LONG-TERM TRADE AGREEMENT¹ BETWEEN THE BENELUX
ECONOMIC UNION AND THE SOCIALIST REPUBLIC OF
ROMANIA

The Government of the Kingdom of the Netherlands, and

The Government of the Kingdom of Belgium acting, by virtue of existing agreements, both on its own behalf and on behalf of the Government of the Grand Duchy of Luxembourg,

These Governments acting jointly by virtue of the Treaty instituting the Benelux Economic Union, signed at The Hague, on 3 February 1958,² being the Contracting Party of the one part, and

The Government of the Socialist Republic of Romania, being the Contracting Party of the other part,

Desiring to promote the development of their economic relations,

Have agreed, in accordance with the regulations in force, as follows:

Article I. Trade in goods between the Contracting Parties shall be conducted on the basis of the schedules of goods annexed to this Agreement.

For the year 1970, trade between the Contracting Parties shall be that provided for in schedules A and B; however, trade shall not be restricted to the goods included in those schedules.

For each subsequent year of validity of this Agreement, schedules A and B shall be drawn up, by mutual agreement, using as a basis the schedules established for the preceding year, and taking into account the desire of the Contracting Parties to increase the volume of their trade.

Article II. The competent authorities of the Benelux Economic Union shall authorize the importation into the Benelux Economic Union of the Romanian goods specified in schedule A annexed to this Agreement, at least in the quantities or up to the values specified for each of them.

For their part, the competent authorities of the Socialist Republic of Romania shall authorize the exportation to the Benelux Economic Union of the said goods, at least in the quantities or up to the values specified for each of them.

¹ Applied provisionally from 1 January 1970 and came into force on 24 January 1972, the date of deposit of the final instrument of ratification with the Government of Belgium, with retroactive effect from 1 January 1970, in accordance with article XII. The instruments of ratification were deposited as indicated hereafter:

<i>State</i>	<i>Date of deposit</i>	
Belgium	18 June	1971
Luxembourg	18 June	1971
Romania	12 October	1971
Netherlands	24 January	1972
(For the Kingdom in Europe, Surinam and Netherlands Antilles.)		

² United Nations, *Treaty Series*, vol. 381, p. 165.

Article III. The competent authorities of the Socialist Republic of Romania shall authorize the importation into Romania of the Belgian, Luxembourg or Netherlands goods specified in schedule B annexed to this Agreement, at least in the quantities or up to the values specified for each of them.

For their part, the competent authorities of the Benelux Economic Union shall authorize the exportation to the Socialist Republic of Romania of the said goods, at least in the quantities or up to the values specified for each of them.

Article IV. Payments relating to trade between the Contracting Parties shall be settled in accordance with the provisions of the Payments Agreement in force between them, signed at Bucharest, on 30 September 1960.

Article V. The Contracting Parties agree to maintain and promote traditional trade in services, particularly in the field of international transport.

Article VI. In order to promote trade with one another, the Contracting Parties agree that goods imported for purposes of re-export shall not be charged against the quotas, provided that the origin of the goods is not changed and that the domestic regulations of the Contracting Parties are respected.

Article VII. In the case of trade in services conducted under job work contracts, which shall be authorized by the competent authorities of each of the Contracting Parties, the Parties agree not to impose license-issuing procedures or customs-clearing formalities less advantageous than those imposed by them on similar trade with other countries.

Such trade conducted under job work contracts shall not, in principle, be charged against the quotas included in the schedules of goods.

Article VIII. A Joint Commission, composed of representatives of the Contracting Parties, may meet whenever one of the Contracting Parties so requests to consider the trade situation and any difficulties which may arise during the implementation of this Agreement.

The Joint Commission shall be empowered to submit to the Contracting Parties any proposals for furthering the development of trade between the Parties.

Article IX. The Contracting Parties express their desire to foster, under this Agreement, the development of economic, industrial and technical co-operation between enterprises established in their respective territories.

For this purpose, the two Parties have agreed to accord to each other the most favourable treatment possible for the execution of co-operation operations, in accordance with their respective regulations.

Article X. In the case of the Kingdom of the Netherlands, this Agreement shall apply to the Kingdom in Europe, to Surinam and to the Netherlands Antilles, unless the Government of the Kingdom of the Netherlands, acting on behalf of the Government of Surinam and/or of the Government of the Netherlands Antilles, notifies the Government of the Socialist Republic of Romania to the contrary within one month after the entry into force of this Agreement.

Article XI. This Agreement shall be ratified or approved, according to the domestic regulations in effect in the respective countries. The instruments of ratification or approval shall be deposited with the Government of the Kingdom of Belgium as soon as possible.

Article XII. This Agreement, which supersedes the Trade Agreement signed at Brussels on 3 October 1968, shall be valid for a period of five years and shall enter into force on the date of the deposit of the final instrument of ratification or approval, with retroactive effect from 1 January 1970.

However, pending the entry into force of the Agreement in the manner prescribed in this article, the Contracting Parties agree, in order to avoid any delay in its implementation, to put it into effect provisionally as from 1 January 1970.

Either of the Contracting Parties may propose the opening of negotiations to review the Agreement for the purpose of making any pertinent amendments thereto. The Agreement shall be deemed to have lapsed if such negotiations, which shall be conducted with a view to securing equal benefits for both Contracting Parties and with due regard to the fundamental objectives of the Agreement, produce no positive results within the twelve months following the date of notification of the review.

IN WITNESS WHEREOF the undersigned, being duly authorized thereto, have signed this Agreement.
