*Item IV. Export Limitations :*

A. The export limitation period with respect to each commodity financed under this Agreement for commodities the same as the commodities financed under this Agreement shall be the period beginning on the date of this Agreement and ending on the terminal date of the supply period or on the date when all of the relevant commodities have been imported and utilized whichever date occurs later.

B. For the purposes of Part I, Article III A 3 of the Agreement, the commodities considered to be the same as the commodities financed under this Agreement are: for cotton—raw upland cotton and cotton textiles; for feedgrains—corn, cornmeal, barley, grain sorghum, rye, oats and including mixed feeds containing predominantly such grains; for tobacco—no export limitation required; for tallow—no export limitation required.

### C. Permissible Exports :

The Government of the Philippines agrees that should Philippine exports of cotton textiles be increased during United States Fiscal Year 1973, or any such subsequent supply period during which cotton is being imported or utilized, to over 41 million square yards it will procure and import with its own resources from the United States of America an additional quantity of cotton at least equal to the raw cotton content of such increase in its textile exports.

### *Item V. Self-Help Measures :*

The Government of the Philippines continues to accord high priority to increasing agricultural production and improving marketing. Among the principal areas to be emphasized are the following :

1. The Government of the Philippines will make every effort to assure that credit needs of small farmers, particularly in designated land reform areas, are satisfied. Short-term as well as medium- and long-term credit will be provided at reasonable interest rates.

2. The Government of the Philippines intends to focus priority attention to the establishment of a rational and comprehensive water development policy. The policy will insure that major efforts of government agencies are fully coordinated and directed to meeting the needs of the agricultural sector to the fullest extent and in the most efficient manner possible. Within this overall context the Government of the Philippines intends to give adequate attention to irrigation needs to insure success of the new multi-cropping emphasis outlined in the agricultural four-year plan.

3. The Government of the Philippines intends to focus a major portion of its efforts to upgrading adaptive agricultural research capabilities and to the development of new packages of technology for food and feedgrain crops other than rice.

4. The Government of the Philippines will give increased attention to the improvement and development of production, marketing and distribution systems for rice, feedgrains, fish, meat and meat products.

5. The Government of the Philippines has agreed to give continuing and expanded attention and support to ongoing population programs. This effort will include substantial local currency support, major assistance to and encouragement of initiatives by non-government organizations, active support from

Government of the Philippines' agencies and implementation of policies contained in the 1971 Philippine population law. The Government of the Philippines also agrees to the use of currency generated under this Agreement should it be necessary for successful implementation of the population programs.

6. In order to further accelerate agricultural and rural development, the Government of the Philippines will allocate an agreed percentage of the proceeds of this Agreement for the implementation of a program designed to bring electrification to the rural areas of the Philippines. In order to facilitate such a program, the Government of the Philippines has developed a Comprehensive National Electrification Plan which delineates the requirements and programs for the power sector including generation, transmission and distribution projects along with the proposed financial plan for implementing this program.

*Item VI.* Economic Development Purposes for Which Proceeds Accruing to Importing Country are to be Used :

For economic development purposes as may be mutually agreed upon, including the self-help measures specified in Item V.

*Item VII.* Other Provisions :

1. The Government of the exporting country shall bear the cost of ocean freight differential for commodities it requires to be carried in United States flag vessels but, notwithstanding the provisions of paragraph 1 of the Convertible Local Currency Credit Annex, it shall not finance the balance of the cost of ocean transportation of such commodities.

2. The currency use payment under Part II, Item II 2 of this Agreement shall be credited against (a) the amount of each year's interest payment due during the period prior to the due date of the first installment payment, starting with the first year, plus (b) the combined payments of principal and interest starting with the first installment payment, until value of the currency use payment has been offset.

3. Notwithstanding paragraph 4 of the Convertible Local Currency Credit Annex, the Government of the importing country may withhold from deposit in the special account referred to in such paragraph or may withdraw from amounts deposited therein so much of the proceeds accruing to it from the sale of commodities financed under this Agreement as is equal to the amount of the currency use payments made by the Government of the importing country.

4. With reference to paragraph 4 of the Convertible Local Currency Credit Annex, the Government of the importing country may make deposits of proceeds from the sale of commodities included in Item I above within one year from the sale of the commodities within the importing country.

IN WITNESS WHEREOF, the respective representatives, duly authorized for the purpose, have signed the present Agreement.

DONE at Manila, in duplicate, this 4th day of May 1972.
