EXCHANGE OF NOTES CONSTITUTING AN AGREEMENT¹ BETWEEN THE UNITED STATES OF AMERICA AND AUSTRALIA RELATING TO THE IMPORTATION OF MEATS

I

May 16, 1975

Excellency:

I have the honor to refer to discussions between representatives of our two Governments relating to the importation into the United States for consumption of fresh, chilled, or frozen cattle meat (Item 106.10 of the Tariff Schedules of the United States) and fresh, chilled or frozen meat of goats and sheep, except lambs (Item 106.20 of the Tariff Schedules of the United States), during the calendar year 1975 and to the agreements between the United States and other countries, constituting the 1971 and 1972 restraint programs concerning shipments of such meats to the United States. With the understanding that similar agreements also will be concluded for the calendar year 1975 with the Governments of other countries that participated in the 1971 and 1972 restraint programs, I have the honor to propose the following Agreement between our two Governments:

1. On the basis of the foregoing, and subject to paragraph 4, the permissible total quantity of imports of such meats into the United States during the calendar year 1975 from countries participating in the restraint program shall be 1,161.9 million pounds, and the Government of Australia and the Government of the United States of America shall respectively undertake responsibilities as set forth below for regulating exports to, and imports into, the United States.
2. The Government of Australia shall limit the quantity of such meats exported from Australia as direct shipments on a through bill of lading to the United States for entry or withdrawal from warehouse for consumption during the calendar year 1975 to 615.1 million pounds or such higher figure as may result from adjustments pursuant to paragraph 4.
3. The Government of the United States of America may limit imports of such meats of Australian origin, whether by direct or indirect shipments, through issuance of regulations governing the entry or withdrawal from warehouse, for consumption in the United States, provided that, with respect to imports which are direct shipments from Australia: (a) such regulations shall not be employed to govern the timing of entry or withdrawal from warehouse for consumption of such meat from Australia; and (b) such regulations shall be issued only after consultation with the Government of Australia pursuant to paragraph 6 and only in circumstances where it is evident after such consultations that the quantity of such meat likely to be presented for entry or withdrawal from warehouse for consumption in the calendar year 1975 will exceed the quantity specified in paragraph 2, as it may be increased pursuant to paragraph 4.
4. The Government of the United States of America may increase the permissible total quantity of imports of such meats into the United States during the calendar year 1975 from

countries participating in the restraint program or may allocate any estimated shortfall in a share of the restraint program quantity or in the initial estimates of imports from countries not participating in the restraint program. Thereupon, if no shortfall is estimated for Australia, such increase or estimated shortfall shall be allocated to Australia in the proportion that 615.1 million pounds bears to the total initial shares from all countries participating in the restraint program which are estimated to have no shortfall for the calendar year 1975. The foregoing allocation shall not apply to any increase in the estimate of imports from countries not participating in the 1975 restraint program.

5. The Government of the United States of America shall separately report meats which have been refused entry because of failure to meet appropriate standards prescribed pursuant to the Federal Meat Inspection Act, as amended, and such meats will not be regarded as part of the quantity described in paragraph 2.

6. The Government of Australia and the Government of the United States of America shall consult promptly upon the request of either Government regarding any matter involving the application, interpretation or implementation of this Agreement, and regarding increase in the total quantity permissible under the restraint program and allocation of shortfall. In particular, consultations regarding these matters and the market situation shall be held before the beginning of each calendar quarter.

7. In the event that quotas on imports of such meats should become necessary, the representative period used by the Government of the United States of America for calculation of the quota for Australia shall not include the period between October 1, 1968, and June 30, 1972, or the calendar year 1975, except by the agreement of the Government of Australia.

8. (a) To enable both Governments to follow progress under this Agreement, the Government of the United States of America shall provide to the Government of Australia as soon as possible after the end of each month:

- (i) details from all supplying countries of imports into the United States to that date;
- (ii) an estimate of the expected supply/shipment position by country and in total.

(b) As soon as possible after the end of each month the Government of Australia shall provide to the Government of the United States of America details of scheduled arrivals to December 31, 1975, ship by ship and port by port, based on actual loadings in Australia.

I have the honor to propose that, if the foregoing is acceptable to the Government of Australia, this note together with your Excellency's confirmatory reply constitute an agreement between our two Governments which shall enter into force on the date of your reply.

Accept, Excellency, the renewed assurances of my highest consideration.

For the Secretary of State:
