- (c) in accordance with paragraph 4 of the guidelines, IAEA safeguards shall apply to the material and any material derived from it; and

<sup>1</sup> Came into force on 16 May 1995, the date of the note in reply, in accordance with the provisions of the said notes.

<sup>2</sup> United Nations, *Treaty Series*, vol. 729, p. 161.

(d) in accordance with paragraph 10 of the guidelines the Government of Norway shall not retransfer the material or transfer any materials which may be derived from it and which are identified in the trigger list in Annex A to the guidelines to any third party unless the recipient of the retransfer or transfer shall first have provided the Government of Norway with the same assurances as those required by the United Kingdom Government for the transfer of this material and the Government of Norway is satisfied as to the bona fides of such third party.

The principle of the implementation of safeguards for the material which it is proposed to export from the United Kingdom to Norway having been accepted, and in order that this implementation may be effective, the United Kingdom Government shall confirm officially to the Government of Norway the execution of transfer providing the relevant information as to the quantity and form of the materials, date of despatch and consignee.
