\* Exports from the Republic of Korea may exceed this level by an amount up to 191,000 numbers, including any adjustments under paragraph 5 and 7. Such amounts, less any adjustments made under paragraphs 5 and 7, will be charged equally to the levels for Category 224 (suits) for the second and third agreement years.

5. (a) Within the aggregate limit the export limits in each group may be exceeded in any agreement year by 15 percent for Group I, 7 percent for Group II and 1 percent for Group III.

(b) Within the aggregate and applicable group limits as adjusted pursuant to this paragraph, exports in categories with specific limits may exceed such limits by 10 percent for categories in Group I, 7 percent for categories in Group II and 5 percent for categories in Group III.

(c) For purposes of calculating the aforementioned percentages, the limits referred to in this paragraph are without adjustments under this paragraph or under paragraph 7.

6. (a) For the second agreement year, the aggregate limit shall be increased by 6.25 percent over the aggregate limit for the first agreement year and, for the third agreement year, by 6.75 percent over the second agreement year. Within that limit, the limit for Group III shall be increased by 1 percent during each of the second and third agreement years.

(b) Within the aggregate and applicable group limits, all specific limits shall be increased by 6.25 percent in the second agreement year and by 6.75 percent in the third agreement year except those specific limits in Group III, which shall be increased by 1 percent in each year, and those limits for the following categories, which shall be as set forth herein for the second and third agreement years:

<i>Category</i>	<i>Unit of Measure</i>	<i>Limit</i>

120.....	No.	320,448	320,448

(c) The difference between amounts resulting from the application of 6.25 percent and 6.75 percent annual growth to the aggregate limit, during the second and third agreement years, respectively, and 1 percent annual growth to the limit for Group III shall be divided *pro rata* between Groups I and II during the applicable agreement year.

(d) The limits referred to in this paragraph are without adjustments under any other provision of this agreement.

7. (a) In any agreement year, exports may exceed by a maximum of 11 percent the aggregate limit and any group or specific limit by allocating to the limits for that year an unused portion of the applicable limit for the previous agreement year (carryover) or a portion of the applicable limit for the succeeding agreement year (carry forward).

- (i) Carryover may be utilized as available up to 11 percent of the receiving year's applicable limits;
- (ii) Carry forward may be utilized up to 6 percent of the receiving year's applicable limits and charged against the next year's applicable limits;
- (iii) The combination of carryover and carry forward may not exceed 11 percent of the receiving year's applicable limits in any agreement year.

Notwithstanding the foregoing, carryover of shortfalls into the first agreement year shall not be more than 5 percent of the applicable limits for the year ending September 30, 1974, provided for in the Agreements between the Governments concerning trade in cotton textiles of December 30, 1971, as amended, and in wool and man-made fiber textiles of January 4, 1972, as amended.

(b) For the purposes of this agreement, a shortfall occurs when exports from the Republic of Korea to the United States during an agreement year are below the aggregate limits in this agreement or the limits in force for the year ending September 30, 1974, provided for in the agreements referred to in sub-paragraph (a) above. In the agreement year following the shortfall, exports from the Republic of Korea may be permitted to exceed the aggregate, group, and specific limits in accordance with the provisions of sub-paragraphs (a) and (b) of this paragraph by carryover of shortfalls in the following manner:

- (i) The carryover shall not exceed the amount of shortfall in either the aggregate limit or any applicable group or specific limits; and
- (ii) In the case of shortfalls in the categories (or combination of categories) subject to specific limits, the shortfalls shall be used in the same category (or combination of categories) in which the shortfall occurred; and
- (iii) In the case of shortfalls not attributable to categories (or combination of categories) subject to specific limits, the carryover shall be used in the same group in which the shortfall occurred.

(c) The limits referred to in sub-paragraphs (a) and (b) of this paragraph are without any adjustments under this paragraph or paragraph 5 above.

(d) The total adjustment under this paragraph shall be in addition to the adjustments permitted by paragraph 5 to the limits for any year.

8. (a) Categories not given specific limits are subject to consultation levels and to the aggregate and applicable group limits. Except as indicated in annex B for the first agreement year and in sub-paragraph (b) of this paragraph for the second and third agreement years, consultation levels for each agreement year for each category not given a specific ceiling shall be 1,000,000 square yards equivalent for categories in Group I, 700,000 square yards equivalent for categories in Group II, and 100,000 square yards equivalent for categories in Group III.

(b) Consultation levels higher than the foregoing amounts for the first agreement year are set forth in Annex B. For the second and third agreement years, the following procedures shall apply with respect to exports during each of those agreement years in each category not subject to a specific limit:

(i) By August 15 immediately preceding the applicable agreement year the Government of the Republic of Korea shall notify the Government of the United States of America of anticipated exports in each such category during that agreement year. Following receipt of such notice, the Government of the United States of America shall have 30 days in which to request consultations with respect to any category.

