Article 6. (1) Where a person who is insured under the legislation of one Party and is employed by an employer in the territory of that Party is sent by that employer to work in the territory of the other Party, the legislation of the former Party concerning liability for contributions shall continue to apply to him for the first 24 months of that employment as if he were employed in the territory of that Party and no contributions shall be payable in respect of that period of employment under the legislation of the latter Party. Where for unforeseen reasons his employment in the territory of the latter Party continues after such period of 24 months, the legislation of the former Party shall continue to apply to him for any further period of not more than 12 months, provided that the competent authority of the latter Party agrees thereto before the end of the first period of 24 months.

- (a) Subject to the provisions of sub-paragraphs (b) and (c) of this paragraph, where a person is employed by an undertaking which has its principal place of business in the territory of one Party, the legislation of that Party concerning liability for contributions shall apply to him as if he were employed in its territory, even if he is employed in the territory of the other Party;

Article 8. (1) This Convention shall not apply to established members of the Diplomatic Service of either Party.

(2) Subject to the provisions of paragraph (1) of this article, where any person, who is in the Government Service of one Party or in the service of any public corporation of that Party, is employed in the territory of the other Party, the legislation of the former Party concerning liability for contributions shall apply to him as if he were employed in its territory.

(3) Subject to the provisions of paragraphs (1) and (2) of this article, where a person is employed in a diplomatic mission or consular post of one Party in the territory of the other Party, or in the private service of an official of such a mission or post, the legislation of the latter Party concerning liability for contributions shall apply to him as if he were employed in its territory, unless within three months of the entry into force of this Convention, or within three months of the beginning of the employment in the territory of the latter Party, whichever is later, he chooses to be insured under the legislation of the former Party, provided that he was so insured immediately before the commencement of the employment at that mission or post.

Article 9. The competent authorities of the Parties may agree to modify the provisions of articles 5 to 8 of this Convention in respect of particular persons or categories of persons.

PART III. SPECIAL PROVISIONS

Section 1. SPECIAL PROVISIONS RELATING TO THE APPLICATION OF THE LEGISLATION OF THE UNITED KINGDOM

Article 10. (1) For the purpose of calculating entitlement, under the legislation of the United Kingdom, to a retirement pension in accordance with article 12 of this Convention, or to widows' benefit in accordance with article 16, a person shall be treated as if he, or, in the case of a claim made by a woman by virtue of her husband's residence, her husband, had paid a Class 3 contribution under the legislation of the United Kingdom for any week during which he was resident in Mauritius.

(2) For the purpose of calculating entitlement to a retirement pension under the legislation of Mauritius in accordance with article 12 of this Convention, or for the purpose of calculating entitlement to a widows' benefit under that legislation in accordance with article 16, each week for which a person paid or was credited with a contribution under the legislation of the United Kingdom shall be treated as a week during which the person was resident in Mauritius. For the purpose of determining the number of weeks after 5 April 1975 for which a person has paid or been credited with contributions under the legislation of the United Kingdom, the competent authority of the United Kingdom shall divide the earnings factor achieved by that person in any tax year commencing on or after 6 April 1975 under the legislation specified in article 2(1) (a)(i) and (ii) of this Convention by that year's lower earnings limit. The result shall be expressed as a whole number, any fraction being ignored. The figure so calculated, subject to the maximum of the number of weeks during which the person was subject to that legislation in that year, shall be treated as representing the number of weeks for which the person has paid a contribution during that tax year.

(3) Where it is not possible to determine accurately the periods of time in which certain insurance periods were completed under the legislation of the United Kingdom, such periods shall be treated as if they did not overlap with periods of residence in Mauritius.

Section 2. RETIREMENT PENSION AND WIDOWS' BENEFIT

Article 11. (1) Subject to the provisions of paragraph (3) of this article, where a person is entitled to a retirement pension (other than the basic component of a Category B retirement pension payable to a married woman under the legislation of the United Kingdom by virtue of the contributions of her husband) under the legislation of one Party otherwise than by virtue of the provisions of this Convention, that pension shall be payable and the provisions of article 12 of this Convention shall not apply under that legislation.

