The European Economic Community, hereinafter referred to as “the Community”, and

The Signatory States to this Agreement, hereinafter referred to as “the participating non-Member States”,

Whereas a research project in the field of aquatic biomass was proposed in 1980 by the Norwegian delegation within the framework of European Co-operation in the field of Scientific and Technical Research (COST);

Whereas by its Decision of 12 March 1985 the Council of the European Communities hereinafter referred to as “the Council” adopted a multiannual research action programme for the European Economic Community in the field of biotechnology (1985 to 1989) which includes a concerted action project on aquatic primary biomass (marine macroalgae);

Whereas the Member States of the Community and the participating non-member States, hereinafter referred to as “the States”, and the Community intend, subject to the rules and procedures applicable to their national programmes, to carry out the research described in Annex A; whereas they are prepared to integrate such research into a process of concertation which they consider will be of mutual benefit;

Whereas the implementation of the research covered by the concerted action project will require a financial contribution of about 30 million ECU from the States and the Community,

Have agreed as follows:

Article 1. The Community and the participating non-Member States, hereinafter referred to as “the Contracting Parties”, shall participate for a period extending until 31 December 1989 in a concerted action project in the field of aquatic primary biomass (marine macroalgae).

The project is described in detail in Annex A.

The States remain entirely responsible for the research executed by their national institutions or bodies.

Article 2. Co-operation between the Contracting Parties shall be effected through the Management and Co-ordination Advisory Committee (CGC) in the field of biotechnology, set up by the Council Decision of 29 June 1984 dealing with

The terms of reference and the composition of this enlarged Committee hereinafter referred to as "the Committee" are defined in accordance with the said Decision.

Article 3. In order to ensure optimum efficiency in the execution of this concerted action project, a project leader shall be appointed by the Commission after having consulted the national representatives or experts to the Committee.

- 62,000 ECU from each participating non-Member State.

The ECU is that defined by the Financial Regulation in force applicable to the general budget of the European Communities and by the financial arrangements adopted pursuant thereto.

The rules governing the financing of the Agreement are set out in Annex B.

Article 5. Through the Committee, the States and the Community shall regularly exchange all useful information concerning the execution of the research covered by the concerted action project. The States shall provide the Commission with all information relevant for co-ordination purposes. They shall also endeavour to provide the Commission with information on similar research planned or carried out by other bodies which are not under their authority. Any information shall be treated as confidential if so requested by the State which provides it.

ANNEX B

FINANCING RULES

Article 1. These provisions lay down the financial rules referred to in Article 4 of the Agreement.

Article 2. At the beginning of each financial year, the Commission shall send to each of the participating non-Member States a call for funds corresponding to its share of the annual co-ordination costs under the Agreement, calculated in proportion to the maximum amounts laid down in Article 4 of the Agreement.

This contribution shall be expressed both in ECU and the currency of the participating non-Member State concerned, the value of the ECU being defined in the Financial Regulation applicable to the general Budget of the European Communities and determined on the date of the call for funds.

The total contributions shall cover the travel costs of the national representatives or experts to the Committee, in addition to the co-ordination costs proper which include meetings, contracts to be concluded with persons or bodies in the participating States with a view to ensuring co-ordination and exchange of research workers between laboratories.

Each participating non-Member State shall pay its annual contribution to the co-ordination costs under the Agreement at the beginning of each year, and by 31 March at the latest. Any delay in the payment of the annual contribution shall give rise to the payment of interest by the participating non-Member State concerned at a rate equal to the highest discount rate ruling in the States on the due date. The rate shall be increased by 0.25% for each month of delay. The increased rate shall be applied to the entire period of delay. However, such interest shall be chargeable only if payment is effected more than three months after the issue of a call for funds by the Commission.

Article 3. The funds paid by participating non-Member States shall be credited to the concerted action project as budget receipts allocated to a heading in the statement of the revenue of the general Budget of the European Communities (Commission section).

Article 4. The provisional timetable for the co-ordination costs referred to in Article 4 of the Agreement is appended hereto.

Article 5. The Financial Regulation in force applicable to the general Budget of the European Communities shall apply to the management of the appropriations.

Article 6. At the end of each financial year, a statement of appropriations for the concerted action project shall be prepared and transmitted to the participating non-Member States for information.
