WHEREAS the Government of the Republic of Greece (hereinafter called "Greece") has leased from the Government of the United States of America (hereinafter called the "United States") certain enriched uranium for use in the Democritos Research Reactor-1 (GRR-1) (hereinafter called the "Democritos reactor");

WHEREAS the International Atomic Energy Agency (hereinafter called the "Agency") and the United States on 11 May 1959 concluded an Agreement for Co-operation (hereinafter called the "Co-operation Agreement"),<sup>2</sup> under which the United States undertook to make available to the Agency pursuant to its Statute<sup>3</sup> certain quantities of special fissionable material;

WHEREAS Greece, desiring to obtain title to an additional portion of the enriched uranium previously leased to it to facilitate the operation of the Democritos reactor as a project for research on, and the practical application of, atomic energy for peaceful purposes, has requested the Agency to assist it in acquiring title to such portion of the uranium;

WHEREAS, in order to assist and encourage research on peaceful uses or for medical therapy, the United States has, in each calendar year, offered to distribute to the Agency, free of charge, special fissionable material of a value of up to US \$ 50 000 at the time of transfer, to be supplied from the amounts specified in Article II.A of the Co-operation Agreement;

WHEREAS the United States has found the project to which this Contract relates eligible under the gift offer for calendar year 1972 to the extent of US \$ 20 000;

WHEREAS Greece and the United States have concluded an amendment to their lease agreement under which the special nuclear materials lease account established by the United States for Greece will be credited with the value or worth of the nuclear material title to which is to be transferred hereunder; and

WHEREAS the Board of Governors of the Agency approved the project on 23 February 1971 and the Agency and Greece on 1 March 1972 concluded an agreement relating to the project (hereinafter called the "Project Agreement");<sup>4</sup>
