Sir,

With reference to our discussions and correspondence regarding a grant of telecommunication equipment by the Government of Denmark to the Government of the People's Republic of Bangladesh, I have the honour to propose that the following provisions shall govern the transfer of the grant:

I. Subject to the following provisions and such other provisions as may be agreed upon between the Parties, the Government of Denmark shall make available to the Government of the People's Republic of Bangladesh telecommunication equipment to a value of 4 million Danish kroner.

II. The consignment will include the equipment or equipment similar to the items mentioned in the attached list.

III. The Danish International Development Agency will purchase the equipment and deliver the same C.I.F. at Chittagong or Chalna port. The consignment will be addressed to:

The Controller of Telegraph Stores
Bangladesh Telegraph and Telephone
Dacca

At least one month prior to the arrival of the goods the Danish International Development Agency will forward to the above consignee six (6) sets of non-negotiable shipping documents including insurance certificates. Negotiable shipping documents shall be sent to the Bangladesh Bank, Dacca.

IV. The Ministry of Post, Telegraph and Telephone will undertake all expenses involved in the clearance of the goods and their transport inside Bangladesh. It will also make arrangements for the prompt delivery and distribution of the goods.

V. At the completion of the distribution the Ministry of Post, Telegraph and Telephone will submit a report to the Danish International Development Agency regarding the utilization of the equipment supplied by the Government of Denmark.

If the foregoing provisions are acceptable to the Government of the People's Republic of Bangladesh, I have the honour to suggest that this letter and your reply to it constitute an agreement between our two Governments on this matter.
