LETTER AGREEMENT¹ BETWEEN THE INTERNATIONAL
ATOMIC ENERGY AGENCY AND THE UNITED STATES OF
AMERICA CONCERNING THE ALLOCATION OF THE UNITED
STATES GIFT OFFER OF SPECIAL NUCLEAR MATERIAL FOR
1989

UNITED STATES MISSION TO THE UNITED NATIONS
SYSTEM ORGANIZATIONS IN VIENNA
VIENNA, AUSTRIA

December 11, 1989

Dear Dr. Blix:

Concerning the allocation of the United States Gift Offer of Special Nuclear Material for 1989, I am pleased to inform you that the United States is prepared to support the request of the Government of the Republic of Zaire in enabling it to acquire an instrumented fuel element for the Triga Mark II research reactor operated by the Atomic Energy Commission of Zaire. The instrumented element is identified as category 204, containing 8.5 percent by weight of uranium enriched to 19.9 percent in the isotope U-235 from G. A. Technologies, Inc., in San Diego, California.

In accordance with established practice, the value of the gift shall be calculated on the basis of prices in effect as of December 31, 1989. The value of the instrumented element in question is approximately \$15,000. Arrangements for shipping, including costs therefor, must remain the responsibility of the Government of the Republic of Zaire. Further, the supply of the element will be subject to the necessary United States export authorization and related conditions consistent with the United States nuclear supply policy as well as conclusion of an appropriate project and supply agreement among the United States, the Agency, and the Government of the Republic of Zaire.

¹ Came into force on 19 December 1989 by signature, in accordance with the provisions of the said Agreement.

If the IAEA is agreeable to the foregoing arrangements, understanding that they are satisfactory to the Government of the Republic of Zaire, I would propose that you countersign both copies of this letter as indicated below. This letter will thereupon constitute the necessary agreement between the Government of the United States of America and the IAEA under which the United States may allocate the gift in question.

Sincerely,

[Signed]

MICHAEL H. NEWLIN
Ambassador
