EXCHANGE OF NOTES CONSTITUTING AN AGREEMENT¹
BETWEEN THE GOVERNMENT OF THE KINGDOM OF THE
NETHERLANDS AND THE GOVERNMENT OF THE UNITED
STATES OF AMERICA REGARDING THE INSTALLATION
AND OPERATION OF A RADIO STATION IN THE EMBASSY
OF THE NETHERLANDS AT WASHINGTON

I

The Department of State refers to Note No. AZ-12808 dated October 10, 1980, from the Royal Netherlands Embassy, requesting approval for the installation and operation of a radio station transmitter-receiver for direct communications with The Hague and as a relay station between the Netherlands and Netherlands Embassies in Central America and South America.

United States intra-governmental procedural formalities, referred to in the Department's Note of October 29, 1980, have been completed. Accordingly, it is suggested it now be agreed that the Government of the Netherlands may install and operate a low-power radio station in the fixed service at or near the site of its Embassy in Washington for the transmission of its official messages to points outside the United States.

The Department is also pleased to furnish the enclosed information sheet² describing technical data which must be submitted by the Embassy before the necessary authorization for the operation of a radio transmitter can be issued.

The Department of State will consider the present note and the Embassy's reply concurring therein as constituting an agreement in principle between the two governments, which will enter into force on the date of the reply note.