(2) For the purpose of determining entitlement to additional component or graduated retirement benefit payable under the legislation of the United Kingdom, no account shall be taken of any contribution period completed under the legislation of Mauritius; and for the purposes of this article and article 12 of this Convention additional component and graduated retirement benefit shall be treated as separate benefits to which the provisions of that article 12 do not apply.

(3) Entitlement to a retirement pension in the circumstances referred to in paragraph (1) of this article shall not preclude either Party from taking into

account in accordance with paragraph (3) or paragraph (4) of article 12 of this Convention insurance periods completed under the legislation of the other Party.

Article 12. (1) The provisions of this article shall apply for the purpose of determining entitlement to retirement pension in respect of a person under the legislation of one Party under which there is no entitlement in respect of that person in accordance with the provisions of article 11 of this Convention.

(2) Subject to the provisions of articles 10 and 13 of this Convention, the insurance authority shall determine:

- (a) The amount of the theoretical pension which would be payable if all the insurance periods completed by that person under the legislation of the United Kingdom were treated as periods of residence in Mauritius, or all periods of residence in Mauritius were treated as insurance periods completed under the legislation of the United Kingdom;
- (b) The proportion of such theoretical pension which bears the same relation to the whole as the total of the insurance periods, or periods of residence, as the case may require, completed by him under the legislation of that Party bears to the total of all the insurance periods, or periods of residence, which he has completed under the legislation of both Parties.

The proportionate amount thus calculated shall, subject to the provisions of articles 13 and 16 of this Convention, be the rate of pension actually payable to that person by the competent institution.

(3) For the purposes of the calculation in paragraph (2) of this article, where all the insurance periods completed by any person under the legislation of either Great Britain, Northern Ireland or the Isle of Man amount to less than one reckonable or, as the case may be, qualifying year, or relate only to periods before 6 April 1975 and in aggregate amount to less than 50 weeks, those periods shall be treated as if they had been completed under the legislation of Mauritius.

(4) For the purpose of the calculation in paragraph (2) of this article, where a period of residence in the territory of Mauritius amounting to fifty-two weeks has not been completed in the period between the person's sixteenth birthday and the end of the tax year prior to that in which that person reaches pension age under that legislation, no account shall be taken of that person's residence under the legislation of Mauritius and it shall, subject to the provisions of article 10(1) of this Convention, be taken into account as if it had been an insurance period completed under the legislation of the United Kingdom.

(5) For the purpose of applying the provisions of paragraph (2) of this article:

- (a) The insurance authority of the United Kingdom shall take account only of periods of residence in Mauritius which would be taken into account for the determination of pensions under the legislation of the former Party if they had been insurance periods completed under the legislation of the United Kingdom, and in relation to a woman shall where appropriate take into account in accordance with that legislation insurance periods or periods of residence completed by her husband;
- (b) No account shall be taken of any graduated contributions paid under the legislation of the United Kingdom before 6 April 1975 and the amount of any graduated retirement benefit payable by virtue of such contributions shall

- be added to the amount of any pension payable in accordance with paragraph (2) of this article under that legislation;
- (c) No account shall be taken under the legislation of the United Kingdom of any insurance period after the person attained pensionable age, but any increase of benefit in respect of such a period under the legislation of the United Kingdom shall be added to any benefit payable under that legislation which has been calculated under paragraph (2) of this article;
 - (d) Where a period of residence completed under the legislation of Mauritius coincides with a voluntary contribution period under the legislation of the United Kingdom, no account shall be taken under the legislation of the latter Party of the voluntary contribution period but the amount of any pension payable under its legislation under the provisions of paragraph (2) of this article shall be increased by the amount by which the pension payable under its legislation would have been increased if all voluntary contributions paid under its legislation had been taken into account;
 - (e) For the purpose of applying the provisions of paragraph (2) of this article, "pension" shall not include any increase payable in respect of a dependent child, but any such increase shall be added to any benefit payable by virtue of the calculation under paragraph (2) of this article, subject to any limitations provided in article 15 of this Convention;
 - (f) Where an equivalent period completed under the legislation of the United Kingdom coincides with a period of residence completed under the legislation of Mauritius, account shall be taken only of the period of residence.