(ii) When the Government of the United States of America requests consultations, the Government of the Republic of Korea shall meet promptly with the Government of the United States of America to work out a mutually satisfactory solution to such problems as may exist with respect to the anticipated exports referred to under sub-paragraph (b) (i) of this paragraph. The consultations shall be concluded within 30 days, unless the two Governments agree otherwise. In the event that such consultations do not result in a mutually acceptable solution, the Government of the Republic of Korea shall limit its exports in any category in question during the agreement year in question to the level requested by the Government of the United States of America at the conclusion of such consultations.

(iii) If no consultations are requested by the Government of the United States of America, the Government of the Republic of Korea shall not permit exports to exceed the level stated by the Government of the Republic of Korea under sub-paragraph (b) (i) of this paragraph without the specific concurrence of the Government of the United States of America to such additional exports. The Government of the Republic of Korea may request such concurrence at any time it believes appropriate. The Government of the United States of America shall give due consideration to such request and shall respond within 21 days of receipt of such request.

9. The Government of the Republic of Korea shall use its best efforts to space exports to the United States within each category evenly throughout the agreement year, taking into consideration normal seasonal factors.

10. The Government of the United States of America shall promptly supply the Government of the Republic of Korea with data on monthly imports of cotton, man-made fiber and wool textiles from the Republic of Korea; and the Government of the Republic of Korea shall promptly supply the Government of the United States of America with data on monthly exports of cotton, man-made fiber and wool textiles from the Republic of Korea to the United States. Each Government agrees to supply promptly any other pertinent and readily available statistical data requested by the other Government.

11. (a) In implementing this agreement, the system of categories and the rates of conversion into square yards equivalent listed in the Annex A hereto shall apply.

(b) Tops, yarns, piece goods, made-up articles, garments and other textile manufactured products (being products which derive their chief characteristics from their textile components) of cotton, wool, man-made fibers, or blends thereof, in which any or all of those fibers in combination represent either the chief value of the fibers or 50 percent or more by weight (or 17 percent or more by weight of wool) of the product, are subject to this agreement.

(c) For the purposes of this agreement, textile products shall be classified as cotton, wool or man-made fiber textiles if wholly or in chief value of either of these fibers. All other products described in sub-paragraph (b) of this paragraph shall be classified as:

- (i) Cotton textiles if containing 50 percent or more by weight of cotton, or if the cotton component exceeds by weight the wool and/or the man-made fiber component;
- (ii) Wool textiles if not cotton, and the wool equals or exceeds 17 percent by weight of all component fibers; and
- (iii) Man-made fiber textiles if neither of the foregoing applies.

12. (a) Subject to agreed certification procedures, exports of Tackwondo and Judo suits from the Republic of Korea to the United States will not be subject to the provisions of this agreement. Exports of animal toys and similar "non-textile items" from the Republic of Korea to the United States also will not be subject to the provisions of this agreement. The precise items within the purview of this paragraph will be determined by consultations between the two Governments and will be subject to an agreed certification procedure.

(b) Exports of cotton, wool and man-made fiber textiles and apparel in shipments individually valued at less than \$250.00 shall not be charged to the limits of this agreement.

(c) All items previously agreed upon as being exempt from the Cotton Textile Agreement of December 30, 1971, and the Wool and Man-Made Fiber Textile Agreement of January 4, 1972, shall be exempt from the provisions of this agreement, and the certification procedures provided therefor shall be continued for the duration of this agreement.

13. If, having regard to the provisions of the Arrangement, the Government of the Republic of Korea considers that it is being placed in an inequitable position *vis-à-vis* a third country, the Government of the Republic of Korea may request consultations with the Government of the United States of America with a view to taking appropriate remedial action. The Government of the United States of America will consult with the Government of the Republic of Korea in the event of such a request.

14. Mutually satisfactory administrative arrangements or adjustments may be made to resolve minor problems arising in the implementation of this agreement, including differences in points of procedure or operation.

15. The Government of the Republic of Korea and the Government of the United States of America agree to consult on any questions arising in the implementation of this agreement.

16. For the duration of this agreement, the Government of the United States of America shall not invoke the procedures of Article 3 of the Arrangement to request restraint on the export of cotton, wool and man-made fiber textiles from the Republic of Korea to the United States. Each Government reserves its rights under the Arrangement with respect to textiles and textile products not subject to this agreement.

17. The Government of the Republic of Korea shall administer its export control system under this agreement. The Government of the United States of America may assist the Government of the Republic of Korea in implementing the limitation provisions of this agreement by controlling imports of textile products covered by the agreement.

18. The Government of the Republic of Korea and the Government of the United States of America may at any time propose revisions in the terms of this agreement. Each Government agrees to consult promptly with the other Government about such proposal with a view to making such revisions to the present agreement, or taking such other appropriate action, as may be mutually agreed upon.

19. Either Government may terminate this agreement effective at the beginning of a new agreement year by written notice to the other Government to be given at least ninety days prior to the beginning of such new agreement year.

If the foregoing conforms with the understanding of your Government, this note and Your Excellency's note of confirmation on behalf of the Government of the Republic of Korea shall constitute an agreement between our two Governments.

Accept, Excellency, the renewed assurances of my highest consideration.
