnish to the Association, for its comments, the text of the invitations to bid and the specifications and other

bidding documents, together with a description of the advertising procedure to be followed for the bidding, and shall make such modifications in the said documents or procedure as the Association shall reasonably request. Any further modification or addition to the bidding documents shall require the Association's concurrence before it is issued to the prospective bidders.

3. After bids have been received and evaluated, the Borrower shall, before a final decision on the award is made, inform the Association of the name of the bidder to whom it intends to award the contract and shall furnish to the Association, in sufficient time for its review, a detailed report of the Project Unit on the evaluation and comparison of the bids received, together with the recommendations for award of the Project Director, and the reasons for the intended award. The Association shall promptly inform the Borrower whether it has any objection to the intended award and shall state the reasons for any objection it may have.

4. If the contract shall be awarded over the Association's objection or if its terms and conditions shall, without the Association's concurrence, materially differ from those on which bids were asked, no expenditures thereunder shall be financed out of the proceeds of the Credit.

5. A conformed copy of the contract shall be furnished to the Association promptly after its execution.

6. The Borrower will request the Association's prior approval for any proposed change in a civil works contract involving a price increase of 10% or more of the contract sum together with an explanation of the proposed change.

B. *Contracts for Equipment and Furniture*

1. Before inviting bids, the Borrower will send to the Association, for its approval, the following:

- (a) lists of all items of equipment and furniture required for the Project showing the specifications and the estimated unit and total price of each item. Items will be indexed, coded and numbered for identification with (i) the Project institutions and (ii) the spaces for which the items are required. The items to be purchased will be grouped so as to permit such bulk procurement as shall be consistent with sound technical and procurement practices. Modifications to the furniture and equipment lists proposed subsequent to the Association's approval which do not exceed the equivalent of \$1,000 for any one group, or in the aggregate, 10% of the total proceeds of the Credit allocated to equipment and furniture, and which are in accordance with sound educational practices, may be made without the prior approval of the Association;
- (b) draft standard documents for inviting tenders, forms of contracts and descriptions of the methods to be used for obtaining bids on an international basis.

2. Financing out of the proceeds of the Credit will be limited to those items of equipment and furniture specified in the approved lists described above and identified in contract documents by the same indices, codes and numbers as in the lists.

3. For evaluating any competing bids received for imported and for locally manufactured furniture or equipment for the purposes of comparison, the following method will be used:

 - i) the ex-factory price of such goods; and
 - ii) inland freight, insurance and other costs of delivery of such goods to the place of their use or installation.
- (c) For the purpose of comparing any Foreign Bid with any Local Bid the comparison bid price under a Foreign Bid shall be the sum of the following amounts:

 - (ii) any such taxes, as generally apply to such goods if imported into the territories of the Borrower by non-exempt importers, or 15% of the amount specified in (c) (i) above, whichever shall be lower; and
 - (iii) inland freight, insurance and other costs of delivery of such goods to the place of their use or installation.

4. If (a) Foreign and Local Bids have been compared as provided in paragraph 3 above, or (b) a contract is proposed to be awarded to a bidder other than the lowest evaluated bidder (taking into account, if applicable, the foregoing paragraph B 3), or (c) a proposed award involves a difference in price of 10% or more from the original estimate as shown pursuant to paragraph B 1 (a) above, the Borrower will, after the bids have been evaluated and before making the award, send to the Association for its prompt approval, a summary and analysis thereof and a brief justification of the Borrower's proposal for the award.

5. Promptly after bids have been evaluated and a contract has been awarded and before submission to the Association of the first application for withdrawal of funds in respect of such contract, the following will be sent to the Association (if not already furnished under paragraph B 4 above);

- (a) certificate signed by the Project Director that the goods covered by the contract are in accordance with the quantities and specifications in the list approved by the Association;
- (b) list of the bids received;
- (c) brief analysis of the bids and justification for the Borrower's decision in making the award; and
- (d) conformed copy of the contract.

6. The Association shall promptly inform the Borrower if it finds that the award of the contract is not consistent with the Guidelines for Procurement described in Section 2.03 of this Agreement and, in such event, no expenditures under such contract shall be financed out of the proceeds of the Credit.