Article 13. (1) Where a person has paid contributions under the legislation of Mauritius for at least twelve qualifying contribution years, any retirement pension to which that person is entitled under the legislation of Mauritius in accordance with the provisions of this Convention or otherwise shall also be payable while that person is in the United Kingdom.

(2) Where a person has paid contributions under the legislation of Mauritius for fewer than twelve qualifying contribution years, any retirement pension to which that person is entitled under the legislation of Mauritius in accordance with the provisions of this Convention or otherwise shall be reduced in accordance with the provisions of paragraph (3) of this article while he is in the United Kingdom.

(3) The pension of a person referred to in paragraph (2) of this article shall not, while he is in the United Kingdom, exceed an amount which is equal to the standard rate of retirement pension payable under the legislation of Mauritius, multiplied by the number of qualifying contribution years which he has completed under that legislation, and divided by twelve.

(4) Where the person concerned is a married woman, for the purpose of calculating the reduction, if any, to be made of her retirement pension in accordance with the foregoing paragraphs of this article, the number of her qualifying contribution years shall be deemed to be either the number she herself has achieved or the number achieved by her husband, whichever is the greater.

Article 14. Where a person does not simultaneously satisfy the conditions for entitlement to a retirement pension under the legislation of both Parties, his entitlement under the legislation of one Party shall be established as and when

he satisfies the conditions laid down by the legislation of that Party. The provisions of article 12 of this Convention shall be applied where there is no entitlement under the provisions of article 11 of this Convention to a retirement pension under the legislation of that Party and his entitlement shall be determined afresh under those provisions when the conditions under the legislation of the other Party are satisfied.

Article 15. (1) The provisions of this article shall apply to any increase of or supplement to a retirement pension under the legislation of either Party in respect of a dependent child or dependent children.

(2) Such increase or supplement shall be payable in accordance with the following provisions:

- (a) Where the person is entitled to a retirement pension only under the legislation of one Party, the increase or supplement shall be payable under the legislation of that Party;
- (b) Where the person is entitled to a retirement pension under the legislation of both Parties, the increase or supplement shall be payable only under the legislation of the Party in whose territory he is ordinarily resident.

Article 16. (1) Subject to the provisions of paragraph (2) of this article, the provisions contained in articles 11 to 15 of this Convention shall apply, with such modifications as the differing nature of the benefit shall require, to widows' benefit.

(2) Where a widow or her late spouse has completed a qualifying contribution year under the legislation of Mauritius, any widows' benefit to which that widow is entitled under the legislation of Mauritius in accordance with the provisions of this Convention, or otherwise, shall also be payable while that widow is in the United Kingdom.

Section 3. BENEFITS FOR INDUSTRIAL INJURIES AND DISEASES

Article 17. (1) Where a person is employed in the territory of one Party and the legislation of the other Party applies to him in accordance with any of the provisions of articles 5 to 9 of this Convention he shall be treated under that legislation for the purpose of any claim for benefit in respect of an industrial accident or an industrial disease contracted during that period of employment, as if the accident had occurred or the disease had been contracted in the territory of the latter Party but injury benefit under the legislation of the United Kingdom or industrial injury allowance under the legislation of Mauritius shall not be payable in respect of that industrial accident or disease for any period before the date on which that person returns to the territory of that latter Party.

(2) Subject to the provisions of paragraph (1) of this article in respect of the payment of benefit, where a person sustains an accident after he leaves the territory of one Party to go in the course of his employment to the territory of the other Party but before he arrives in the latter territory, then, for the purpose of any claim for benefit in respect of that accident:

- (a) The accident shall be treated as if it had occurred in the territory of the Party whose legislation applied to him at the time the accident occurred; and
- (b) His absence from the territory of that Party shall be disregarded in determining whether his employment was as an employed person under that legislation.

(3) Where by virtue of a death resulting from an industrial accident or an industrial disease a benefit would otherwise be payable under the legislation of one Party in respect of a child, that benefit shall not be payable to a person who is permanently resident in the territory of the other Party unless the person is residing with, and is responsible for, the child, or he would be residing with the child but for the temporary absence of the one from the other. Such benefit shall not cease to be payable under the legislation of one or the other Party solely because of the temporary absence of the beneficiary and/or the child in the territory of the other Party.

Section 4. ORPHAN'S BENEFIT

Article 18. (1) For the purpose of any claim for orphan's benefit under the legislation of one Party any insurance period or period of presence completed under the legislation of or in the territory of the other Party, as the case may be, shall be treated as if it were respectively an insurance period or period of presence completed under the legislation of or in the territory of the former Party.

(2) Where orphan's benefit would be payable to a person under the legislation of one Party if that person or the orphan for whom the benefit is claimed were ordinarily resident in the territory of that Party, it shall be paid while that person, or the orphan, is temporarily in, or temporarily resident in, the territory of the other Party and orphan's benefit shall not be payable under the legislation of that other Party.

(3) Subject to paragraph (4) of this article, where a person is ordinarily resident in the territory of one Party, any claim for orphan's benefit in respect of an orphan who is in the territory of either Party shall be made under the legislation of the former Party, and no orphan's benefit shall be payable to that person under the legislation of the other Party in respect of that orphan.

(4) Where orphan's benefit in respect of the same orphan is claimed from one Party by one person and from the other Party by another person, benefit shall be payable only under the legislation of the territory of the Party in which the orphan is ordinarily resident.

(5) Where a contributory orphan's benefit would be payable under the legislation of Mauritius to a person in respect of an orphan if that person and, or, the orphan were in Mauritius, that benefit shall be payable while the person and, or, the orphan is in the United Kingdom.

Section 5. FAMILY ALLOWANCES

Article 19. (1) Where a person and a child for whom he is responsible are resident in the territory of one Party then for the purpose of any claim to family allowance under the legislation of that Party, any period of presence or residence completed by him in the territory of the other Party shall be treated as if it were respectively a period of presence or residence completed in the territory of the former Party.

(2) Where, but for the provisions of this paragraph, family allowance would be payable under the legislation of both Parties for the same period in respect of the same child, whether by virtue of this Convention or otherwise, family allowance shall be paid only under the legislation of the Party in whose territory the child is ordinarily resident.

Section 6. RECOVERY OF ADVANCE PAYMENTS
AND OVERPAYMENTS OF BENEFIT

Article 20. (1) Where a competent institution of one Party has made a payment of any benefit to a person for any period in advance of the period to which it relates or has paid him any benefit for a period, whether by virtue of the provisions of this Convention or otherwise, and the competent institution of the other Party afterwards decides that the person is entitled to benefit for that period under its legislation, the competent institution of the latter Party, at the request of the competent institution of the former Party, shall deduct from the benefit due for that period under its legislation any overpayment which, by virtue of the provisions of this Convention, results from the advance payment or benefit paid by the competent institution of the former Party and shall transmit this sum to the competent institution of the former Party.

(2) Where a person has received supplementary benefit under the legislation of the United Kingdom for a period for which that person subsequently becomes entitled to receive benefit under the legislation of Mauritius, the competent institution of Mauritius, at the request and on behalf of the competent institution of the United Kingdom, shall withhold from the benefit due for that period the amount by which the supplementary benefit paid exceeded what would have been paid had the benefit under the legislation of Mauritius been paid before the amount of supplementary benefit was determined, and shall transfer the amount withheld to the competent institution of the United Kingdom.

PART IV. MISCELLANEOUS PROVISIONS

Article 21. (1) The competent authorities of the two Parties shall establish the administrative measures necessary for the application of this Convention.

(2) The competent authorities of the two Parties shall communicate to each other, as soon as possible, all information about the measures taken by them for the application of this Convention or about changes in their national legislation in so far as these changes affect the application of the provisions of this Convention.

(3) The competent authorities, insurance authorities or competent institutions of the two Parties may, for the purpose of applying the provisions of this Convention, correspond directly with one another, or with any person affected by this Convention, or with his legal representative.

Article 22. (1) The competent authorities, insurance authorities and competent institutions of the two Parties shall assist one another on any matter relating to the application of this Convention as if the matter were one affecting the application of their own legislation. This assistance shall be free of charge.

(2) Where any benefit is payable under the legislation of one Party to a person in the territory of the other Party, the payment may be made by the competent institution of the latter Party at the request of the competent institution of the former Party.
